effects on people are a subject that requires separate research discussion and precautions At the beginning of each episode in TV series it is stated that All characters and events in this series have nothing to do with real people or institutions It is completely imaginary No living creatures were harmed during the filming of the series is written In this book written to explain the victory of the Ku ulu people and to pass it on to the future All characters and events have to do with real people and institutions It was completely experienced and all the events described are real No living being was harmed during the struggle described in the book Not a single element of crime took place and no criminal case occurred This book was written to fully and accurately describe the struggle for the return of the legal personality of Ku u town which took place after the town of Ku u in Simav district of K tahya province was transformed into a village and to carry it to the future It was carried out democratically politically and legally by the Ku u No Village Platform founded by Ku ulu people and lasted for four years This book was written to explain the efforts and victory of the people of Ku ulu for their municipality From the posts news and statements of the source people on the social media pages of Ku u K y Olmas n Platform mu which are still accessible on the internet 6 DIRISH BIRD No Bird Village Platformin Compiled from What does it say the Ottoman Sharia law that was in force before the Civil Code in Mecelle For example There is no precedent For this reason the bad examples experienced in the process were not mentioned There is always a risk of losing data such as information documents photos and videos in the internet environment called the virtual world We also tried to deliver our book to readers in the form of electronic books or e books in the increasingly digital environment today We recorded what happened during the struggle of the Ku ulu people and aimed to increase the narrative with some videos published on the internet we did To do this all you need to do is download a QR code reading program to your smartphone or tablet If you have the app or after downloading it point the camera of your phone or tablet towards the code The QR code will automatically recognize the QR code The link that appears will direct you to the relevant video This struggle which is the joint effort of the people of Ku ulu is a trust that contains official data that must be carried into the future Since no work has been done to carry this trust into the future so far some official correspondence and petitions can be given as attachments at the end of the page but it is preferred to be presented to the reader in places where the events are explained It was not easy for the people of Ku ulu to start continue and successfully complete this struggle by prioritizing unity and solidarity Therefore it was not easy to turn it into a book Even though it took four years thankfully we were finally able to complete and publish it There are many hidden heroes who contributed to this struggle which was initiated and carried out by the No Village Platform and resulted in victory Some with their hands some with their tongue some with their material possessions some with their spirituality some with their knowledge some with their interest some with their With their hopes some with their efforts some with their hearts some with their hearts some with their intentions some with their prayers some with their dreams they took sides in favor of Ku u not being a village Those who contributed and supported sometimes from far away sometimes from very close sometimes from the realm of

secrets for the writing completion and publication of this book A prayer that has been prayed for a prayer that has been answered a secret that cannot be revealed and a secret source of inspiration and thanks to the heroes may they exist I am glad they exist The people of Ku ulu have a message to all humanity about seeking their rights by being right Muammer G KALP 7 His exemplary struggle is described in chapters in our book This method was preferred to explain the struggle completely and as a whole Dozens of meetings held by Ku ulu people for four years without deviating from the line of courtesy Considering that the meeting application contact and request are just a part and explaining only a part of it would be an extremely incomplete and erroneous explanation and would also be considered a betrayal of the trust that will be transferred to the future I think it would be the most accurate evaluation to evaluate the purpose of this book which we are trying to explain from this perspective The definition and purpose of the Ku u K y Olmas n Platform which carries out and coordinates this struggle in which the people of Ku ulu wrote the epic of democracy could not be fully and accurately understood by many people for a long time That s why in the beginning everyone defined the platform in very different ways and assigned different missions The Kusu No Village Platform has repeatedly presented its definition and purpose to the public on its own page Actually What was the topic Don t let it be a village Actually What was the Purpose Don t let it be a village Actually What was mit Don t let it be a village The people of Ku ulu had a common problem They searched for a cure for this problem with the Bird No Village Platform they founded Actually When was the platform founded It was founded at a time when almost everyone said there is no cure for this problem Actually When was the platform founded Now it has become law we are a village There is nothing that can be done It was established when it was said At a time when hopes were almost gone Ku u K y Olmas n Platform was established to seek a cure for this cureless affliction It is important to look for a cure for the problem However understanding and explaining the point of view and the problem correctly is the most important thing on the way to the cure 8 DIRISH BIRD No Bird Village Platformin It is one of the elements Throughout the struggle it was observed that the most important problem was in the concepts of correct self expression and correct understanding Although the Kusu No Village Platform repeatedly presented its purpose to the public verbally and in writing unfortunately it was not fully and correctly understood for a considerable period of time Everyone has defined labeled described and tried to explain the struggle in their own way Even a calf was searched under the ox so to speak For this reason the struggle that took place for a while was not only not understood correctly but was also misunderstood and interpreted When understood correctly victory has already been achieved This struggle is not a rebellion The struggle of the people of Ku ulu is not a political or ideological movement This struggle is not a resistance The struggle of the people of Ku ulu is not mere stubbornness Maybe it can be defined as civil disobedience Ku ulu people have written their names in history in golden letters and have carried out their struggle with a conscious strategy They have set a good example of the concepts of taking intention unity togetherness being hopeful patience and working with prayer There are exemplary and educational

