OF A CRITICAL COMPANION

Edited by Thomas Pfau and Robert F. Gleckner

# Lessons Of Romanticism A Critical Companion

**Murray J. Evans**

## **Lessons Of Romanticism A Critical Companion:**

**Lessons of Romanticism** Thomas Pfau, Robert F. Gleckner, 1998 Explores how the Romantic period gave birth to a seductive cognitive cultural program that retains far reaching implications for contemporary views on individuality and relationships between the individual and larger groups of identification Established

**The Romanticism Handbook** Sue Chaplin, Joel Faflak, 2011-03-10 A one stop resource containing introductory material through to practical case studies in reading primary and secondary texts to introducing criticism and new directions in research

*A Handbook of Romanticism Studies* Joel Faflak, Julia M. Wright, 2016-01-19 The Handbook to Romanticism Studies is an accessible and indispensable resource providing students and scholars with a rich array of historical and up to date critical and theoretical contexts for the study of Romanticism Focuses on British Romanticism while also addressing continental and transatlantic Romanticism and earlier periods Utilizes keywords such as imagination sublime poetics philosophy race historiography and visual culture as points of access to the study of Romanticism and the theoretical concerns and the culture of the period Explores topics central to Romanticism studies and the critical trends of the last thirty years

Charlotte Smith Jacqueline M. Labbe, 2003 Smith is shown to be both an innovator and a significant figure in understanding Romantic conceptions of gender As the first book devoted to a serious critical study of Smith's poetry Charlotte Smith Romanticism poetry and the culture of gender will appeal to professional scholars and students alike Jacket

*Romantic Capabilities* Mike Goode, 2020-10-02 Romantic Capabilities discusses the relationship between popular new media uses of literary texts Devising and modelling an original critical methodology that bridges historicist literary criticism and reception studies with media studies and formalism this volume contends that how a literary text behaves when it encounters new media reveals medial capabilities of the text that can transform how we understand its significance for the original historical context for which it was created Following an introductory theoretical chapter that explains the book's unconventional approach to the archive Romantic Capabilities analyzes significant popular media behaviors exhibited by three major Romantic British literary corpuses the viral circulation of William Blake's pictures and proverbs across contemporary media the gravitation of Victorian panorama painters and 3D photographers to Walter Scott's historical fictions and the ongoing popular practice of writing fanfiction set in the worlds of Jane Austen's novels and their imaginary country estates The result is a book that reveals Blake to be an important early theorist of viral media and the law Scott's novels to be studies in vision that helped give rise to modern immersive media and Austenian realism to be a mode of ecological design whose project fanfiction grasps and extends It offers insight into the politics of virality the dependence of immersion on a sense of frame and the extent to which eighteenth century landscape gardening anticipated Deleuzian ideas of the virtual by granting existence to reality's as yet unrealized capabilities

Essays on Byron in Honour of Dr Peter Cochran Peter Graham, Mirka Horová, Malcolm Kelsall, 2019-01-08 Byron wrote that he was born for opposition This collection of essays takes Byron at his word and explores ways in which he challenged

received opinion in his lifetime The essays also challenge commonplace attitudes in criticism of Byron today In this the volume honours the remarkable range of work of the late Dr Peter Cochran The matters covered here are Byron's poetics his ideology and the principles and practice of editing his texts Jerome J McGann opens the poetics section by examining lyric writing in a Byronic perspective In the lead essay on ideology Bernard Beatty asks whether we should rethink Byron as a whole A substantial addition to Byron's correspondence is made by Andrew Stauffer beginning the editing section In all this book gathers original contributions from sixteen international scholars and friends of Peter Cochran The accessible engaging style makes their work suitable for all readers of Byron as well as undergraduates and professional academics *Romantic Generations* Robert F. Gleckner, 2001 These essays express a common belief that the study of Romantic literature must be at once professionally serious and personally engaging Topics discussed range from Wordsworth to Lady Caroline Lamb and from Blake and Burke to the contemporary Irish poet Paul Muldoon Each essay also offers close readings of essential works on English and Irish Romanticism Introducing the collection is a tribute by the celebrated Romanticist Peter Manning

