Excolopolis Jack L. Marsch, 2014-01-27 Steersman as always planned for the future. In his mind, events that were yet to come all appeared as if he was viewing them in the past. He went further than that, mentally viewing not only time but also space. There's always been something unusual about him, but the alienness is just the surface. He practically appears out of nowhere and is to head into dangerous waters when he presents the antigravity device for the world to see. The Dark Core Gravity sphere is based on an unnatural technology which originates from a place that no one can ever imagine. Nobody is aware of him being in possession of a place created from a source beyond comprehension. An intangible place which is moved by supra photon radiation, making energy with full of information. In real life, a frightening power takes shape from it and it gives birth to terrifying dilemmas by which humanity based on its
