Kritzer, 1991 Veteran San Francisco policeman Mullen is out to clean up the reputation of the town by re-evaluating the activity and goals of the 1851 Vigilance Committee which has loomed so large in historical interpretations He analyzes the incidence of crime and describes the development of courts police and jails from 1846 to 1852 Describes the day to day negotiation and settlement process which keeps 99% of all lawsuits from ever coming to court The data is drawn from interviews with lawyers involved in state and federal cases so the perspective is a lawyer's rather than a litigant's Paper edition unseen 12 95 Annotation copyrighted by Book News Inc Portland OR **Let's Make World War II the Last World War** Donald Johnson, 2023-04-07 The purpose of this book is to let the people mostly the young people of today who think they're living in hard times and that everything around them is so brutal and savage and of so much despair though many think that way because of the constant negative ambush they receive today from the media schools newspapers and through many elites in our society who are taught that everything around them is going to hell in a handbasket know that this is the best time in the world to be alive Most people are safer better educated and living around modern high tech advances that make their lives easier People have more wealth and leisure time than ever before They are healthier and tend to live longer than ever before The world is also more acceptable among the races and religions of the world and this generation has the chance to live in everlasting peace without no World Wars though there will always be conflicts among people and nations and it will never be perfect This generation today must know that the world was a pretty savage doggy world throughout history climaxed by World War II though savage wars did continue after World War II They must also be taught that the perpetrators of the savagery were all people races and religions not just some For today's media want to use that narrative and the victims of the savagery were also from all people races and religions We all know that slavery is wrong in America but it ended over 160 years ago Why not also talk about slavery before American slavery like the slavery in Africa And why not talk right now about slavery that's been going on right now in China in North Africa by Isis and in Libya Because

it doesn't get the media's narrative on who is good and who is bad And one more thing about the media how about talking about some of the good things that America has done throughout its history instead of bashing America all the time For example if America were to be wiped out by a tidal wave the rest of the world would be in warfare because there will be no America to secure peace *Let's Make Art* Alice Hendy, Karen Louise Davies, 2022-12-01 This book offers families a cherry-picked selection of Alice and Karen's tried and tested art projects with clear instructions on how to make them at home They reveal their top tips for creating stunning art work that parents and children will want to keep and display rather than consign to the recycling bin All the projects use a household item as the starting point making the activities largely accessible Within this framework the book is organised into sections according to the time scale of the project to help families make the most of the time they have available beginning with shorter projects A comprehensive but affordable kit list is part of the introduction and includes many items families will already own Along with a basic kit list Alice and Karen spill a few in-house secrets about their go-to materials for maximum impact and a professional finish Plastic materials are kept to a minimum *Let's Make Art* champion sustainable recycled art projects with their home-based starting point for projects This craft book for children and their families is a unique addition to the market as it elevates children's art to the status it deserves by showing children how to achieve bold work with a professional finish The projects are cheeky flamboyant and have their own very particular style especially the costumes and wearable artwork Having worked for galleries libraries and restaurants *Let's Make Art* have amassed an array of art projects that avoid messy clearing up for parents and children *Let's Make Things Better* Gidon Lev, 2024-11-12 To me hard times are like hide and seek where is the solution where is the hope We can never give up looking for these things because they are just waiting to be found Gidon Lev On May 8 1945 when he was just ten years old Gidon Lev was liberated from a Nazi concentration camp after four nightmarish years Twenty-six family members including Gidon's beloved father and grandparents were murdered in the Holocaust Only Gidon and his mother survived From the depths of despair a little boy who had lost so much was determined to build a life filled with adventure and love And that is exactly what he did Today a spritely and cheerful octogenarian and father of six Gidon speaks to celebrities and diplomats all over the world and has taken social media by storm all with his signature candor charm and wisdom Just what makes this Holocaust survivor rascal and dogged optimist tick Sharing remarkable stories from his extraordinary life Lev reveals his secrets of happiness and fulfillment From reconciling with the sometimes painful past to embracing this singular gift called life Gidon has never taken a day of his life for granted and neither should we You don't get the life you want Gidon says you get the life that you get *Let's Make Things Better* is the story of an indomitable spirit whose cheerful determination to never give up is just what we need during these uncertain times Now more than ever Gidon Lev has important lessons for us all about life and how to live it well having the courage to stand up to hate living for the moment believing in ourselves nurturing loving and caring relationships and always always believing that a better world is something worth fighting for

Let's Make Some Noise Clarence Bernard Henry, 2010-02-17 Clarence Bernard Henry's book is a culmination of several years of field research on sacred and secular influences of the West African Yoruba concept that spread to Brazil and throughout the African Diaspora. It is imagined as power and creative energy bestowed upon human beings by ancestral spirits acting as guardians. In Brazil, the West African Yoruba concept of *axé* is known as *ax* and has been reinvented, transmitted, and nurtured in Candomblé, an Afro-Brazilian religion that is practiced in Salvador, Bahia. The author examines how the concepts of *ax* and Candomblé religion have been appropriated and reinvented in Brazilian popular music and culture. Featuring interviews with practitioners and local musicians, the book explains how many Brazilian popular music styles such as samba, bossa nova, samba reggae, ijex, and *ax* have musical and stylistic elements that stem from Afro-Brazilian religion. The book also discusses how young Afro-Brazilians combine Candomblé religious music with African American music such as blues, jazz, gospel, soul, funk, and rap. Henry argues for the importance of *ax* as a unifying force tying together the secular and sacred Afro-Brazilian musical landscape.
