Becoming 'Good Muslim' Bulbul Siddiqi, 2017-11-28
 The book uses an ethnographic approach to explore why the Tablighi Jamaat movement remains so successful in contemporary times. It shows that this success results from the positive image that it cultivates and the systematic preaching activities of Tablighi Jamaat followers and that the organisation's apolitical image, the public profile of the ijtema, the humbleness of Tablighi followers and the attraction of belonging to the global Tablighi community all help to create a positive image of the Tablighi Jamaat among ordinary Muslims. The book also argues that the Tablighi Jamaat remains successful because of its ability to hold its followers within a Tablighi guided life which is perceived as protection against the Western lifestyle. Many elements of contemporary Western lifestyle are considered non-Islamic and so by clearly defining what is Islamic and non-Islamic in modern society the Tablighi Jamaat provides a way in which Muslims can live in the contemporary world but remain good Muslims.

Presenting Islam Today - Challenges and Thought Share Mirza Yawar Baig, 2012-12-05
 Allah made Da'awa Fardh on all the Muslims. To show us how to do it, He sent His Anbiya and told His Nabi Muhammad SAW to follow their way. So the way of Rasoolullah SAW is not only the best way in every phase and aspect of life but most of all in the purpose for which he was sent. Da'awatul Islam Today in our anxiety to take the message of Islam to the world, we tend to disregard the basic principles of this work and get caught up in Western concepts and lose our very identity as Muslims. Some have been so confused as to make Da'awa a means of earning their own livelihood which goes against the very spirit of Islam and against the single most critical differentiator, the common factor of every Nabi that Allah mentioned more than ten times in the Qur'an: Yunus 10:72, Hud 11:51, Hud 11:29, Shu'ara 26:127, Shu'ara 26:109, Shu'ara 26:145, Shu'ara 26:164, Shu'ara 26:180, Saba 34:47, An'am 6:90. This booklet attempts to emphasize the importance of Da'awa and of following the Sunnah in doing it so that we are not deprived of the Baraka of this greatest of human endeavors to save all mankind from the anger of Allah. We ask Allah for His Pleasure.
Islamic Education in the Soviet Union and Its Successor States Michael Kemper, Raoul Motika, 2009-09-11
 This book provides a comparative history of Islamic education in the Soviet Union and the post-Soviet countries. Case studies on Ukraine, Azerbaijan, Kazakhstan, Uzbekistan, and Tajikistan, and on two regions of the Russian Federation, Tatarstan and Dagestan, highlight the importance which Muslim communities in all parts of the Soviet Union attached to their formal and informal institutions of Islamic instruction. New light is shed on the continuity of pre-revolutionary educational traditions including Jadidist ethics and teaching methods throughout the New Economic Policy.

period 1921 1928 on Muslim efforts to maintain their religious schools under Stalinist repression and on the complete institutional breakdown of the Islamic educational sector by the late 1930s A second focus of the book is on the remarkable boom of Islamic education in the post Soviet republics after 1991 Contrary to general assumptions on the overwhelming influence of foreign missionary activities on this revival this study stresses the primary role of the Soviet Islamic institutions which were developed during and after the Second World War and of the persisting regional and even international networks of Islamic teachers and muftis Throughout the book special attention is paid to the specific regional traditions of Islamic learning and to the teachers affiliations with Islamic legal schools and Sufi brotherhoods The book thus testifies to the astounding dynamics of Islamic education under rapidly changing and oftentimes extremely harsh political conditions

Muslim Religiosity in the Digital Transformation Ednan Aslan, Erol Yildiz, 2024-10-29 The effects of social media can be observed particularly in relation to the religious commitment and religious practices of young people who today are summarized under terms such as internet generation media generation or digital natives Online media exert a major influence on their lives their understanding of the world their religious orientations and actions Their identity constructions their cultural and religious orientations are closely intertwined with social media This is precisely where the present study started with the question of what subjective consequences interaction on the social web has for the religious orientations practices and self conceptions of Muslim young people in Austria The focus was on the connections between media use media images of Islam and lived religiosity On the one hand the results show that the use of social media creates objective spaces of opportunity that can go hand in hand with an expansion of individual scope for action whereby religious authority is increasingly being questioned On the other hand the study also shows that the use of digital media can also lead to a narrowing of individual religious orientations

Lessons from Qur'an Mohsin Qaraati - XKP, 2015-11-04 The Book in hand is the compilation of the series of lectures that were delivered to a select group of young men over a long period of time by Professor Mohsin Qara ati The series of lectures contained in this book have been based on Qur anic verses and the sayings of the Holy Prophet and his Chosen descendants peace be on them with logical conclusions and connotations of the subject matter being dealt with therein Unfamiliar terms and unnecessary details have been avoided Another noteworthy point worth mentioning is that these lessons were primarily addressed to and meant for the pupils who were about 18 years of age Besides the problems that have been discussed in these lessons were solved by citing examples and quoting proverbs Hence the problems appear to be interesting and the solution obtained by logic and reasoning are easily understood In conclusion this book deals with all the vital problems that confront our younger generation We hope that this comprehensive book will also help those who are engaged in teaching and learning the principles of Islam We pray to Almighty Allah to grant us enough strength to acquaint the people in large numbers with the teachings of Islam This book is one of the many Islamic publications distributed by Ahlulbayt Organization throughout the world in different languages with the aim of conveying the
