**Library** ,2007      The Oxford Handbook of Biblical Narrative Danna Fewell,2016-06-01 Comprised of contributions from scholars across the globe The Oxford Handbook of Biblical Narrative is a state of the art anthology offering critical treatments of both the Bible s narratives and topics related to the Bible s narrative constructions The Handbook covers the Bible s narrative literature from Genesis to Revelation providing concise overviews of literary critical scholarship as well as innovative readings of individual narratives informed by a variety of methodological approaches and theoretical frameworks The volume as a whole combines literary sensitivities with the traditional historical and sociological questions of biblical criticism and puts biblical studies into intentional conversation with other disciplines in the humanities It reframes biblical literature in a way that highlights its aesthetic characteristics its ethical and religious appeal its organic qualities as communal literature its witness to various forms of social and political negotiation and its uncanny power to affect readers and hearers across disparate time frames and global communities      *Pens and Swords* Marda Dunsky,2008-02-06 As world attention is renewed and refocused on the Israeli Palestinian conflict at the sixtieth anniversary of its seminal year of 1948 Marda Dunsky takes a close look at how more than two dozen major American print and broadcast outlets have reported the conflict in recent years Beginning with the failed Camp David summit of July 2000 through the waning of the second Palestinian uprising in the summer of 2004 she finds that the media omit two key contextual elements the significant impact that U S policy has had and continues to have on the trajectory of the conflict and the way international law and consensus have addressed the key issues of Israeli settlement and annexation policies and Palestinian refugees Dunsky explores how reports of the conflict routinely take on the contours of American policy and rarely challenge the premises of this Washington consensus She also examines the media s responses to allegations of biased coverage and gauges the effect that mainstream news reporting has on public opinion and U S foreign policy      *Let's Go Central America 9th Edition* Let's Go Inc.,2004-12-13 Completely revised and updated Let s Go Central America is your comprehensive guide to Belize Guatemala Honduras El Salvador Nicaragua Costa Rica and Panama Our forty five years of travel savvy deliver the practical facts you need to navigate this quickly changing area This edition boasts expanded coverage of local and indigenous culture beaches and the outdoors More listings of Spanish schools and volunteer opportunities help travelers extend their stays get involved and make a difference So whether you d rather explore the rich biodiversity of a mangrove reserve in Monterrico or converge on a sprawling Latin style rodeo in Managua Let s Go is the only guide you ll need      **Let's Go** ,2002 Features over 10 000 travel bargains on accommodations restaurants shopping and attractions in the region      **The Poisoned Chalice of US Democracy** John Young,2023-12-28 In a radical reflection John Young contends that the US model of democracy has failed the Global South because its emphasis on the supremacy of market capitalism entails a loss of national sovereignty and a truncated notion of human rights that leaves little room for citizens engagement or socioeconomic justice The Global South needs democracy but the US model does not address issues of national oppression or economic injustices by raising living

standards and ensuring national sovereignty However the US international liberal order is increasing being challenged and a multipolar world is emerging that provides opportunities for people in the Global South to construct systems of democracy that meet their needs rather than those of the US      **Lessons on Aging from Three Nations** Sara Carmel,Carol A.

describes his evolution from a liberal peace activist into a reluctant supporter of Sharon In making sense of his own political journey Lozowick rewrites the whole history of Israel delving into the roots of the Zionist enterprise and tracing the long struggle to establish and defend the Jewish state in the face of implacable Arab resistance and widespread international hostility Lozowick examines each of Israel's wars from the perspective of classical just war theory from the fight for independence to the present day Subjecting the country's founders and their descendants to unsparing scrutiny he concludes that Israel is neither the pristine socialist utopia its founders envisioned nor the racist colonial enterprise portrayed by its enemies Refuting dozens of pernicious myths about the conflict such as the charge that Israel stole the land from its rightful owners or that Arabs and Jews are locked in a cycle of violence for which both bear equal blame RIGHT TO EXIST is an impassioned moral history of extraordinary resonance and power
