

An aerial photograph of a dramatic, steep mountain peak covered in dense green vegetation. The mountain rises sharply from a coastline, with a clear view of the ocean below. The water transitions from a shallow turquoise near the shore to a deeper blue further out. A small, dark, triangular object is visible in the water. The sky is filled with soft, white clouds. Overlaid on the center of the image is the text 'let's go!' in a large, white, cursive script font.

let's go!

community members NGO practitioners and international volunteer tourists The book thus shines an ethnographic lens onto the complexities and contradictions of the volunteer tourism experience in northern Thailand Drawing on cross disciplinary perspectives in geography and anthropology as well as development tourism and cultural studies Volunteer Tourism illustrates how a focus on sentimentality in the volunteer tourism encounter obscures the structural inequalities on which the experience is based Such a focus situates volunteer tourism within the commodification and sentimentalization of development and global justice agendas which hail the new moral consumer and reframe questions of structural inequality as questions of individual morality As a result albeit inadvertently the practice of volunteer tourism serves the continued expansion of the cultural logics and economic practices of neoliberalism **It's Garry Shandling's Book** Judd