**The Romantic Poetess** Patrick H. Vincent, 2004 An elegant and provocative study of the literary and political effects of the work of romantic poetesses in England France and Russia **Romantic Austen** Clara Tuite, 2002-02-28 A full length scholarly monograph examining Jane Austen's writings within the traditions of Romanticism **Women, Love, and Commodity Culture in British Romanticism** Daniela Garofalo, 2016-02-17 Offering a new understanding of canonical Romanticism Daniela Garofalo suggests that representations of erotic love in the period have been largely misunderstood Commonly understood as a means for transcending political and economic realities love for several canonical Romantic writers offers instead a contestation of those realities Garofalo argues that Romantic writers show that the desire for transcendence through love mimics the desire for commodity consumption and depends on the same dynamic of delayed fulfillment that was advocated by thinkers such as Adam Smith As writers such as William Blake Lord Byron Sir Walter Scott John Keats and Emily Brontë engaged with the period's concern with political economy and the nature of desire they challenged stereotypical representations of women either as self-denying consumers or as intemperate participants in the market economy Instead their works show the importance of women for understanding modern economics with women's desire conceived as a force that not only undermines the political economy's emphasis on productivity growth and perpetual consumption but also holds forth the possibility of alternatives to a system of capitalist exchange **British Logic in the Nineteenth Century** Dov M. Gabbay, John Woods, 2008-03-10 The present volume of the Handbook of the History of Logic is designed to establish 19th century Britain as a substantial force in logic developing new ideas some of which would be overtaken by and other that would anticipate the century's later capitulation to the mathematization of logic British Logic in the Nineteenth Century is indispensable reading and a definitive research resource for anyone with an interest in the history of logic Detailed and comprehensive chapters covering the entire range of modal logic Contains the latest scholarly

discoveries and interpretative insights that answer many questions in the field of logic      Seeing Suffering in Women's Literature of the Romantic Era Elizabeth A. Dolan, 2016-12-05 Arguing that vision was the dominant mode for understanding suffering in the Romantic era Elizabeth A Dolan shows that Mary Wollstonecraft Charlotte Smith and Mary Shelley experimented with aesthetic and scientific visual methods in order to expose the social structures underlying suffering Dolan's exploration of illness healing and social justice in the writings of these three authors depends on two major questions How do women writers innovations in literary form make visible previously unseen suffering And how do women authors portray embodied vision to claim literary authority Dolan's research encompasses a wide range of primary sources in science and medicine including nosology health travel botany and ophthalmology allowing her to map the resonances and disjunctions between medical theory and literature This in turn points towards a revisioning of enduring themes in Romanticism such as the figure of the Romantic poet the relationship between the mind and nature sensibility and sympathy solitude and sociability landscape aesthetics the reform novel and Romantic era science Dolan's book is distinguished by its deep engagement with several disciplines and genres making it a key text for understanding Romanticism the history of medicine and the position of the woman writer during the period      *Reading with John Clare* Sara Guyer, 2015-05-01 Reading with John Clare argues that at the heart of contemporary biopolitical thinking is an insistent repression of poetry By returning to the moment at which biopolitics is said to emerge simultaneously with romanticism this project renews our understanding of the operations of contemporary politics and its relation to aesthetics across two centuries Guyer focuses on a single exemplary case the poetry and autobiographical writing of the British poet John Clare 1793-1864 Reading Clare in combination with contemporary theories of biopolitics Guyer reinterprets romanticism's political legacies specifically the belief that romanticism is a direct precursor to the violent nationalisms and redemptive environmentalisms of the twentieth and twenty-first centuries Guyer offers an alternative account of many of romanticism's foundational concepts like home genius creativity and organicism She shows that contemporary critical theories of biopolitics despite repeatedly dismissing the aesthetic or poetic dimensions of power as a culpable ideology emerge within the same rhetorical tradition as the romanticism they denounce The book thus compels a rethinking of the biopolitical critique of poetry and an attendant reconsideration of romanticism and its concepts      *Recognizing the Romantic Novel* Jillian Heydt-Stevenson, Charlotte Sussman, 2010-01-01 The field of literature changed dramatically at the end of the eighteenth century as under the shadow of Romanticism the novel became the most important literary genre of its day Often neglected the novels of the Romantic era puzzle critics yet are much more concerned with the unexpected the unconventional and the uncanny than their immediate predecessors or successors and their authors include some of the most important novelists of British literary history Jane Austen Fanny Burney James Hogg Mary Shelley and Sir Walter Scott among them Featuring contributions from distinguished scholars in the field *Recognizing the Romantic Novel* evaluates the vibrancy and centrality of the Romantic novel showcasing

the important new voices and directions in the field and showing it can hold its own in the canon of literary scholarship These essays offer us a lens through which we may recognize the Romantic novel as it has never been recognized before Times Literary Supplement

**Jane Austen and the Romantic Poets** William Deresiewicz, 2005-01-05 This elegant and thoughtful work offers an important new way of understanding Jane Austen by defining the fundamental impact and influence of British Romanticism on her later novels In comparing the earlier and later phases of Austen's career Deresiewicz addresses an important yet neglected issue regarding her work the longstanding critical consensus that Austen's last three novels *Mansfield Park* *Emma* and *Persuasion* represent far greater artistic achievements than do her first three *Northanger Abbey* *Sense and Sensibility* and *Pride and Prejudice* *Jane Austen and the Romantic Poets* offers a rich account of the differences between the two phases of Austen's career In doing so it contextualizes her later novels within the British Romantic movement and the works of Wordsworth Coleridge Scott and Byron Through close readings of *Mansfield Park* *Emma* and *Persuasion* Deresiewicz reveals the importance of Romantic ideas in Austen's later work considering the ways in which the novels investigate hidden mechanisms of psychic and affective life including substitution ambiguous relationships and widowhood Deresiewicz's innovative approach and its emphasis on Romanticism opens up new perspectives on Austen's later novels by exploring their patterns of imagery narrative logics and social and historical dimensions

