**Letter from an Unknown Woman** James Naremore,2021-03-25 James Naremore's study of Max Ophüls' classic 1948 melodrama *Letter from an Unknown Woman* not only pays tribute to Ophüls but also discusses the backgrounds and typical styles of the film's many contributors among them Viennese author Stephan Zweig whose 1922 novella was the source of the picture producer John Houseman an ally of Ophüls who nevertheless made questionable changes to what Ophüls had shot screenwriter Howard Koch music composer Dani le Amfitheatrof designers Alexander Golitzen and Travis Banton and leading actors Joan Fontaine and Louis Jourdan whose performances were central to the film's emotional effect Naremore also traces the film's reception history from its middling box office success and mixed early reviews exploring why it has been a work of exceptional interest to subsequent generations of both aesthetic critics and feminist theorists Lastly Naremore provides an in depth critical appreciation of the film offering nuanced appreciation of specific details of mise en scene camera movement design sound and performances integrating this close analyses into an overarching analysis of *Letter's* recognition plot a trope in which the recognition of a character's identity creates dramatic intensity or crisis Naremore argues that *Letter's* use of recognition is one of the most powerful in Hollywood cinema and contrasts it with what we find in Zweig's novella

Letter from an Unknown Woman and Other Stories Stefan Zweig,2013-01-29 These four Stefan Zweig stories newly translated by the award winning Anthea Bell are among his most celebrated and compelling work The titular tale is a devastating depiction of unrequited love which inspired a classic Hollywood film directed by Max Ophüls and starring Joane Fontaine Elsewhere in the collection a young man mistakes the girl he loves for her sister two erstwhile lovers meet after an age spent apart and a married woman repays a debt of gratitude to her childhood sweetheart Expertly paced laced with the acutely accurate psychological detail and empathy that are Zweig's trademarks this is a powerful addition to Pushkin's growing collection of his work      **Letter from an Unknown Woman** Max Ophüls,1986 On the film *letter from an unknown woman* including the screenplay and criticism of the motion picture      Letter from an Unknown Woman Stefan Zweig,2013

**Letter From an Unknown Woman** Howard Koch,1947      Letter from an Unknown Woman Zweig (Austria) Stefan,2019      Letter from an Unknown Woman Stefan Zweig,2013      *Letter From an Unknown Woman* Stefan Zweig,1932      Letter from an Unknown Woman (1948). ,2006 Philandering concert pianist arrives home to find a letter which begins by the time you read this I may be dead So unfolds the story of one of the many woman with whom he had shared a brief encounter over the years and swiftly forgotten Set in turn of the century Vienna this haunting tale is perhaps cinema's greatest unrequited love story and is considered to be one of Ophüls's great masterpieces      Letter from an Unknown Woman Stefan Zweig,1932      *Letter from an Unknown Woman* Virginia Wright Wexman,Karen Hollinger,1986 The fifth title in the Rutgers Films in Print Series *Letter from an Unknown Woman* is directed by Max Ophüls and based on

the novella by Stefan Zweig It is the story of Lisa a young girl who rejects the constricting life of her small town and family in order to dedicate her life to a musician Stefan The film s elegant fin de siecle Viennese setting lyrical camera work dispassionate and ironic point of view and fine performances by Joan Fontaine and Louis Jourdan elevate what could have been a mere tearjerker into one of Ophuls s finest works This volume provides a detailed transcription of the 1948 film Notes appended to the film s continuity script detail all the significant differences between the finished film and the shooting script Wexman s introductions to each of the book s sections discuss the history of the film s reception and provide an overview of the central issues the film has raised A cross section of commentary by well known critics attests to the film s enduring position as a central text for cinema study These essays acknowledge the film s significance as a preeminent example of Ophuls s art as an important woman s film and as a representative of the classic Hollywood style A biographical sketch of Ophuls the entire Zweig novella a bibliography and other background materials are also included Sexual Politics and Narrative Film Robin Wood,1998 An examination of the relationship between narrative style and sexual politics Looking at contemporary films from the USA Europe and Japan the book examines the ways in which films relate to sexual politics and the organization within our culture of gender and sexuality Letter to an Unknown Woman Ascher/Straus,1979-09-01

