Goodbye Canada:

The Canada-Israel Nexus Eric Walberg, 2017-11-07 The Canada Israel Nexus is a comparative political history of two settler nations their colonial past their relations with the indigenous peoples on whose territories they created and imposed new states and their close linkages to former and current imperial powers The battle for justice in the Middle East involves treachery terrorism exile apostasy and yes conspiracy It is the stuff of legend of which Canada Israel and their relationship is a crucial part The conflict of interests and rights between the colonizer and the colonized is central to this narrative as is the relationship between Jews and the state in history and how that relationship was transformed by the creation of a Jewish state The history of Israel Palestine is like an accelerated version of Canada's dispossession of native peoples though with differing endgames ethnic cleansing vs forced assimilation Canada is Israel's best friend not just in former Conservative prime minister Harper's words or when a youthful Lester Pearson pushed through the plan for a separate Jewish state leading to Israel's creation and his own Nobel Peace prize but in many little known and unexpected ways On the other hand Canadians have numbered among the few daring questioners of the Holocaust for which they have paid dearly Not least this book examines the central question of the identity of Jews in Canada will they be just that with a primal loyalty to an Israeli homeland or will they become Jewish Canadians even anti Zionist Canadians melting easily into Canadian popular culture itself replete with the influence of Jewish east European Yiddishkeit **Visions of Canada** Carleton University, 2004 More than 20 public intellectuals provide their unique vision of Canada from the perspectives of the arts sciences economics politics and foreign relations Contributors include Jacob Viner F R Scott Jean Charles Falardeau Harry Johnson J A Corry James Eayres Kenneth Hare Scott Gordon Jane Jacobs Maurice Strong Mordecai Richler John Hirsch Guy Rocher Charles Taylor Stanley Roberts Michael Kirby John Meisel Sylvia Ostry Larkin Kerwin Peter Loughheed Mel Hurtig Allan Gotlieb Lise Bissonnette and Bernard Ostry *Dear Canada: A Prairie as Wide as the Sea* Sarah Ellis, 2011-09-01 Ivy Weatherall is just 11 years old when her family leaves England for the promised riches of Canada's expanding West They've come to join her uncle for the available land the lush harvests and the opportunity for success But in Milorie Saskatchewan their dreams crumble into dust when they reach Uncle Alf's small sod hut and discover that jobs are scarce and that they can barely make ends meet Ivy's relatives pack up and head back to England but to Ivy Canada is full of wonder and beginning to feel like home There are challenges in her new life but Ivy's feisty character and her sense of wonder for a prairie as wide as the sea make her adventure one that readers won't easily forget Vetted by a historical expert this book contains maps period illustrations documents and an extensive historical note *The Dundurn Group* The Dundurn Group, [Canadian Mining Journal](#), 1928 [Timing Canada](#) Paul Huebener, 2015-12-01 From punch clocks to prison sentences from immigration waiting periods to controversial time zone boundaries from Indigenous grave markers that count time in centuries rather than years to the fact that free time is shrinking faster for women than for men time shapes the fabric of Canadian society

every day but in ways that are not always visible or logical In *Timing Canada* Paul Huebener draws from cultural history time use surveys political statements literature and visual art to craft a detailed understanding of how time operates as a form of power in Canada Time enables everything we do as Margaret Atwood writes without it we can't live However time also disempowers us divides us and escapes our control Huebener transforms our understanding of temporal power and possibility by using examples from Canadian and Indigenous authors including Jeannette Armstrong Joseph Boyden Dionne Brand Timothy Findley Lucy Maud Montgomery Gabrielle Roy and many others who witness question dismantle and reconstruct the functioning of time in their works As the first comprehensive study of the cultural politics of time in Canada *Timing Canada* develops foundational principles of critical time studies and everyday temporal literacy and demonstrates how time functions broadly as a tool of power privilege and imagination within a multicultural and multi temporal nation

Nazi UFOs S.D. Tucker, 2022-10-24 *Nazi UFOs* tells the strange tale of how following the first alleged flying saucer sightings made in the USA in 1947 a series of fantasists and neo fascists came forward to create a media myth that the Nazis may have invented these incredible craft as a means for winning the Second World War a plan which was tantalisingly close to completion before the Allies conquered Berlin in 1945 Today the fantasy of Nazi UFOs has grown into an entire mythology in books on TV and online Did Germany back engineer anti gravity craft and even a full blown time machine by stripping technology from a crashed alien saucer Did the SS secretly invent Green technology for use in their star ship engines and was this planet saving discovery later suppressed at the behest of a sinister Big Oil conspiracy Did Himmler try to develop lightning weapons for use in aerial combat By contrasting the fake military industrial pseudo histories of Nazi UFO theorists with details of real life Nazi aerospace achievements the author demonstrates both how this modern day mythology came about and how it cannot possibly be more than fractionally true For the first time this fake alternative military history is laid out in full This book features an appealing cast of con men and spies complete madmen real life Nazis and completely made up ones operating right across the globe from South America to wartime Europe and Japan A good example may be the mad professor Viktor Schauberger who actually genuinely did manage to gain a personal audience with Adolf Hitler in order to try and convince him that he had discovered and then exploited some amazing new source of natural free energy which could make objects such as saucers in the opinion of some float Hitler dismissed his plan but it does nonetheless show how close some bizarre schemes came to being implemented in Nazi Germany

