[Maker from the Lost Planet](#) is the enthralling second book in the science fiction series *From Heaven To Earth They Came*. If you like ancient battles of the gods, dashing and romantic heroes and heroines, action-packed plots and thrilling suspense, then you'll love Neal Roberts' historically inspired tale of ancient lore woven into our modern-day struggle for survival. David Schubert, now America's first ambassador to the ancient Anunnaki gods, is tasked with building a lasting peace between the two sides. Although the path toward such a peace is complicated by the vast superiority of Anunnaki weapons and spacecraft, David soon learns that an even greater threat to humanity is rapidly approaching. At the landing platform in Baalbek, David is brought aboard the goddess's pyramid-shaped spacecraft, known as a pyramidion, where he is immediately informed that a thermonuclear missile of unknown origin has just been fired at the pyramidion from a point in Northern Canada, which David would have thought impossible. As for several weeks, an impenetrable Anunnaki ray has been neutralizing all thermonuclear triggers on Earth. Someone, however, has evidently developed technology that can overcome the Anunnakis' defensive ray. David needs to identify the source of such mighty technology, as it could be used to wipe humankind off the face of the Earth, despite any peace forged between Earth and the Anunnaki. David himself is unable to investigate as he's aboard an Anunnaki craft and working in a diplomatic capacity, so his bodyguard, U.S. Navy Lieutenant Commander Catharine Weldon, is dispatched by the President to Northern Canada to pinpoint the missile's launch point and, if possible, recover a small scientific submarine that recently went missing while investigating suspicious activity on one of the largest lakes on the North American continent. That night, the icy lake erupts into a violent confrontation between Catharine with her hastily assembled contingent and an unidentified saucer-shaped spacecraft under the command of the Anunnakis' deadliest ancient enemy, who'd long been thought dead. Time is running out for David, Catharine, and humankind. Can all-out war between the gods be averted and humanity saved from destruction? Shy realizes that she is lucky to be taken in by her grandparents after her father dies, but life above an antique store in Slade's Corners, Wisconsin, is not exactly the place a teenage girl wants to be. One day, while going through boxes of her father's boyhood stuff, she comes upon a rare old set of dragon puzzles, all of which are missing pieces. Her grandmother recalls the fantastic tales

Shy's father would tell about his travels to lands of dragons and adventure. She always thought that these fantasies were inspired by the puzzles Shy has found. Shy realizes that by mixing and matching the different sets she can complete a single dragon puzzle that combines all of the others. Upon doing so she is whisked away to ancient Babylon where she must continue the duties of her father's legacy as a servant to the dragon and a savior of the world. Going Down Under Gregory Charles, 2014-09-25 Going Down Under is the transcript of a 10 Day Residential Sex Relationship seminar that was delivered in Australia by Gregory Charles, The Aussie Relationship Guru. It is for anyone who is seeking deeper meaning and answers to a wide range of issues around the core topics of sex and relationships. So far it has been read by couples who state it helped save their marriage, college students and other singles and couples from age 19 to 60 and has been greatly valued. The book is a necessary response to a dearth of meaningful information in a plethora of superficial, time-worn, moralistic answers to the issues of sex and relationships and their place in our lives. Especially in America, Gregory's direct and honest Aussie approach has been welcomed as an antidote to the politically correct, judgmental puritanism that permeates this culture. Starting with the name, the content brings a wry sense of humor to matters that are usually treated as being heavy and serious.

**We Are the Crisis of Capital** John Holloway, 2019-04-01 **We Are the Crisis of Capital** collects articles and excerpts written by radical academic theorist and activist John Holloway over a period of forty years. This collection asks: Is there a way out? How do we break capital, a form of social organisation that dehumanises us and threatens to annihilate us completely? How do we create a world based on the mutual recognition of human dignity? Holloway's work answers loudly: By screaming NO. By thinking from our own anger and creativity. By trying to recover the we buried under the categories of capitalist thought. By opening those

categories and discovering the antagonism they conceal and by discovering that behind the concepts of money state capital crisis and so on there moves our resistance and rebellion An approach sometimes referred to as Open Marxism it is an attempt to rethink Marxism as daily struggle The articles move forward influenced by the German state derivation debates of the 1970s by the CSE debates in Britain and the group around the Edinburgh journal Common Sense and then moving on to Mexico and the wonderful stimulus of the Zapatista uprising and now the continuing whirl of discussion with colleagues and students in the Posgrado de Sociología of the Benemérita Universidad Autónoma de Puebla *Mirror Opposites* J L
