Faith Lion Cub Upside Downs:

Faith Warner Press,2000 Stories based on the biblical Daniel 3 The image of gold and the blazing furnace

Children's Books in Print, 2007 ,2006 *In Search of God the Mother* Lynn E. Roller,1999-07-13 This book examines one of the most intriguing figures in the religious life of the ancient Mediterranean world the Phrygian Mother Goddess known to the Greeks and Romans as Cybele or Magna Mater the Great Mother Her cult was particularly prominent in central Anatolia modern Turkey and spread from there through the Greek and Roman world She was an enormously popular figure attracting devotion from common people and potentates alike This book is the first comprehensive assembly and discussion of the entire extant evidence concerning the worship of the Phrygian Mother Goddess from her earliest appearance in the prehistoric record to the early centuries of the Roman Empire Lynn E Roller presents and analyzes literary historiographic and archaeological data with equal acuity and flair While previous studies have tended to emphasize the more outrageous aspects of the Mother Goddess s cult such as her orgiastic rituals and the eunuch priests who attended her this book places a special focus on Cybele s position in Anatolia and the ways in which the identity of the goddess changed as her cult was transmitted to Greece and Rome Roller gives a detailed account of the growth spread and evolution of her cult her ceremonies and her meaning for her adherents This book will introduce students of Classical antiquity to many aspects of the Great Mother which have been previously unexamined and will interest anyone who has ever been piqued by curiosity about the Mother Goddess of the ancient Western world **Ambiguous Women in Medieval Art** Monica Ann Walker

Vadillo,2019-12-31 Ambiguous Women in Medieval Art brings together the work of seven researchers who coming from different perspectives and in some cases different disciplines approach the question of ambiguity in relation to different case studies where the represented women do not follow the ever present dichotomy exemplified by Eve and Mary In doing so they demonstrate the complexities of a topic that is as contemporary as it is ancient Through them we can get valuable insights on the understanding and experience of gender in the past and the ways in which these experiences have shaped our own understanding of this topic Wrestling with God Steven T. Katz,Shlomo Biderman,Gershon Greenberg,2007-01-04

Publisher description **Ascending and descending the Acropolis** Wiebke Friese,Soren Handberg,Troels Myrup Kristensen,2019-01-28 Ascending and Descending the Acropolis Mobility in Athenian Religion provides new perspectives on religious mobilities within the geographically limited region of Attica in Greece from the Late Bronze Age to the second century AD Attica is a particularly fruitful region to study these forms of mobility as it provides rich evidence across a range of material and textual sources for a variety of different mobile situations both inside the city of Athens itself such as on and circumnavigating the Acropolis and to sanctuaries in its hinterland for example those of Demeter and Kore at Eleusis and that of Artemis at Brauron as well to as more distant sanctuaries such as Delphi **The Publishers Weekly** ,1972

Malbim's Job ,2003 Street Performers and Society in Urban Japan, 1600-1900 Gerald Groemer,2016-01-13 This book

presents a thoroughly researched and meticulously documented study of the emergence development and demise of music theatre recitation and dance witnessed by the populace on thoroughfares plazas and makeshift outdoor performance spaces in Edo Tokyo For some three hundred years this city was the centre of such arts both sacred and secular This study outlines the nature of the performances explores the social relations which lay behind them and reveals vast complexity an obligation of gift giving on the part of observers performers who were often economic migrants fallen on hard times relations of performance to social class a class system much more finely gradated than the official four caste system and institutions of professional organization and registration enforced by government with penalties for unregistered performers The book discusses how performing witnessing and rewarding performance were closely bound up with economy society and government how the interaction between various groups related to socio economic advancement how the system of street performance reinforced social control and how the balance between different groups shifted over time

The Turning of the Tide Julian F. Pas, 1989 Undoubtedly the greatest problem facing religion in China today is the fundamentally irreconcilable contradiction between Marxism and religious world views These essays published by the Hong Kong Branch of the Royal Asiatic Society in association with Oxford University Press and written by an international group of scholars critically examine different aspects of the present religious state in China

Architects of the Self Calvin Bedient, 2023-11-15 In the post Jane Austen era George Eliot D H Lawrence and E M Forster uniquely probe the evolving nature of selfhood each contributing to a broader dialogue on what it means to be fully human Eliot embodies the Victorian commitment to duty and moral conscience where restraint and selflessness form the highest ideals In stark contrast Lawrence celebrates instinctual vitality emphasizing the authenticity found in embracing bodily desires as a form of spiritual truth Forster positioned between these two extremes advocates a balanced integration of mind and flesh famously urging that we only connect Together these writers represent key perspectives in a shifting era where traditional Christian values gave way to modern self assertion reflecting a spectrum of approaches to identity amid the disintegration of Victorian norms These authors capture the post Christian struggle to redefine human ideals resonating with Nietzsche s individualism and pushing back against Victorian rigidity Eliot Lawrence and Forster each envision a path toward wholeness that reflects the era s rethinking of moral and social values Eliot s structured conscience Lawrence s fervent embrace of natural vitality and Forster s pursuit of harmonious connection reveal the tensions of the human experience between duty and desire spiritual and physical selflessness and fulfillment In their distinct yet complementary ways they mark a cultural and literary transition showing the self as a complex site of conflict and

potential redefining what it means to live fully and meaningfully in a rapidly changing world This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1972
