James,1996-12-17 David James insists that popular resistance to domination by the culture industry must intervene at the point of production rather than consumption In its most resolute instances from the poetry of William Blake to the British Miners Campaign Tape Project alternative culture has fused with radical politics Authoritatively mapping the terrain of cultural resistance under capitalism James examines the material contradictions and the utopian potentials articulated in John Berger s fiction Dada rock music the films of Andy Warhol and Jonas Mekas and the poetry of punk **Operation Babylift** Ian W. Shaw,2019-05-28 In late March 1975 as the Vietnam War raged an Australian voluntary aid worker named Rosemary Taylor approached the Australian Embassy seeking assistance to fly 600 orphans out of Saigon to safety Rosemary and Margaret Moses two former nuns from Adelaide had spent eight years in Vietnam during the war building up a complex of nurseries to house war orphans and street waifs as the organisation that built up around them facilitated international adoptions for the children As the North Vietnamese forces closed in on their nurseries they needed a plan to evacuate the children or all their work might count for little Based on extensive archival and historical research and interviews of some of those directly involved in the events described Operation Babylift details the last month of the Vietnam War from the perspective of the most vulnerable victims of that war the orphans it created Through the story of the attempt to save 600 children we see how a small group of determined women refused to play political games as they tried to remake the lives of a forgotten generation one child at a time **Indian Country** Philip Caputo,2012-06-13 Indian Country is a sweeping brave and compassionate story from one of our most acclaimed chroniclers of the Vietnam experience Christian Starkmann follows his boyhood friend an Ojibwa Indian called Bonny George from the wilderness of Michigan s Upper Peninsula where they roamed hunted and fished in their youths to the wilderness of Vietnam where they serve as soldiers in the same platoon After returning home from the war his friend buried on the battlefield he left behind Christian begins to make a life for himself Yet years later although he is happily married to June a good hearted social worker and has two daughters Christian is still fighting with the searing memories of combat with the paranoid visions that are clouding his marriage and threatening his career and most of all with the ghost of Bonny George who haunts his dreams and presses him to come to terms with a secret so powerful it could destroy everything he has built **Born in the U.S.A.** Jim Cullen,2005-06-14 A thinking person s exploration of the cultural significance of Bruce Springsteen **From Hanoi to Hollywood** Linda Dittmar,Gene Michaud,1990 This volume is about power It is about the power to make war and to destroy lives It is also about another kind of power the power to make images that may distort displace and destroy knowledge of the times in which those lives were lived Many of the nineteen essays gathered in this

volume are about the interrelationships between these two types of power. They demonstrate as well yet another type of power: the power of critical thinking to challenge dangerous myths and to confront prevailing ideologies. The title of this anthology calls attention to the process whereby aspects of the Vietnam War have been appropriated by the American cultural industry. Probing the large body of emotion-laden controversial films from Hanoi to Hollywood is concerned with the retelling of history and the retrospection that such a process involves. In this anthology, an awareness of film as a cultural artifact that molds beliefs and guides action is emphasized; an awareness that the contributors bring to a variety of films. Their essays span over one hundred documentary and fiction films and include in-depth analyses of major commercial films ranging from *Apocalypse Now* to *Platoon*, *Rambo*, *First Blood Part II* and *Full Metal Jacket* and documentaries from *In the Year of the Pig* to *Dear America: Letters Home from Vietnam*. The essays in this volume deal with representations of the Vietnam War in documentary film and television reporting, examining the ways the power of film is used to deliver political messages. There are surprises here: new readings and important insights on the ways we as a society have attempted to come to terms with the experiences of the Vietnam era. The book also contains two appendixes: a detailed chronology charting the relationship between major historical events and the release of American war films from 1954 through 1988 and a filmography listing information on over four hundred American and foreign films about the Vietnam War.

