Fade to Black Leo Guild,1992-06-01 Slow Fade to Black Thomas Cripps,1993 *Slow Fade to Black* is a history of US African American accomplishment in film from the earliest movies through World War II It explores the growth of discrimination as filmmakers became more and more intrigued with myths of the Old South Edward Dmytryk Fintan McDonagh,2021-07-21 Edward Dmytryk was one of the so called Hollywood Ten jailed for contempt of Congress for refusing to testify before the House Un American Activities Committee in 1947 Finding himself blacklisted after his prison sentence and unable to operate under a pseudonym he took the step of testifying and naming names to the Committee His career resumed to considerable commercial success but also to prolonged and bitter criticism from the left and persistent mistrust from the right Acknowledged as one of the key figures in the development of the film noir genre having directed one of its first films *Murder My Sweet* Dmytryk has otherwise frequently been sidelined in critical studies because of the controversy This book is the first to critically evaluate each of the dozens of films he made between the 1930s and the 1970s including *The Young Lions* *Crossfire* and *The Caine Mutiny* among many others Soul Thieves T. Brown,B. Kopano,2014-12-17 Considers the misappropriation of African American popular culture through various genres largely Hip Hop to argue that while such cultural creations have the potential to be healing agents they are still exploited often with the complicity of African Americans for commercial purposes and to maintain white ruling class hegemony **Black Camelot** William L. Van Deburg,2008-04-15 In the wake of the Kennedy era a new kind of ethnic hero emerged within African American popular culture Uniquely suited to the times burgeoning pop icons projected the values and beliefs of the Civil Rights and Black Power movements and reflected both the possibility and the actuality of a rapidly changing American landscape In *Black Camelot* William Van Deburg examines the dynamic rise of these new black champions the social and historical contexts in which they flourished and their powerful impact on the African American community Van Deburg manages the enviable feat of writing with flair within a standardized academic framework covering politics social issues and entertainment with equal aplomb Jonathan Pearl *Jazz Times* A fascinating thorough account of how African American icons of the 1960s and 70s have changed the course of American history An in depth even tempered analysis Van Deburg s witty lively and always grounded style entertains while it instructs *Publishers Weekly* Gus Van Sant Vincent LoBrutto,2010-06-16 This incisive book provides an in depth critical and biographical study of the artistic range of film director Gus Van Sant Arranged chronologically *Gus Van Sant His Own Private Cinema* provides a comprehensive overview of the life and art of this talented director covering his mainstream commercial and avant garde projects More than a biography the book examines Van Sant s incredibly diverse body of work exploring the influence of his open homosexuality of fine art literature and music and of the range of cinema styles to which he has been exposed Stressing Van Sant s wide ranging content genre style and cinematic presentation author Vincent LoBrutto details the filmmaker s autobiographical tendencies and how he uses the film craft

The Othering of Women in Silent Film Barbara Tapa Lupack,2023-11-06 In *The Othering of Women in Silent Film Cultural Historical and Literary Contexts* Barbara Tapa Lupack explores the rampant racial and gender stereotyping depicted in early cinema demonstrating how those stereotypes helped shape American attitudes and practices Using social cultural literary and cinema history as a focus this book offers insights into issues of Othering including discrimination exclusion and sexism that are as timely today as they were a century ago Lupack not only examines the ways that dominant cinema of the era imprinted indelible and pejorative images of women including African Americans Native Americans Asians Hispanics and New Women Suffragists but also reveals the ways in which a number of pioneering early filmmakers and performers attempted to counter those depictions by challenging the imagery interrogating the stereotypes and re politicizing the familiar narratives Scholars of film gender history and race studies will find this book of particular interest

Forgeries of Memory and Meaning Cedric J. Robinson,2012-09-01 Cedric J Robinson offers a new understanding of race in America through his analysis of theater and film of the early twentieth century He argues that economic political and cultural forces present in the eras of silent film and the early talkies firmly entrenched limited representations of African Americans Robinson grounds his study in contexts that illuminate the parallel growth of racial beliefs and capitalism beginning with Shakespearean England and the development of international trade He demonstrates how the needs of American commerce determined the construction of successive racial regimes that were publicized in the theater and in motion pictures particularly through plantation and jungle films In addition to providing new depth and complexity to the history of black representation Robinson examines black resistance to these practices Whereas D W Griffith appropriated black minstrelsy and romanticized a national myth of origins Robinson argues that Oscar Micheaux transcended uplift films to create explicitly political critiques of the American national myth Robinson's analysis marks a new way of approaching the intellectual political and media racism present in the beginnings of American narrative cinema

