Facts Of The Christian Faith:

Facts of Faith Christian Edwardson,2001-05 During forty years of caring for districts of churches and isolated believers besides raising up new churches by evangelistic effort the author of this work became greatly impressed with the need of educating the people in the fundamental doctrines of the Holy Scriptures He has found very few who could give from the word of God an intelligent reason for even its most prominent and important truths This spiritual poverty any minister will discover by personal investigation When we add to this condition the fact that during the past thirty years new errors have been stealthily introduced among Christians generally errors which undermine the very foundations of Bible truth and Christianity it becomes evident that even professing Christians are unprepared for the crises they will be obliged to meet in the near future

The Facts and Mysteries of the Christian Faith Albertus Pieters,1955 **The History of Christianity** Dyron B. Daugherty,2019-07-08 Christianity has been accused of being misogynistic pro slavery and anti science and some say it is finally beginning its long decline This book provides an entirely different side to the stories about this faith Why did Christianity become the largest religion in the world Is it because it was misogynistic pro slavery anti science and set on condemning those who didn t join it This book investigates many of the misconceptions about Christianity and argues that there are good reasons this faith has become the world s largest The book includes chapters on various misconceptions related to the history of Christianity such as the beliefs that Jesus was a meek and mild carpenter the Roman emperor Constantine was insincere in his Christian faith medieval Europe was devoutly Christian and Christianity was anti science Each chapter explores how the historical misconception developed and spread and offers what we now believe to be the historical truth contradicting the fiction Excerpts from primary source documents provide evidence for the historical misconceptions and truths and help readers to respond critically to claims about Christian history

The Christian Faith: Why It's True John Ankerberg,John Weldon,2012-08-06 Christianity is unique in both the evidence upon which it rests the doctrines it teaches This book gives quick information on major biblical doctrinal themes It offers comparisons contrasts to any group s teachings on important subjects All cults new religions deny key biblical doctrines so whatever theology you are studying you can know that a biblical corrective is supplied
