Good News Told By Mark:

Mark Robert Gundry, 2000-05 This monumental work presents a careful well argued alternative reading of the Greek text of Mark a reading that pays special attention to such literary devices as word order chiasm inclusio asyndeton and the historical present tense Driving the commentary is Gundry s provocative seldom defended thesis that Mark s Gospel constitutes a straightforward apology for the shameful manner of Jesus death as such Mark is essentially an evangelistic tract rather than an obliquely written handbook of Christian discipleship and church life Sure to become recognized as the heavyweight English commentary on the Gospel of Mark This massive commentary rich with exegetical detail and critical assessment of the secondary literature makes an important contribution not only to Markan research but also to the study of the historical Jesus Christian Scholars Review

The Good News: One Man's Journey Through the Bible Charles M. Miller, 2025-07-29 The work in this book was put together as a devotional to the deeply felt and wonderful study of God s Word the Bible In it through my many sources I have arranged well over fifty topics or subjects if you will along with the chapters and verses in the Bible that reflect the Bible s view concerning these topics As a devotional my book is arranged for you to pick whichever topic or group of topics that interests you My ultimate purpose in putting together this book is to help EVERYONE and ANYONE in THEIR UNDERSTANDING of THE WORD OF GOD the Bible Yes from the most sinful person to the most devoted from the most intellectual to the least capable of understanding Yes from the strong to the weak my purpose is to help ANYONE and EVERYONE to read and understand the Bible Bless you all

Jesus in a World of Colliding Empires, Volume One: Introduction and Mark 1:1--8:29

Mark J. Keown, 2018-03-20 At the time of Christ world politics was an ebb and flow of colliding empires and forces The world knew only dynastic succession and rule by force Israel was swept up in this world Her expectations of deliverance while

diverse had in common the anticipation of violent liberation by an alliance of God the expected one Theo and Israel's forces Her vision included the subjugation of the world to Yahweh Any messianic claimant would be expected to fulfill this hope Mark's story of Jesus must be read against such expectations of military power Mark knows that Jesus' plan of salvation differed radically from this Rather than liberation through revolution it involved deliverance through humble loving service and cross bearing However the disciples follow Jesus but do not understand Jesus' purpose They constantly expect war So the Gospel is then read from Mark's full understanding and the disciples' flawed perspective In volume two of *Jesus in a World of Colliding Empires* Keown continues to unpack Mark's Gospel 8:30-16:8 in which Jesus teaches the disciples what it means to be a Servant Messiah rather than a military conqueror He then draws a range of conclusions and applications from Mark for life today

The Adventures of Mark Johnson Harlan D D Hayman, 2018-06-08 The Adventures of Mark Johnson was written for parents and young children It places focus on our society and how to deal with social issues This book is about a child who grows up in a good environment with loving parents and a caring teacher who tries to impart their values of what is important and good *Mark's Gospel: An Actological Reading* Malcolm Torry, 2022-05-19 This might look like an ordinary commentary on Mark's Gospel but it isn't one It understands reality as Action actions change diversity movement and the dynamic rather than as Being beings the unchanging the unitary rest and the static and it reads Mark's Gospel in the light of that distinctive understanding of reality It is all about action change and diversity and it understands God Jesus and ourselves as action change and diversity The initial chapter introduces the action based understanding of reality as action in changing patterns an actology rather than an ontology Then follows a section by section close study of the Gospel The result is a unique and somewhat unexpected reading of the text and a distinctive theology to match

Preaching Mark's Gospel Richard A. Jensen, 1996 In a classic case of failing to see the forest for the trees Jensen a homiletics professor and author of two works on narrative preaching says that preachers tend to analyze biblical books to glean the slightest bits of exegetical data yet miss the thrust of the overarching story they try to convey Jensen contends that preachers get too caught up in an analytical left brained mentality that obscures the power and meaning of the good news story In these pages Jensen helps us approach Mark's gospel with eyes wide open rather than with microscope in hand He treats Mark's gospel as a narrative whole and challenges preachers to tell the gospel's story to their congregations In doing so Jensen emphasizes the strength of biblical stories He says that these stories are powerful in and of themselves and that they work without much explanatory help The problem is that listeners never hear the entire story because it's always told to them in bits and pieces Jensen's adaptation of what Robert Alter author of *The Art of Biblical Narrative* calls narrative analogy assumes that parallel acts or situations are used to comment on each other in biblical narrative In other words if Mark told story B to flesh out the reality of story A then perhaps preachers today can do the same thing in their preaching Students of Jensen have enthusiastically embraced this approach This is great we never get to hear them stories whole How did it ever occur to us that we could

improve on the story of the Prodigal Son for example by reducing it to ideas Richard A Jensen teaches homiletics at Wartburg Seminary in Dubuque Iowa and Lutheran School of Theology at Chicago He is best known for his ten year stint as preacher for the national radio program Lutheran Vespers He has also produced a television series titled Reflections and one titled Rhapsody