Quality Agriculture John Kempf, 2020-06-11 An

increasing number of farmers and scientists believe the foundational ideas of mainstream agronomy are incomplete and unsound. Conventional crop production ignores biology in favor of chemical interventions leading farmers to buy inputs they don't need. Fertilizer recommendations keep going up, pest pressure becomes more intense, pesticide applications are needed more often, and soil health continues to degrade. However, innovative growers and researchers are beginning to think differently about production agriculture systems. They have developed practices that regenerate soil and plant health and that deliver much better results than mainstream methods. Using these principles, growers are able to decrease fertilizer applications, reduce disease and insect pressure, hold more water in the soil, improve soil health, and grow crops that are more resilient to climatic extremes, increasing farm profitability immediately. As a leading agronomist and teacher, John Kempf has implemented regenerative agricultural systems on millions of acres across many different crop types and growing regions with his team at Advancing Eco Agriculture. In *Quality Agriculture*, John interviews a group of growers, consultants, and scientists who describe how to think and farm differently in order to produce exceptional results in the field. Their remarkable insights will challenge you, encourage you, and inspire gratitude and joy for the rewards of working with natural systems.

Guardians on Trial Anthony Hall, 2003-02-01. Governments in Canada today are facing a fiscal crisis. In recent years, both Ottawa and many of the provinces have undertaken cost-cutting measures such as reducing program spending and streamlining the public service in an attempt to get their fiscal houses in order. Yet these efforts have barely even begun to address the problem. Governments still find themselves strapped for cash, struggling to find enough money to keep our most cherished social programs afloat while continuing to make payments on the billions of dollars in debt they owe to the rest of the world. How did we get to this point? The answer is that for more than thirty years, the people we elected to office and the public servants who ostensibly worked under their direction essentially squandered our tax dollars. Operating within a political culture that promoted a spend now, pay later philosophy, governments across the country embarked on a program of unchecked public spending; they carelessly sank our money into new institutions, typically without any thought to their sustainability in the future. Why did this recklessness go unchallenged? This is the central question posed in *Guardians on Trial*, a collection of essays transcribed from interviews gathered for a documentary film. The conversations with politicians, public servants, academics, and business leaders, with insiders' knowledge, shine a light on government economic mismanagement and its inevitable consequences.

Our Life Our Way William L. Rush, 2019-10-29. *Our Life Our Way* A Memoir of Active Faith, Profound Love, and Courageous Disability Rights explores an extraordinary love story grown out of engagement with both disability rights advocacy and Christian faith communities. This important memoir contains thoughtful, often entertaining, and sometimes heart-wrenching anecdotes of a couple's journey to create their profoundly intimate relationship and Christian marriage in a world not yet ready for them. William Rush and Christine Robinson's timely meeting when the United States was close to granting civil rights to all Americans with disabilities sets the stages for their intensely

human and difficult journey of breaking down many societal and systemic barriers to full participation in the larger society How will the couple deal with the local KKK grand dragon who is threatening William an outspoken person with a significant disability How will they respond to posturing state politicians using persons with disabilities as bargaining chips with potentially dire consequences How will they react to well meaning but not always well informed government officials pushing quick fixes Against such opposition can they create their own life supported by their local disability rights and Christian faith communities Girded by a local Christian congregation s willingness to engage with this nontraditional couple their faith is tested and grows stronger through much adversity Faith filled acts of mercy and grace and active and meaningful participation provide restoration on their arduous journey Deepening their relationship with God results in a desire for a Christian marriage Through a series of vignettes several deeply human themes are explored developing enduring relationships standing up for one s rights and advocating for one s needs and what it means to growing deeply in love with a faithful God while tribulations abound Through sheer grit they model for each of us how to create our own lives our own way

Reflections on Canadian Character Bob Couchman,2014-10-01 In *Reflections on Canadian Character* From Monarch Park to Monarch Mountain Bob Couchman offers a critical examination of Canada's social welfare state and its evolution The story begins in the 1940s in Monarch Park a working class neighbourhood where the community provided assistance and care when people were in need and government programs were viewed as a temporary helping hand for those who were destitute or suffering In the 1950s and 1960s government expanded its social welfare agenda and Canadian attitudes began to change Social programs that were intended to provide short term aid came to be viewed as a universal right something all Canadians were entitled to regardless of need or financial situation Couchman witnessed first hand the effects of this shift away from collective responsibility and toward individual entitlement While Canadians increasingly depend on government for aid many programs fail to provide adequate support Such failures combined with the fundamental change in the character of Canadians threaten our very future as a caring society
