Lets Get Ready For Earth Day:

Earth Day Marc Tyler Nobleman,2004-07 Discusses the history and events occurring on Earth Day a holiday to celebrate the environment and planet Earth THE STAR REVOLT: We Celebrate Earth Day why not celebrate Star Day? Lang Ramdin,2018-11-12 Intergalactic Reporter Ramdin has followed the news story of the enemy pursuing the cosmic mutant all the way to planet Earth He learns the enemy is trying to obtain the horrifying formula for a frightening weapon Known as the E Bomb when activated it will destroy the universe and all life within it Only the mutant knows the basic equation needed for this to happen Hiding out on Earth he joins with others to spark a revolt against the enemy and their deluded earthling followers They came to earth spreading lies about their wish to save Earth from pollution Little did their human followers know the enemy was playing one of their sick jokes Their real aim was to feed planet Earth into the mouth of a black hole Mixing horror with humor the enemy always enjoys acting out their sick comedy The mad religion they follow hates life They will crush any revolt against their creating the Holy Void of Nothingness they worship Cosmic suicide is their alternative to the evolution of life and the existence of Reality A to Zoo Rebecca L. and angry at each other over nothing more than miscommunication or perhaps a wrong note in church choir It s time we stopped pulling each other down and lifted each other heavenward instead Enjoy worship laughter celebration and falling in love Heaven will one day be home but for now Hall encourages us to live imperfectly but with joy and forgiveness *School Library Journal* ,2003

Beasts of the Earth James Wade,2022-10-11 Winner of the 2023 Spur Award James Wade whose first two novels were praised as rhapsodic and haunting delivers his most powerful work to date a chilling parable about the impossible demands of hate and love trauma and goodness vividly set in the landscapes of Texas and Louisiana Beasts of the Earth tells the story of Harlen LeBlanc a dependable if quiet employee of the Carter Hills High School s grounds department whose carefully maintained routine is overthrown by an act of violence As the town searches for answers LeBlanc strikes out on his own to exonerate a friend while drawing the eyes of the law to himself and fending off unwelcome voices that call for a sterner form of justice Twenty years earlier young Michael Fischer dreads the return of his father from prison He spends his days stealing from trap lines in the Louisiana bayou to feed his fanatically religious mother and his cherished younger sister Doreen When his father eventually returns an evil arrives in Michael s life that sends him running from everything he has ever known He is rescued by a dying poet and his lover who extract from him a promise to be a good man whatever that may require Beasts of the Earth deftly intertwines these stories exploring themes of time fate and free will to produce a revelatory conclusion that is both beautiful and heartbreaking *American Book Publishing Record* ,2003

Earth's Knell The First Landing JT Duxbury,2016-10-23 What would you give to begin a new life on a pristine planet with just ten other people No pollution no over population of humans Just fresh air clear water and fertile ground as far as the eye can see But then you discover there are some rather large primates living nearby and those primates have a way of communicating As a matter of fact except for their appearance they are very human like The scenario has some rather blizzard prospects to it and the crew of the Colony 6 experience a good many of them Be with the crew as they setout to complete their mission of establishing a colony of humans on a planet fifty light years from Earth *Public Papers of the Presidents of the United States* United States.
