Jugend In Berlin 1933-1943 Ein Bericht:

Jugend in Berlin, 1933-1943 Nicolaus Sombart, 1984 In lebendigen Schilderungen und zahlreichen Porträts fängt der Sohn des Soziologen die untergegangene bürgerliche Welt ein [Historical Dictionary of Berlin](#) Ulrike Zitzlsperger, 2021-01-21 After World War II Berlin became one of the playgrounds of the Cold War the Berlin Wall made the division between East and West between capitalism and communism in 1961 highly visible though it did remove Berlin from front line politics East and West Berlin had turned into shop windows of ideologies West Berlin representing the lure of a market economy East Berlin the promise of socialism It is then fitting that the fall of the Wall in 1989 awarded Berlin such a prominent role It was here that the development after Reunification of East and West became a closely observed event and well beyond Germany Berlin appeared to represent fundamental developments throughout Europe at the time Today Berlin is the capital of reunified Germany and therefore one of the key political players in the European Union EU and it's now a desirable destination for young entrepreneurs The Historical Dictionary of Berlin contains a chronology an introduction and an extensive bibliography The dictionary section has more than 300 cross referenced entries on important personalities places institutions and events This book is an excellent resource for students researchers and anyone wanting to know more about Berlin

Shakespeare's Fascist Followers Richard Wilson, 2025-08-21 Richard Wilson's meticulously researched powerfully argued and brilliantly written account of Shakespeare's 20th century fascist followers is not just an important but a genuinely essential book Robert Shaughnessy Guildford School of Acting UK In this illuminating book Richard Wilson demonstrates how in the 20th century Shakespeare's plays and poems were persistently misread as documents which voiced the fascist sympathies of their author Wilson argues that the version of Shakespeare this caricature produced authoritarian jingoistic racially intolerant misogynistic was viewed with satisfaction by many of the leading figures of the century's cultural establishment in Britain and America while noting striking cases of the same bias in Germany and France Some of the names this book focuses on will surprise many of the right wing political views or leanings of the prominent figures discussed have been left unexplored or ignored from A K Chesterton who was both editor of the British Union of Fascists newspaper Blackshirt and former manager of press and publicity at the Shakespeare Memorial Theatre to celebrated Shakespeareans such as G Wilson Knight and writers artists and theatre practitioners including W B Yeats T S Eliot Edward Gordon Craig and Marshall McLuhan At a time when democracy is under threat populism is on the rise and far right views are increasingly prominent in our political discourse Richard Wilson's book makes an especially vital contribution to Shakespeare scholarship

Metropolis Berlin Iain Boyd Whyte, David Frisby, 2012-11-27 Metropolis Berlin 1880-1940 reconstitutes the built environment of Berlin during the period of its classical modernity using over two hundred contemporary texts virtually all of which are published in English translation for the first time They are from the pens of those who created Berlin as one of the world's great cities and those who observed this process architects city planners sociologists political theorists historians