Black Frankenstein Elizabeth Young,2008-08-10 For all the scholarship devoted to Mary Shelley's English novel *Frankenstein* there has been surprisingly little attention paid to its role in American culture and virtually none to its racial resonances in the United States In *Black Frankenstein* Elizabeth Young identifies and interprets the figure of a black American Frankenstein monster as it appears with surprising frequency throughout nineteenth and twentieth century U S culture in fiction film essays oratory painting and other media and in works by both whites and African Americans *Black Frankenstein* stories Young argues effect four kinds of racial critique they humanize the slave they explain if not justify black violence they condemn the slaveowner and they expose the instability of white power The black Frankenstein's monster has served as a

powerful metaphor for reinforcing racial hierarchy and as an even more powerful metaphor for shaping anti racist critique Illuminating the power of parody and reappropriation *Black Frankenstein* tells the story of a metaphor that continues to matter to literature culture aesthetics and politics [The Dread of Difference](#) Barry Keith Grant,2015-04-01 *The Dread of Difference* is a classic Few film studies texts have been so widely read and so influential It s rarely on the shelf at my university library so continuously does it circulate Now this new edition expands the already comprehensive coverage of gender in the horror film with new essays on recent developments such as the *Hostel* series and torture porn Informative and enlightening this updated classic is an essential reference for fans and students of horror movies Stephen Prince editor of *The Horror Film* and author of *Digital Visual Effects in Cinema The Seduction of Reality* An impressive array of distinguished scholars gazes deeply into the darkness and then forms a Dionysian chorus reaffirming that sexuality and the monstrous are indeed mated in many horror films *Choice* An extremely useful introduction to recent thinking about gender issues within this genre *Film Theory* **Every Step a Struggle** Frank Manchel,2007 This book pays tribute to the sacrifices and achievements of seven individuals who made difficult and controversial choices to insure that black Americans shared in the evolution of the nation s cultural heritage Transcriptions and analyses of never before published uncensored conversations with Lorenzo Tucker Lillian Gish King Vidor Clarence Muse Woody Strode Charles Gordone and Frederick Douglass O Neal reveal many of the reasons and rationalizations behind a racist screen imagery in the first three quarters of the twentieth century This primary source replete with pictures documentation and extensive annotations recounts through the words of important participants what happened to many film pioneers when a new generation of African Americans rebelled against the nation s stereotyped film imagery A unique historical resource this book is a fitting tribute to these artists reminding us of their courage integrity and perseverance to succeed against great odds The thorough meticulous annotations make it an indispensable addition to collections in film studies and African American studies Denise Youngblood Professor of History University of Vermont The author has taken a unique approach and may have even created a new genre of writing the interview embellished with scholarly commentary It is a fascinating experiment This book belongs in every research library and in all public libraries from mid size to large cities It fills in lacunae between existing studies Peter C Rollins Editor in Chief of *Film History* **African Americans in the West** Douglas Flamming,2009-06-22 Based on the latest research this work provides a new look at the lives of African Americans in the Western United States from the colonial era to the present From colonial times to the present this volume captures the experiences of the westward migration of African Americans Based on the latest research it offers a fresh look at the many ways African Americans influenced and were influenced by the development of the U S frontier African Americans in the West covers the rise of the slave trade to its expansion into what was at the time the westernmost United States from the post Civil War migrations including the Exodusters who fled the South for Kansas in 1879 to the mid 20th century civil rights movement which saw many critical events take place in the

