Mark's Gospel John Painter, 2005-06-20 Mark's biography of Jesus is the earliest of the four gospels and influenced them all The distinctive feature of this biography is the quality of good news which presupposes a world dominated by the forces of evil John Painter shows how the rhetorical and dramatic shaping of the book emphasises the conflict of good and evil at many levels between Jesus and the Jewish authorities Jesus and the Roman authorities and the conflict of values within the disciples themselves These matters of content are integral to this original approach to Mark's theodicy while the stylistic issue raises the question of Mark's intended readership John Painter's succinct yet thorough treatment of Mark's gospel opens up not only these rhetorical issues but the social context of the gospel which Painter argues to be that of the Pauline mission to the nations **The End of Mark's Story** Danove, 2022-07-04 This volume generates a narrative grammar which unites linguistic structuralistic rhetorical and reader response methods and then uses it to investigate the textual indicators for interpreting the ending of the Gospel of Mark The first part of this book generates the narrative grammar in response to significant contemporary writings on methods of narrative analysis The second part provides a detailed analysis of the Gospel s larger narrative units. The analysis isolates narrative units according to a consistent set of criteria grounds the interpretation on a limited number of qualifications of the implied reader indicates the centrality of the literary and rhetorical traditions of the Hebrew Bible for interpretation clarifies the model of irony used in the narrative and accounts for the negative presentation of the disciples on narrative grounds Mark's Story of Jesus Dewey Mulholland, 1999-05-26 A missionary scholar who has been studying and teaching the Gospel of Mark for over forty years Dr Mulholland is an insightful expounder of its message guiding us through this account of Jesus the mighty miracle worker who is the Messiah of all nations Informed by the best of academic research Mulholland's lucid and detailed study will prove eye opening as well as soul challenging for its readers Dr Vernon C Grounds Chancellor Denver Seminary During his many years of work as a missionary in Brazil the Rev Dewey Mulholland was enabled to strengthen the church there in a most strategic way In the seminary he helped found in Brasilia the capital he made the inductive study of the Bible in Portuguese central for the training of Christian workers He wanted to teach people how to study the Bible for themselves No boring sermons and Bible lessons from these graduates Studying the Bible the way Mulholland taught them they keep coming up with new exciting insights into the inspired meanings of the Bible Learning to comprehend the biblical text for themselves his students often opened Mulholland's eyes to vital insights into the Marcan meaning This English version of his Marcan commentary makes this accumulation of insights available to us in the Euro American world Seeing the significance that Mark has for people in Latin America helps us to be more enlightened world Christians Dr Daniel P Fuller Senior Professor of Hermeneutics Fuller Theological Seminary The author skillfully combines Mark's emphasis upon Jesus as the Messiah whose Kingdom embraces people of all nations with his portrayal of the Servant who reigns through suffering This message is very relevant to the

The Quest for Home Michael F. Trainor,2001 The Quest for Home offers a way of reading Mark s Gospel from the perspective of home and household It argues that the primary living arrangement of the first Christians and the original audience addressed by the Gospel of Mark was the home This provides both the architectural and theological context for a fresh reading of the Gospel BOOK JACKET The New Chosen People, Revised and Expanded Edition William W. Klein,2015-11-25 Controversy rages on about God s choosing people for salvation Are only the few elect Rather than typically

beginning with the preconceptions of systematic theologies Dr William Klein takes up this question by searching for a biblical theology of election He surveys the OT contexts of God's choosing individuals prophets priests kings to serve divine purposes and considers God's election of the nation of Israel as his special people This OT study proposes that God's election is both individual and corporate but not always determinative Individuals entered the people of God by birth but not all the people found salvation Faith in Yahweh was required This book traces these elective understandings through the intertestamental literature identifying continuities and shifts The bulk of the study and the heart of the argument focus on the New Testament Klein identifies concepts of election and relationships between writers in the gospels the Lucan material Paul's writings and the rest The new covenant God choosing the church in Christ emphasizes election as corporate while the individual election of Jesus disciples and of Paul raises the question whether such chosenness is necessarily salvific In closing Klein discusses the most engaging and divisive questions around God's election and offers a real challenge to today's church Jesus and the Gospels, Third Edition Craig L. Blomberg, 2022-11-15 In Jesus and the Gospels New Testament scholar Craig Blomberg immerses the reader in the historical and cultural world of Gospel narratives for them to better understand and appreciate their focal point Jesus of Nazareth