cultural critics novelists essayists and journalists Divided into nineteen sections each prefaced by an introductory essay the account unfolds chronologically with the particular structural concerns of the moment addressed in sequence be they department stores in 1900 housing in the 1920s or parade grounds in 1940 Metropolis Berlin 1880 1940 not only details the construction of Berlin but explores homes and workplaces public spaces circulation commerce and leisure in the German metropolis as seen through the eyes of all social classes from the humblest inhabitants of the city slums to the great visionaries of the modern city and the demented dictator resolved to remodel Berlin as Germania High Society in the Third Reich Fabrice D'Almeida, 2008-12-22 This book is the first systematic study of the relations between German high society and the Nazis It uses unpublished archival material private diaries and diplomatic documents to take us into the hidden areas of power where privileges tax breaks and stolen property were exchanged Fabrice D Almeida begins by examining high society in the Weimar period dominated by the old imperial aristocracy and a new republican aristocracy of government officials and wealthy businessmen It was in this group that Hitler made his social debut in the early 1920s through the mediation of conservative friends and artists including the family of the composer Richard Wagner By the end of the 1920s he enjoyed wide support among socialites who played a significant role in his access to power in 1933 Their adherence to the Nazi regime and the favors they received in return continued and even grew until defeat loomed on the horizon D Almeida shows how members of German high society sought to outdo each other in showing zealous support for Hitler how the old elites starting with the Kaiser's sons partied alongside parvenus and how actors aristocrats SS technocrats and diplomats came together to form a strange imperial court Women also played a role in this theatre of power they were persuaded that they had gained in dignity what they had lost in civil rights There emerges a fascinating and disturbing picture of a group that allowed nothing not war the plundering of Europe nor the extermination of peoples to alter their cynical enjoyment of pleasures hunting regattas the opera balls dinners and tennis More than a study of a class or a chronicle this book lifts the veil that has concealed a society that used secrecy to protect itself High Society in the Third Reich makes an important and unique contribution to the current reevaluation of the extent to which German society including German high society was responsible for Hitler's accession to power and the crimes that were committed by his regime *Ernst Kantorowicz* Robert L. Benson, 1997 Vorliegender Sammelband spiegelt die internationale Diskussion die derzeit ueber Kantorowicz gefuehrt wird er liefert ueber E Gruenewalds Studie Ernst Kantorowicz und Stefan George 1982 und O G Oexles verdienstvollen Aufsatz Das Mittelalter als Waffe 1996 hinaus dazu einen weiteren bedeutsamen Beitrag Das Historisch Politische Buch Trotz K's Vernichtungsauftrag zu seinem Nachla werden hier bisher unverffentlichte Dokumente vorgestellt Fundierte Analysen seiner Gedankenwelt wechseln sich ab mit pers nlichen Erinnerungen an den Gelehrten Historisches Jahrbuch Inhalt R L Benson J Fried Einleitung M Gr fin D nhoff Ernst Kantorowicz R E Lerner Meritorious Academic Service O G Oexle The Middle Ages as a Weapon H Belting Images in History and Images of History R E Lerner Kantorowicz and

Green, Douglas W. Stott, 2008-06-05 900 pages of never before translated Bonhoeffer works Illuminating essays letters and lectures clarify Bonhoeffer s biographical and theological path **The Oxford Handbook of Carl Schmitt** Jens Meierhenrich, Oliver Simons, 2016-12-13 The Oxford Handbook of Carl Schmitt collects thirty original chapters on the diverse oeuvre of one of the most controversial thinkers of the twentieth century Carl Schmitt 1888 1985 was a German theorist whose anti liberalism continues to inspire scholars and practitioners on both the Left and the Right Despite Schmitt s rabid anti semitism and partisan legal practice in Nazi Germany the appeal of his trenchant critiques of among other things aestheticism representative democracy and international law as well as of his theoretical justifications of dictatorship and rule by exception is undiminished Uniquely located at the intersection of law the social sciences and the humanities this volume brings together sophisticated yet accessible interpretations of Schmitt s sprawling thought and complicated biography The contributors hail from diverse disciplines including art law literature philosophy political science and history In addition to opening up exciting new avenues of research The Oxford Handbook of Carl Schmitt provides the intellectual foundations for an improved understanding of the political legal and cultural thought of this most infamous of German theorists A substantial introduction places the trinity of Schmitt s thought in a broad context **Germany's Other Modernism** Meike Werner, 2023 Demonstrates contrary to conventional wisdom that European modernism developed not only in the great metropolitan centers but also in provincial cities such as Jena The conventional wisdom is that the cultural sea change that was European modernism arose in urban centers like Berlin Paris Munich and Vienna Meike G Werner s book now in English translation is a study of modernism in the provinces Taking the small provincial city of Jena as a paradigmatic case it re creates the very different social and intellectual framework in which modernist experimentation occurred beyond the metropolitan centers Invented traditions social and spatial liminality and new ideas of social and aesthetic transformation combined in Jena to create a unique moment of cultural innovation In the years leading up to the First World War the Jena publisher Eugen Diederichs envisioned and guided the development of this alternative modernism Taken up by young writers including Diederichs s wife Helene Voigt Diederichs numerous intellectual outsiders from across Germany Austria and Switzerland and members of the Free Student movement and of Jena s Sera Circle this other modernism was above all a youth movement full of energy and bold optimism Figures such as Rudolf Carnap Wilhelm Flitner Hans Freyer Karl Korsch and Elisabeth Busse Wilson emerged from this Jena paradigm Werner pieces together the story of