**China's Stefan Zweig** Arnhilt Johanna Hoefle,2017-11-30 During his lifetime Austrian novelist Stefan Zweig 1881 1942 was among the most widely read German language writers in the world Always controversial he fell into critical disfavor as writers and critics in a devastated postwar Europe attacked the poor literary quality of his works and excoriated his apolitical fiction as na ve Habsburg nostalgia Yet in other parts of the world Zweig s works have enjoyed continued admiration and popularity even canonical status China s Stefan Zweig unveils the extraordinary success of Zweig s novellas in China where he has been read in an entirely different way During the New Culture Movement of the 1920s Zweig s novellas were discovered by intellectuals turning against Confucian tradition In the 1930s left wing scholars criticized Zweig as a decadent bourgeois writer yet after the communist victory in 1949 he was re introduced as a political writer whose detailed psychological descriptions exposed a brutal and hypocritical bourgeois capitalist society In the 1980s after the Cultural Revolution Zweig s works triggered a large scale Stefan Zweig fever where Zweig style female figures the gentle loving and self sacrificing women who populate his novels became the feminine ideal Zweig s seemingly anachronistic poetics of femininity allowed feminists to criticize Maoist gender politics by praising Zweig as the anatomist of the female heart As Arnhilt Hoefle makes clear Zweig s works have never been passively received Intermediaries have actively selected interpreted and translated his works for very different purposes China s Stefan Zweig not only re conceptualizes our understanding of cross cultural reception and its underlying dynamics but proposes a serious re evaluation of one of the most successful yet misunderstood European writers of the twentieth century Zweig s works which have inspired recent film adaptations such as Xu Jinglei s Letter from an Unknown Woman 2005 and Wes Anderson s Grand Budapest Hotel 2014 are

only beginning to be rediscovered in Europe and North America but the heated debate about his literary merit continues This book with its wealth of hitherto unexplored Chinese language sources sheds light on the Stefan Zweig conundrum through the lens of his Chinese reception to reveal surprising and long overlooked literary dimensions of his works **Melodrama in Contemporary Film and Television** M. Stewart, 2014-07-03 Melodrama in Contemporary Film and Television debates the ways in which melodrama expresses and gives meaning to trauma and pathos memory and historical re visioning home and borders gendered and queer relations the family and psychic identities the national and emerging public cultures and morality and ethics The Gendered Score: Music in 1940s Melodrama and the Woman's Film Heather Laing, 2017-07-05 Heather Laing examines for the first time the issues of gender and emotion that underpin the classical style of film scoring but that have until now remained unquestioned and untheorized thus providing a benchmark for thinking on more recent and alternative styles of scoring Many theorists have discussed this type of music in film as a signifier of emotion and the feminine a capacity in which it is frequently associated with female characters The full effect of such an association on either female or male characterization however has not been examined This book considers the effects of this association by progress through three stages cultural historical precedents the generic parameters of melodrama and the woman s film and the narrativization of music in film through diegetic performance and the presence of musicians as characters Case studies of specific films provide textual and musical analyses and the genres of melodrama and the woman s film have been chosen as representative not only of the epitome of the Hollywood scoring style but also of the narrative association of women emotion and music Laing leads to the conclusion that music functions as more than merely a signifier of emotion Rather it takes a crucial role in both indicating and determining how emotion is actually understood as part of the construction of gender and its representation in film **The Struggle with the Daemon: Hölderlin, Kleist, Nietzsche** Stefan Zweig, 2019-08-15 Stefan Zweig s literary portraits of three tormented giants of German literature Friedrich Hölderlin Heinrich von Kleist and Friedrich Nietzsche contrasts them with Goethe who was anchored in place by profession home and family For Zweig everyone whose nature excels the commonplace everyone whose impulses are creative wrestles inevitably with his daemon which Zweig describes as the incorporation of that tormenting leaven which impels our being towards danger immoderation ecstasy renunciation and even self destruction In these essays Zweig depicts the tragic and sublime lifelong struggle by three great creative minds with their respective daemons Mental Healers: Franz Anton Mesmer, Mary Baker Eddy, Sigmund Freud Stefan Zweig, 2019-08-16 This Plunkett Lake Press eBook is produced by arrangement with Viking an imprint of Penguin Publishing Group a division of Penguin Random House LLC Health is natural sickness is unnatural at least so it seems to man is how Stefan Zweig begins his fascinating often entertaining examinations of Franz Anton Mesmer Mary Baker Eddy and Sigmund Freud Bodily suffering is not assuaged by technical manipulation but through an act of faith Mental Healers is dedicated to Albert Einstein the scientist who had won the Nobel Prize for Physics in 1921 It first appeared in

1931 as *Die Heilung durch den Geist* or *Healing Through the Spirit* a title that anticipates our current interest in alternative medicine and the placebo effect Zweig's first healer Franz Anton Mesmer 1734 1815 was a German physician who introduced animal magnetism to the world Viewed by many as a charlatan he died an outcast before he could properly understand and explain his discovery Zweig's second healer Mary Baker Eddy 1821 1910 was a New England matron who found her vocation only in middle age She established Christian Science an American Protestant system of religious practice that rejects medical intervention when she was almost 60 Zweig's third healer Sigmund Freud 1856 1939 was the Viennese Jewish physician who founded psychoanalysis Zweig who knew Freud and delivered a eulogy at his funeral describes Freud's then new ideas with the insight of an artist who lived in the same time and place Fluently written and psychologically astute *Mental Healers* is compelling cultural history and a valuable window onto the genesis of new ideas in healing Mesmer Eddy and Freud were critical figures alerting the modern world to the influences of the mental and emotional on health and illness Their impact was tremendous and Zweig's classic study provides a wonderful opportunity to engage with these significant innovators Ted Kaptchuk Professor of Medicine Harvard Medical School Director Program in Placebo Studies *Therapeutic Encounter*