aspects in the struggle of the Ku ulu people That s why we attach great importance to conveying the struggle of the Ku ulu people to our children and young people who are the guarantee of our future through this book and we are happy about it We also hope that this book will raise awareness about concepts such as good citizen conscious citizen and the power of information Our Prophet said He who remains silent in the face of injustice is a mute devil With the hadith of Hz Ali r a said Do not bow down to injustice because you will lose your honor along with your rights The phrase describes the attitude that an honorable person should adopt Hadiths and the ways they show are important and valuable as they shed light on all of us We cannot know how many people read these hadiths and question themselves What we know is that people who are subjected to injustice seek their rights and do not remain silent in the face of injustice However justice must be sought by being right You should not be put in an unfair position when you say you are seeking justice Rights must be sought by expressing oneself correctly taking into account many values such as state laws social rules customs traditions and customs There is not a single element of crime in the struggle of Ku ulu people between 2013 and 2017 Destroy by staying right without burning Muammer G KALP 9 They sought and obtained their rights without breaking breaking spilling harming any person or institution or causing any legal case We hope that this struggle which we consider to be a very good example for all humanity will guide our children and young people in their struggle for life throughout their lives The struggle of the Ku ulu people carried out by the No Villages Platform is a struggle for unity and solidarity as well as a struggle for the return or non return of the municipality It is a struggle between individual interests and the common good In the public interest It is a struggle of individual interests It is the struggle between hope and despair It is the struggle between common sense and discord and corruption It is the struggle between patience and impatience It is the struggle between good words and wishes and bad and evil words It is the struggle between good prayer and curse It is the struggle between working hard and being idle Beat the past It is a struggle to be hopeful about the future despite the pain and cursing It is the struggle between loyalty and disloyalty This book is also a testament that our children and young people are bequeathed to be united for well being to struggle patiently to be hopeful to strive without giving up and to act with blessings instead of curses Two hundred and fifty three hundred years before the emergence of the concept of state in the western world Sheikh Edebal said to Osman Gazi O son let the people live so that the state can live The advice he gave became the perspective and style he adopted when explaining his problems to the state officials including the legislature executive and judiciary throughout the struggle of the Ku ulu people The period described in this book is the most critical and depressive period in the history of Kusu I hope that the events that took place between 2012 and 2017 will not happen again and that the victory of the Ku ulu people will be turned into a movie through this book and shared with more people 10 DIRISH BIRD No Bird Village Platformin I respectfully greet my dear readers and wish them a good reading I wish God s mercy to all those who passed away who chanted the slogan Ku u Should Not Be a Village and who worked hard to regain the municipality of Ku u and passed away to the afterlife

For the Oghuzs no matter which direction they go the victory they will achieve is Red Apple before it is achieved For the people of Ku ulu the town is KIZILELMA With greetings love respect prayers and everlasting conversations Muammer G KALP