Encyclopedia of Great Popular Song Recordings Steve Sullivan, 2013-10-04 From John Philip Sousa to Green Day from Scott Joplin to Kanye West from Stephen Foster to Coldplay. The *Encyclopedia of Great Popular Song Recordings* Volumes 1 and 2 covers the vast scope of its subject with virtually unprecedented breadth and depth. Approximately 1,000 key song recordings from 1889 to the present are explored in full, unveiling the stories behind the songs, the recordings, the performers, and the songwriters. Beginning the journey in the era of Victorian parlor balladry, brass bands, and ragtime with the advent of the record industry, readers witness the birth of the blues and the dawn of jazz in the 1910s and the emergence of country music on record and the shift from acoustic to electrical recording in the 1920s. The odyssey continues through the Swing Era of the 1930s, rhythm and blues, the rock and roll era, the British invasion, and the folk rock movement of the 1960s and finally into the modern era through the musical streams of disco, punk, grunge, hip hop, and contemporary dance pop. Sullivan, however, also takes critical detours by extending the coverage to genres neglected in pop music histories: from ethnic and world music, the gospel recording of both black and white artists, and lesser-known traditional folk tunes that reach back hundreds of years. This book is ideal for anyone who truly loves popular music in all of its glorious variety and anyone wishing to learn more about the roots of virtually all the music we hear today. Popular music fans as well as scholars of recording history and technology and students of the intersections between music and cultural history will all find this book to be informative and interesting.

bites get to the essence of each song and each musician's contribution to the music of our age. The single song focus makes the book unique. It's a playlist for R n R professors and the general public written with a collegiate vocabulary, tight organization, and a respect for all. Hearing Elvis for the first time was like busting out of jail. Bob Dylan. That being said, no one is being incited here to bust out of jail or to emulate the quixotic habits of rock stars. There's nothing in here to hide from the kids, the clergy, or grandma. Gold Rush can be used as a university or community college text, but most people will grab it for the sheer pleasure of reading about everyone's favorites. Great gift for Rock enthusiasts. Gold Rush is the first book of its kind to feature a celebration of the great single songs of the rock era and beyond. Gold Rush takes thousands of songs spanning three centuries and brings them back uniquely as if they came out just yesterday. Gold Rush unites the Anglo-American and later worldwide spirit of Rock and Roll in a tapestry of interconnected melodies and adventures. As Leonard Maltin's Movie Guide helps you select videos at Blockbuster, so Gold Rush is a powerful playlist for your music collection with many new and fascinating photos of favorite stars. Gold Rush explains the most important stories behind the songs you picked to be played. The songs that went gold from the 1897 Alaska Klondike Gold Rush to the 1 songs of today and beyond. **Rock Song Index**

Bruce Pollock, 2014-03-18. The Rock Song Index Second Edition is a new version of a well-received index to the classic songs of the rock canon from the late 40s through the end of the 20th century. The study of the history of rock music has exploded over the last decade; all college music departments offer a basic rock history course covering the classic artists and their songs. **Losing Binh Dinh** Kevin M. Boylan, 2016-12-12. Americans have fought two prolonged battles over Vietnam: one in southeast Asia and one ongoing even now at home over whether the war was unnecessary, unjust, and unwinnable. Revisionist historians who reject this view have formulated many contra-factual scenarios for how the war might have been won, but also put forward one historically testable hypothesis: namely, that the war actually was won after the 1968 Tet Offensive, only to be thrown away later through a failure of political will. It is this Lost Victory hypothesis that Kevin M. Boylan takes up in *Losing Binh Dinh*, aiming to determine once and for all whether the historical record supports such a claim. Proponents of the Lost Victory thesis contend that by 1972 President Richard Nixon's policy of Vietnamization had effectively eliminated South Vietnamese insurgents, pacified the countryside, and prepared the South Vietnamese to defend their own territory with only logistical and financial support from Americans. Rejecting the top-down approach favored by Revisionists, Boylan examines the facts on the ground in Binh Dinh, a strategically vital province that was the second most populous in South Vietnam, controlled key transportation routes, and contained one of the nation's few major seaports as well as the huge US Air Force base at Phu Cat. Taking an in-depth look at operations that were conducted in the province, Boylan is able to uncover the fundamental flaw in the dual objectives of Vietnamization and Pacification: namely, that they were mutually exclusive. The inefficiency and corruption of the South Vietnamese government and armed forces was so crippling that progress in pacification occurred only when Americans took the lead, which in turn left the South Vietnamese even more dependent on
