Handbook World Health Organization, 2009 A new edition of one of Zola's lesser known novels from the Rougon Macquart Cycle Finding the young Anglique on their doorstep one Christmas Eve the pious Hubert couple decide to bring her up as their own As the girl grows up in the vicinity of the town's towering cathedral and learns her parents trade of embroidery she becomes increasingly fascinated by the lives of the saints a passion fueled by her reading of the Golden Legend and other mystical Christian writings One day love in the shape

of F licien Hautecoeur enters the dream world she has constructed around herself bringing about upheaval and distress Although it provides a detailed portrait of provincial 19th century life and it adheres to a naturalist approach The Dream eschews many of the characteristics of Zola s other novels of the Rougon Macquart cycle such as a pronounced polemical agenda or a gritty subject matter offering instead a timeless lyrical tale of love and innocence **Good Laboratory**
