Gordon Brown The Biography The Biography:

Gordon Brown Paul Routledge,1998 Written with Gordon Brown's full co-operation this is the only biography about the Chancellor of the Exchequer. It tells his remarkable story and takes us behind the scenes of the new government's first Budget. My Life, Our Times Gordon Brown,2018-08-28 THE SUNDAY TIMES BESTSELLER Gordon Brown has been a guiding force for Britain and the world over three decades. This is his candid, poignant and deeply relevant story. In describing his upbringing in Scotland as the son of a minister, the near loss of his eyesight as a student and the death of his daughter within days of her birth, he shares the passionately held principles that have shaped and driven him, reminding us that politics can and should be a calling to serve. He explains how, as Chancellor, he equipped Britain for a globalised economy while swimming against the neoliberal tide and shows what more must be done to halt rising inequality. In his behind-the-scenes account of the financial crisis and his leading role in saving the world economy from collapse, he addresses the question of who was to blame for the crash and why its causes and consequences still beset us. From the invasion of Iraq to the tragedy of Afghanistan, from the coalition negotiations of 2010 to the referendums on Scottish independence and Europe, Gordon Brown draws on his unique experiences to explain Britain's current fractured condition. And by showing us what progressive politics has achieved in recent decades, he inspires us with a vision of what it might yet achieve today. **biography** John Trotwood Moore,1923 **A Dictionary of Political Biography** Christopher Riches,Dennis Kavanagh,2013-09-19 Originally compiled by an expert team of contributors, this dictionary covers all the major figures in world politics of the twentieth century. Authoritative and wide-ranging, it describes and assesses the lives of more than 1,100 men and women who have shaped political events across the world. Each entry includes an account of the background, career and achievements of the individual concerned, balancing fact with critical appraisal. This second edition, commissioned especially for Oxford Reference, contains over 25 new entries and the whole text has been thoroughly revised and updated. **Gordon Brown** Tom Bower,2007 Tom Bower documents the rise to power of a driven and complex politician and exposes how the ambitions of the Labour Party's leader, Gordon Brown, will affect the country for decades to come. *A Cyclopaedia of Canadian Biography* George Maclean Rose,1886 *The Dictionary of National Biography* Leslie Stephen,Sir Sidney Lee,1927 **A Cyclopaedia of Canadian Biography** George Maclean Rose,1886 **Gordon Brown** Tom Bower,2005 *Dictionary of National Biography* Sir Sidney Lee,1920 *The British Labour Party in Opposition and Power 1979-2019* Patrick Diamond,2021-01-18 This book provides a novel account of the Labour Party's years in opposition and power since 1979, examining how New Labour fought to reinvent post-war social democracy, reshaping its core political ideas. It charts Labour's sporadic recovery from political disaster in the 1980s, successfully making the arduous journey from opposition to power with the rise and ultimate fall of the governments of Tony Blair and Gordon Brown. Forty years on from the 1979 debacle, Labour has found itself on the edge of oblivion once again. Defeated in 2010, it entered a further cycle of degeneration and decline.

Like social democratic parties across Europe Labour failed to identify a fresh ideological rationale in the aftermath of the great financial crisis Drawing on a wealth of sources including interviews and unpublished papers the book focuses on decisive points of transformational change in the party s development raising a perennial concern of present day debate namely whether Labour is a party capable of transforming the ideological weather shaping a new paradigm in British politics or whether it is a party that should be content to govern within parameters established by its Conservative opponents This text will be of interest to the general reader as well as scholars and students of British politics British political party history and the history of the British Labour Party since 1918 **Current Biography** ,1948 Dictionary of Labour Biography