**Letters from Khartoum. D.R. Ewen** Russell McDougall, 2021-07-19 *Letters from Khartoum* is a partial biography of Scottish educator D R Ewen who taught English Literature at the University of Khartoum from the time of the Anglo Egyptian Condominium through to Independence and the October 1964 Revolution The administrative history of the then unified nation North Middle Eastern and South African makes the Sudan a unique setting to explore the workings of colonial education The purpose of teaching English literature there was to remake the Muslim Sudanese of the North as the proxy agents of British culture who would administrate the first independent nation in Africa But Ewen also was remade in the process by his relationships with his students and colleagues and by his own teaching innovations

*Sublime Coleridge* M. Evans, 2016-01-08 *Sublime Coleridge* focuses on the role of the *Opus Maximum* in explaining Samuel Taylor Coleridge's ideas about religion psychology and the sublime This book is an introduction a reader's guide and an interpretation of this central text in British Romanticism

**Coleridge's Sublime Later Prose and Recent Theory** Murray J. Evans, 2023-06-17 This book explores the sublime in Samuel Taylor Coleridge's later major prose in relation to more recent theories of the sublime Building on the author's previous monograph *Sublime Coleridge: The Opus Maximum* this study focuses on sublime theory and discourse in Coleridge's other major prose texts of the 1820s *Confessions of an Inquiring Spirit* 1824 *Aids to Reflection* 1825 and *On the Constitution of the Church and State* 1829 This book thus ponders the constellations of aesthetics literature religion and politics in the sublime theory and practice of this central Romantic author and three of his important successors Julia Kristeva Theodor Adorno and Jacques Rancière

*Victorian Soul-Talk* Julia F. Saville, 2017-05-19 This book

explores the decades between the Reform Acts of 1832 and 1884 when British poets such as Elizabeth Barrett Browning Arthur Hugh Clough Robert Browning and Algernon Charles Swinburne along with their transatlantic contemporary Walt Whitman defended the civil rights of disenfranchised souls as Western nations slowly evolved toward modern democracies with shared transnational connections For in the decades before the new science of psychology transformed the soul into the psyche poets claimed the spiritual well being of the body politic as their special moral responsibility Exploiting the rich aesthetic potential of language they created poetry with striking sensory appeal to make their readers experience the complex effects of political decisions on public spirit Within contexts such as Risorgimento Italy Civil War America and Second Empire France these poets spoke from their souls to the souls of their readers to reveal insights that eluded the prosaic forms of fiction essay and journalism

*Written on the Water* Samuel Baker, 2010-07-08 The very word culture has traditionally evoked the land But when such writers as William Wordsworth Samuel Taylor Coleridge Lord Byron and later Matthew Arnold developed what would become the idea of modern culture they modeled that idea on Britain's imperial command of the sea Instead of locating the culture idea's beginnings in the dynamic between the country and the city Samuel Baker insists on taking into account the significance of water for that idea's development For the Romantics figures of the island the deluge and the sundering tide often convey the insularity of cultures understood to stand apart from the whole yet Baker writes the sea also stands in their poetry of culture as a reminder of the broader sphere of circulation in which the poet's work if not the poet's subject inheres Although other books treat the history of the idea of culture none synthesizes that history with the literary history of maritime empire *Written on the Water* tracks an uncanny interrelationship between ocean imagery and culturalist rhetoric of culture forward from the late Augustans to the mid Victorians In so doing it analyzes Wordsworth's pronounced ambivalence toward the sea Coleridge's sojourn as an imperial functionary in Malta Byron's cosmopolitan seafaring tales and Arnold's dual identity as poet of water and prose arbiter of culture It also considers Romanticism's classical inheritance arguing that the Lake Poets dissolved into the idea of culture the Virgilian system of pastoral georgic and epic modes of literature and life This compelling new study will engage any reader interested in the intellectual and literary history of Britain and the lived experience of British Romanticism

## Whispering the Techniques of Language: An Psychological Journey through **Lessons Of Romanticism A Critical Companion**

In a digitally-driven world where screens reign great and immediate communication drowns out the subtleties of language, the profound strategies and mental nuances concealed within words frequently get unheard. However, located within the pages of **Lessons Of Romanticism A Critical Companion** a charming literary treasure sporting with fresh emotions, lies a fantastic quest waiting to be undertaken. Composed by a talented wordsmith, this marvelous opus invites viewers on an introspective trip, gently unraveling the veiled truths and profound impact resonating within the cloth of each and every word. Within the mental depths of this moving evaluation, we will embark upon a sincere exploration of the book is primary styles, dissect its fascinating writing model, and yield to the strong resonance it evokes strong within the recesses of readers hearts.