Jena's modernism in its full richness complexity and inner contradictions *ZeitGeschichten: die Berliner Übergangsjahre* Ulrike Zitzlsperger, 2007 Berlin spielt seit 1989 bei den Diskussionen um das Thema Metropole eine besondere Rolle Die mit dem Fall der Mauer einsetzenden bergangsjahre waren vom Wissen um einen allgegenwärtigen Wandel und von der besonderen wenn auch vorübergehenden Qualität des Unfertigen geprägt In diesem Zeitraum sind für Berlin neue Erzählzusammenhänge bezeichnend die einerseits im Kontext der Stadtgeschichte zu verstehen sind und sich andererseits gezielt mit der Gegenwart auseinandersetzen Der Entwurf temporärer Berlinbilder trug zur neuerlichen Verortung der vormals politisch determinierten Stadt bei Die Thematisierung Berlins in einer Phase des nicht mehr und noch nicht wird in diesem Buch unter anderem anhand der Stadtplanung und Architektur des Marketings der Fotografie des Dokumentarfilms des Stadtmythos und der Literatur behandelt Balibar and the Citizen Subject Warren Montag, 2017-02-03 Explores the core of Balibar's work since 1980 This collection explores Balibar's rethinking of the connections between subjection and subjectivity by tracing the genealogies of these concepts in their discursive history The 12 essays provide an overview of Balibar's work after his collaboration with Althusser They explain and expand his framework in particular by restoring Arabic and Islamic thought to the conversation on the citizen subject The collection includes two previously untranslated essays by Balibar himself on Carl Schmitt and Thomas Hobbes Key Features The first English language edited collection to focus on Balibar Presents and explains Balibar's key contributions to political theory and the history of political philosophy Includes two essays by Balibar himself on Carl Schmitt and Thomas Hobbes Schmitt's Hobbes Hobbes Schmitt and The Mortal God and his Faithful Subjects Hobbes Schmitt and the Antinomies of Secularism Contributors include Atienne Balibar Nancy Armstrong Giorgos Fourtounis Mohamed Moulfi **Reformers, Critics, and the Paths of German Modernity** Kevin Repp, 2000 Modernity was an inescapable fact of life for the first generation to come of age in the German Empire Even the most extreme political opponents saw the chaotic transformation of all spheres of life in the wake of industrial capitalism as the central problem facing young men and women at the fin de siècle This fresh look at Wilhelmine perceptions of modernity challenges both the traditional emphasis on anti modernism as a peculiarly German response that led to the rise of National Socialism and the more recent post Foucauldian studies on the pathologies of modernity which point instead to an unreflective faith in science and efficiency on the part of German progressives Shifting the focus away from radical extremes on either side Kevin Repp explores the more moderate agendas of hundreds of mainstream intellectuals and activists from diverse social backgrounds who sought to surmount the human costs of industrialization without relinquishing its positive potential Repp combines detailed case studies of Adolf Damaschke Gertrud Bumer and Werner Sombart with an innovative prosopography of their milieu to show how leading reformers enlisted familiar tropes of popular nationalism eugenics and cultural pessimism in formulating pragmatic solutions that would be at once modern and humane Easily obscured by radical voices on right and left this quiet search for alternatives nevertheless succeeded in building a nationwide network of

educational centers associative ties and institutions that substantially altered the landscape of Wilhelmine political culture in the decades before the First World War

