**Letter to a Distant Father** Kenneth Radu, 1987 The writer of the letter in Kenneth Radu's title poem is reaching across an enormous silence from a microchipped contemporary Canadian setting to the rest home on the Black Sea where his father is dying and then even further back to their lives in a peasant village before the son's escape under the wire [The Sacred Gaze](#) David Morgan, 2005-05-31 David Morgan investigates the key aspects of vision imagery in a variety of religious

traditions including the functions of religious images the tools that viewers use to interpret them **The Crimson Letter** Douglass Shand-Tucci, 2004-06 In a book deeply impressive in its reach while also deeply embedded in its storied setting bestselling historian Douglass Shand Tucci explores the nature and expression of sexual identity at America's oldest university during the years of its greatest influence The Crimson Letter follows the gay experience at Harvard in the nineteenth and twentieth centuries focusing upon students faculty alumni and hangers on who struggled to find their place within the confines of Harvard Yard and in the society outside Walt Whitman and Oscar Wilde were the two dominant archetypes for gay undergraduates of the later nineteenth century One was the robust praise singer of American democracy embraced at the start of his career by Ralph Waldo Emerson the other was the Oxbridge aesthete whose visit to Harvard in 1882 became part of the university's legend and lore and whose eventual martyrdom was a cautionary tale Shand Tucci explores the dramatic and creative oppositions and tensions between the Whitmanic and the Wildean the warrior poet and the salon dazzler and demonstrates how they framed the gay experience at Harvard and in the country as a whole The core of this book however is a portrait of a great university and its community struggling with the full implications of free inquiry Harvard took very seriously its mission to shape the minds and bodies of its charges who came from and were expected to perpetuate the nation's elite yet struggled with the open expression of their sexual identities which it alternately accepted

and anathematized Harvard believed it could live up to the Oxbridge model offering a sanctuary worthy of the classical Greek ideals of male association yet somehow remain true to its legacy of respectable austerity and Puritan self denial The Crimson Letter therefore tells stories of great unhappiness and manacled minds as well as stories of triumphant activism and fulfilled promise Shand Tucci brilliantly exposes the secrecy and codes that attended the gay experience showing how their effects could simultaneously thwart and spark creativity He explores in particular the question of gay sensibility and its effect upon everything from symphonic music to football set design to statecraft poetic theory to skyscrapers The Crimson Letter combines the learned and the lurid tragedy and farce scandal and vindication and figures of world renown as well as those whose influence extended little farther than Harvard Square Here is an engrossing account of a university transforming and transformed by those passing through its gates and of their enduring impact upon American culture

**Changing The Subject** Naomi Miller, 2021-10-21 Lady Mary Wroth c. 1587-1653 wrote the first sonnet sequence in English by a woman, one of the first plays by a woman and the first published work of fiction by an Englishwoman. Yet despite her status as a member of the distinguished Sidney family, Wroth met with disgrace at court for her authorship of a prose romance which was adjudged an inappropriate endeavor for a woman and was forcibly withdrawn from publication. Only recently has recognition of Wroth's historical and literary importance been signaled by the publication of the first modern edition of her romance, *The Countess of Mountgomerie's Urania*. Naomi Miller offers an illuminating study of this significant early modern woman writer. Using multiple critical theoretical perspectives, including French feminism, new historicism and cultural materialism, she examines gender in Wroth's time. Moving beyond the emphasis on victimization that shaped many previous studies, she considers the range of strategies devised by women writers of the period to establish voices for themselves. Where previous critics have viewed Wroth primarily in relation to her male literary predecessors in the Sidney family, Miller explores Wroth's engagement with a variety of discourses, reading her in relation to a broad range of English and continental authors, both male and female, from Sidney, Spenser and Shakespeare to Aemilia Lanier, Elizabeth Cary and Marguerite de Navarre. She also contextualizes Wroth's writing in relation to a variety of nonliterary texts of the period, both political and domestic. Thanks to Miller's sensitive readings, Wroth's writings provide a lens through which to view gender relations in the early modern period.
