**Salvadorans in Costa Rica** Bridget A. Hayden, 2003-03 During the political and economic upheaval that swept El Salvador in the 1980s as many as 20 000 Salvadorans took refuge in Costa Rica Despite similarities between the countries most Salvadorans experienced El Salvador and Costa Rica as very different places yet some 6 000 chose to remain after the violence in their country ended re establishing their lives successfully enough that they claimed that they now felt Costa Rican Bridget Hayden examines the ways in which these people integrated into Costa Rican society and the ambiguous sense of identity they developed exploring their experience of the process and the cultural concepts they used to interpret those experiences Salvadorans in Costa Rica Displaced Lives introduces readers to people from a wide range of class and educational backgrounds who had come to Costa Rica from all over El Salvador All shared the experience of having become refugees and having settled in a new country under the same circumstances and when the war in their own country ended they shared a concern about the issues involved in deciding whether to return there Their diversity allows Hayden to examine the ways in which the language of national identity played out in different contexts and sometimes contradictory ways Drawing on contemporary theories of migration and space Hayden identifies the discourses narratives and concepts that Salvadorans in Costa Rica had in common and then analyzes the ways in which their experiences and their uses of those discourses varied She focuses on key spatial concepts that Salvadorans used in talking about displacement and re emplacement in order to show how they constructed the experience of settlement and how such variables as gender and age influenced their experiences Because nationality was an idiom they used to relate their experiences she pays particular attention to the role of national belonging and national difference in terms of both the ways in which the Salvadorans were received by Costa Ricans and their reactions to their new lives in Costa Rica A concluding chapter compares them with Salvadorans who emigrated to other countries The story of these displaced Salvadorans focusing on the lives of real people can give us a new understanding of how individuals feel a sense of belonging to a

sociocultural space By exploring many meanings of the nation and national belonging for different people under varying conditions Hayden s study provides fresh insights into the dynamics of migration gender and nationalism      **When Creole and Spanish Collide** ,2021-05-25 Generations of West Indian migrants have long called Central America home The descendants of these Creole English speakers live in communal enclaves along the Caribbean coast of Central America where their Creole heritage and language are in contact zones with Spanish language and culture When Creoles and Spanish Collide Language and Culture in the Caribbean presents contemporary insight into these intra Caribbean diasporic communities on how they grapple with evolving Creole identity and representation language contact language endangerment and linguistic discrimination Communal resilience oftentimes manifests itself via linguistic innovation and creativity Editors Glenda Alicia Leung and Miki Loschky showcase the scholarship of emerging and established regional and transatlantic scholars in When Creoles and Spanish Collide which serves as a decolonizing research space      Post-Conflict Central American Literature Yvette Aparicio,2013-11-26 Post Conflict Central American Literature Searching for Home and Longing to Belong studies often overlooked contemporary poetry Through the exploration of poetry and a select number of short stories this book contemplates the meanings of home belonging and the homeland in post conflict globalizing and neoliberal El Salvador Nicaragua and Costa Rica Aparicio analyzes literary representations of and meditations on the current conditions as well as the recent pasts of Central American homelands Additionally the book highlights aesthetic renditions of home at the same time that it engages with and is grounded in contemporary Central American cultures politics and societies In effect this book contests hegemonic and apparently commonsense views that assert that globalization produces global citizenship and globalized experiences Instead it argues that a palpable desire for home and belonging survives and thrives in rapidly globalizing Central American homelands      *The Publishers Weekly* ,2004