Nazis and Nobles Stephan Malinowski, 2020-12-10 In the mountain of books that have been written about the Third Reich surprisingly little has been said about the role played by the German nobility in the Nazis rise to power While often confidently referred to the fateful role played by the German nobility is rarely if ever investigated in any real detail Nazis and Nobles now fills this gap providing the first systematic investigation of the role played by the nobility in German political life between Germany's defeat in the First World War in 1918 and the consolidation of Nazi power in the 1930s As Stephan Malinowski shows the German nobility was too weak to prevent the German Revolution of 1918 but strong enough to take an active part in the struggle against the Weimar Republic In a real twist of historical irony members of the nobility were as prominent in the destruction of Weimar democracy as they were to be years later in Graf Stauffenberg's July 1944 bomb plot against Hitler In this skilful portrait of an aristocratic world that was soon to disappear Malinowski gives us for the first time the in depth story of the German nobility's social decline and political radicalization in the inter war years and the troubled alliance to which this was to lead between the majority of Germany's nobles and the National Socialists

Werner Sollors Reader Werner Sollors, 2025-01-31 Born in Silesia raised in the Frankfurt area and educated in Berlin Werner Sollors has spent most of his career at Harvard University in the United States and is regarded in Cornel West's words as one of the finest scholars that we have on race and cultural hybridity in both this country and the world This Reader offers the first comprehensive overview of the work of a central figure in the field of ethnic studies The pieces collected here range from Puritan New England to contemporary Germany from Exodus to Mary Antin's Promised Land from the Curse of Ham to Teju Cole They attest to Sollors deep historical sensibilities his attention to textual detail and his awareness of the costs and opportunities of both cosmopolitan ideals and particularist commitments whilst addressing a central question why does modernisation take the form of ethnicisation in many places around the globe The collected essays are complemented by a detailed introduction by Daniel G Williams which foregrounds some of the key emphases and tensions in Sollors writings

Beyond the Conceivable Dan Diner, 2023-12-22 The major essays of Dan Diner who is widely read and quoted in Germany and Israel are finally collected in an English edition They reflect the author's belief that the Holocaust transcends traditional patterns of historical understanding and requires an epistemologically distinct approach One can no longer assume that actors as well as historians are operating in the same conceptual universe sharing the same criteria of rational discourse This is particularly true of victims and perpetrators whose memories shape the distortions of historical narrative in ways often diametrically opposed The essays are divided into three groups The first group talks about anti-Semitism in the context of the 1930s and the ideologies that drove the Nazi regime The second group concentrates on the almost unbelievably different perceptions of the Final Solution with particularly illuminating discussions of the Judenrat or Jewish council The third group considers the Holocaust as the subject of narrative and historical memory

Diner focuses above all on perspectives the very notions of rationality and irrationality are seen to be changeable depending on who is applying them And because neither rational nor irrational motives can be universally assigned to participants in the Holocaust Diner proposes from the perspective of the victims the idea of the counterrational His work is directed toward developing a theory of Holocaust historiography and offers clearly and coherently the highest level of reflection on these problems The major essays of Dan Diner who is widely read and quoted in Germany and Israel are finally collected in an English edition They reflect the author's belief that the Holocaust transcends traditional patterns of historical understanding and requires a *Spatiality, Sovereignty and Carl Schmitt* Stephen Legg, 2011-05-17 The aim of this book is to bring together geographers and Schmitt experts who are attuned to the spatial dimensions of his work to discuss *The Nomos of the Earth in the International Law of the Jus Publicum Europaeum* Schmitt 1950 2003 **Petre Tutea** Alexandru

