**The Femme Fatale** Julie Grossman,2020-09-18 Ostensibly the villain but also a model of female power poise and intelligence the femme fatale embodies Hollywood s contradictory attitudes toward ambitious women But how has the figure of the femme fatale evolved over time and to what extent have these changes reflected shifting cultural attitudes toward female independence and sexuality This book offers readers a concise look at over a century of femmes fatales on both the silver screen and the TV screen Starting with ethnically exoticized silent film vamps like Theda Bara and Pola Negri it examines classic film noir femmes fatales like Barbara Stanwyck in *Double Indemnity* as well as postmodern revisions of the archetype in films like *Basic Instinct* and *Memento* Finally it explores how contemporary film and television creators like *Fleabag* and *Killing Eve* s Phoebe Waller Bridge have appropriated the femme fatale in sympathetic and surprising ways Analyzing not only the films themselves but also studio press kits and reviews *The Femme Fatale* considers how discourses about the pleasures and dangers of female performance are projected onto the figure of the femme fatale Ultimately it is a celebration of how bad girl roles have provided some of Hollywood s most talented actresses opportunities to fully express their on screen charisma Goddess of Legend P.