Roberts, David Welky, 2016-03-07 Fully revised updated and extended the fifth edition of Hollywood's America provides an important compilation of interpretive essays and primary documents that allows students to read films as cultural artifacts within the contexts of actual past events A new edition of this classic textbook which ties movies into the broader narrative of US and film history This fifth edition contains nine new chapters with a greater overall emphasis on recent film history and new primary source documents which are unavailable online Entries range from the first experiments with motion pictures all the way to the present day Well organized within a chronological framework with thematic treatments to provide a valuable resource for students of the history of American film Hollywood's African American Films Ryan Jay Friedman, 2011 In 1929 and 1930 during the Hollywood studios conversion to synchronized sound film production white controlled trade magazines and African American newspapers celebrated a vogue for Negro films Hollywood's African American Films argues that the movie business turned to black musical performance to both resolve technological and aesthetic problems introduced by the medium of talking pictures and at the same time to appeal to the white Broadway audience that patronized their most lucrative first run theaters Capitalizing on highbrow associations with white slumming in African American cabarets and on the cultural linkage between popular black musical styles and natural acoustics studios produced a series of African American cast and white cast films featuring African American sequences Ryan Jay Friedman asserts that these transitional films reflect contradictions within prevailing racial ideologies arising most clearly in the movies treatment of African American characters decisions to migrate Regardless of how the films represent these choices they all prompt elaborate visual and narrative structures of containment that tend to highlight rather than suppress historical tensions surrounding African American social mobility Jim Crow codes and white exploitation of black labor **Finding God in All the Black Places** Beretta E. Smith-Shomade, 2024-10-11 This book is also freely available online as an open access digital edition <https://manifold.ecds.emory.edu/projects/finding-god-in-all-the-black-places> https://dhjhkxawhe8q4.cloudfront.net/rup/wp/v2/wp-content/uploads/2025/01/28132142_9781978839809.pdf In Finding God in All the Black Places Beretta E. Smith-Shomade contends that Black spirituality and Black church religiosity are the critical crux of Black popular culture She argues that cultural community and social support live within the Black church and that spirit art and progress are deeply entwined and seal this connection Including the work of artists such as Mary J. Blige, D. Angelo, Erykah Badu, Prince, Spike Lee, and Oprah Winfrey the book examines contemporary Black television, film, music, and digital culture to demonstrate the role, impact, and dominance of spirituality and religion in Black popular culture Smith-Shomade believes that acknowledging and comprehending the foundations of Black spirituality and Black church religiosity within Black popular culture provide a way for viewers, listeners, and users not only to endure but also to revitalize *The American Civil War on Film and TV* Douglas Brode, Cynthia J. Cinema's Original Sin Paul McEwan, 2022-12-13 For over a century cinephiles and film scholars have had to grapple with an ugly artifact that sits at the beginnings of film history D W Griffith's profoundly racist epic *The Birth of a Nation* inspired controversy and protest at its 1915 release and was defended as both a true history of Reconstruction although it was based on fiction and a new achievement in cinematic art Paul McEwan examines the long and shifting history of its reception revealing how the film became not just a cinematic landmark but also an influential force in American aesthetics and intellectual life In every decade since 1915 filmmakers museums academics programmers and film fans have had to figure out how to deal with this troublesome object and their choices have profoundly influenced both film culture and the notion that films can be works of art Some critics tried to set aside the film's racism and concentrate on the form while others tried to relegate that racism safely to the past McEwan argues that from the earliest film retrospectives in the 1920s to the rise of remix culture in the present day controversies about this film and its meaning have profoundly shaped our understandings of film race and art

Christian Association on integration to the use of the arts as a form of activism Freedom Rights not only answers Lawson's call for a more dynamic interactive history of the civil rights movement but it also helps redefine the field **African Americans and the Pacific War, 1941-1945** Chris Dixon,2018-09-20 Dixon provides the first comprehensive study of African American military and social experiences during the Pacific War **The New Historical Dictionary of the American Film Industry** Anthony Slide,2014-02-25 The New Historical Dictionary of the American Film Industry is a completely revised and updated edition of Anthony Slide's The American Film Industry originally published in 1986 and recipient of the American Library Association's Outstanding Reference Book award for that year More than 200 new entries have been added and all original entries have been updated each entry is followed by a short bibliography As its predecessor the new dictionary is unique in that it is not a who's who of the industry but rather a what's what a dictionary of producing and releasing companies technical innovations industry terms studios genres color systems institutions and organizations etc More than 800 entries include everything from Academy of Motion Pictures Arts and Sciences to Zoom Lens from Astoria Studios to Zoetrope Outstanding Reference Source American Library Association