Popescu, 2018-01-16 Petre Tutea 1902 91 was one of the outstanding Christian dissident intellectuals of the Communist era in Eastern Europe Revered as a saint by some he spent thirteen years as a prisoner of conscience and twenty eight years under house arrest at the hands of the Securitate This book explores his unique response to the horrors of torture and re education and reveals the experience of a whole generation detained in the political prisons Tutea's understanding of human needs and how they can be fulfilled even amidst extreme adversity not only reflects huge learning and great brilliance of mind but also offers a spiritual vision grounded in personal experience of the Romanian Gulag Following the fall of the Ceausescus he has begun to emerge as a significant contributor to ecumenical Christian discourse and to understanding of wider issues of truth and reconciliation in the contemporary world As Tutea's pupil and scribe for twelve years as a psychiatrist and as a theologian Alexandru Popescu is uniquely placed to present the work of this twentieth century Confessor of the faith Drawing on bibliographical sources which include unpublished or censored manuscripts and personal conversations with Tutea and with other prisoners of conscience in Romania Popescu presents extensive translations of Tutea which make his thought accessible to the English speaking reader for the first time Through his stature as a human being and his authority as a thinker Petre Tutea challenges us to question many of our assumptions The choice he presents between sacrifice and moral suicide focuses us on the very essence of religion and human personhood Resisting any ultimate separation of theology and spirituality his work affirms hope and love as the sole ground upon which truth can be based At the same time hope and love are not mere ideal emotions but are known and lived in engagement with the real world in politics economics science ecol

Jugend 1945 , 2013-03-09 Autobiographische Literatur von Autorinnen und Autoren die bei Kriegsende 1945 zur Generation der Jugendlichen geh6rten 165 6 1 Einfiihrung 1 1 Ausgangspunkt der Untersuchung Die SchluBphase des Nationalsozialismus ist Hingst nicht so gut erforscht wie die Anfangsphase oder die Zeit seiner auBen und innenpolitischen Er folge Daran liegt es daB eine Reihe von Fragen noch nicht differenziert beantwortet werden kann darunter auch Fragen von aktueller Bedeutung die heute noch die Offentlichkeit bewegen und die mit der demokratischen Identitat unserer

Gesellschaft verknüpft sind. Es geht in diesem Buch um die Frage, wie tief und fest verankert der Nationalsozialismus in den Köpfen der jungen Leute war und auf welchen Wegen Umwege und Holzwege eingeschlossen so etwas wie ein demokratisches Bewußtsein erlangt wurde. Die Irritationen begannen bereits beim Einmarsch der Alliierten. Golo Mann, der als amerikanischer Soldat mit dabei war, schrieb mit unglaublichem Staunen, fanden die Alliierten daß es in dem Land, das zwölf Jahre lang vom Nationalsozialismus regiert worden war, eigentlich überhaupt keine Nationalsozialisten gab. Mit dem Wörtchen eigentlich läßt er offen, ob sich die Nazis tarnten und versteckten oder ob mit dem Ende des Dritten Reiches und mit Hitlers Tod auch der Nationalsozialismus in den Köpfen der Menschen zerstört wurde.

Economic Growth and the Origins of Modern Political Economy Philipp R. Rössner, 2016-05-12. Economic Growth and the Origins of Modern Political Economy addresses the intellectual foundations of modern economic growth and European industrialization. Through an examination both of the roots of European industrialization and of the history of economic ideas, this book presents a uniquely broad examination of the origins of modern political economy. This volume asks what can we learn from old theories in terms of our understanding of history, our economic fate today, and the prospects for the modern world's poorest countries. Spanning across the past five hundred years, this book brings together leading international contributors, offering comparative perspectives with countries outside of Europe in order to place the evolution of modern economic knowledge into a broader reference framework. It integrates economic discourse and the intellectual history of political economy with more empirical studies in economic history and the history of science. In doing so, this innovative volume presents a coherent and innovative new strategy towards a reconfiguration of the history of modern political economy. This book is suitable for those who study history of economic thought, economic history, or European history.

Capitalism as Hassliebe: Werner Sombart (1863-1941) Henryk Szlajfer, 2025-07-24. Werner Sombart, seen both as a path-breaking innovative economic historian who invented the concept of the Spätkapitalismus (Late Capitalism) and the follower for some time of Hitler's National Socialism, is still a forgotten major figure in German social science. As the author of a widely known exposition on socialism and social movements, trade unions, the monumental *Der moderne Kapitalismus* and a controversial monograph on the role of the Jews in the birth of capitalism, he is shown in this book in the broader context of the disputes in the first decades of the 20th century involving Marxists, German Jews, and his friend Max Weber.
