**Patricia Bizzell, Bruce Herzberg, Robin  
Reames**

## **Gorgias And The New Sophistic Rhetoric:**

*Gorgias and the New Sophistic Rhetoric* Bruce McComiskey, 2002 In *Gorgias and the New Sophistic Rhetoric* Bruce McComiskey achieves three rhetorical goals he treats a single sophist's rhetorical techné in the context of the intellectual upheavals of fifth century BCE Greece thus avoiding the problem of generalizing about a disparate group of individuals he argues that we must abandon Platonic assumptions regarding the sophists in general and Gorgias in particular opting instead for a holistic reading of the Gorgianic fragments and he reexamines the practice of appropriating sophistic doctrines particularly those of Gorgias in light of the new interpretation of Gorgianic rhetoric offered in this book In the first two chapters McComiskey deals with a misconception based on selective and Platonic readings of the extant fragments that Gorgias's rhetorical techné involves the deceptive practice of manipulating public opinion This popular and ultimately misleading interpretation of Gorgianic doctrines has been the basis for many neosophistic appropriations The final three chapters deal with the nature and scope of neosophistic rhetoric in light of the non Platonic and holistic interpretation of Gorgianic rhetoric McComiskey postulates in his opening chapters He concludes by examining the future of communication studies to discover what roles neosophistic doctrines might play in the twenty first century McComiskey also provides a selective bibliography of scholarship on sophistic rhetoric and philosophy in English since 1900

**Five Chapters on Rhetoric** Michael Shalom Kochin, 2010-11 Examines concepts for persuasive communication Explores the art of rhetoric and how it aids in clarification when we speak to communicate but also helps to protect us from clarity when we speak to maintain our connections to others Provided by publisher

**A Companion to Greek Rhetoric** Ian Worthington, 2010-01-11 This complete guide to ancient Greek rhetoric is exceptional both in its chronological range and the breadth of topics it covers Traces the rise of rhetoric and its uses from Homer to Byzantium Covers wider ranging topics such as rhetoric's relationship to knowledge ethics religion law and emotion Incorporates new material giving us fresh insights into how the Greeks saw and used rhetoric Discusses the idea of rhetoric and examines the status of rhetoric studies present and future All quotations from ancient sources are translated into English

**The Present State of Scholarship in the History of Rhetoric** Lynée Lewis Gaillet, Winifred Bryan Horner, 2010-03-15 Through two previous editions *The Present State of Scholarship in Historical and Contemporary Rhetoric* has not only introduced new scholars to interdisciplinary research but also become a standard research tool in a number of fields and pointed the way toward future study Adopting research methodologies of revision and recovery this latest edition includes all new material while still following the format of the original and is constructed around bibliographical surveys of both primary and secondary works addressing the Classical Medieval Renaissance and eighteenth through twentieth century periods within the history of rhetoric *The Present State of Scholarship in the History of Rhetoric* doesn't simply update but rather recasts study in the history of rhetoric The authors experienced and well known scholars in their respective fields redefine existing strands of rhetorical study within the

periods expand the scope of rhetorical engagement and include additional figures and their works The globalization and expansion of rhetoric are demonstrated in each of these parts and seen clearly in the inclusion of more female rhetors discussions of historical and contemporary electronic resources and examinations of rhetorical practices falling outside the academy and the traditional canon New to this edition is a cumulative review of twentieth century rhetoric along with a thematic index designed to facilitate interdisciplinary or specialized study and scholarly research across the traditional historical periods As programs incorporating rhetorical studies continue to expand at the university level students and researchers are in need of up to date bibliographical resources No other work matches the scope and approach of *The Present State of Scholarship in the History of Rhetoric* which carries scholarship on rhetoric into the twenty first century

Gertrude Stein and the Reinvention of Rhetoric Sharon Kirsch, 2014-11-30 *Gertrude Stein and the Reinvention of Rhetoric* posits that Stein was not only an influential literary modernist but also one of the twentieth century's preeminent rhetoricians Jean Baudrillard Brian Gogan, 2017-11 This work is the first book length treatment of Jean Baudrillard as a rhetorical theorist The Rhetorical Tradition Patricia Bizzell, Bruce Herzberg, Robin Reames, 2020-06-24 *The Rhetorical Tradition* the first comprehensive anthology of primary texts covering the history of rhetoric examines rhetorical theory from classical antiquity through today Extensive editorial support makes it an essential text for the beginning student as well as the professional scholar **Placing the History of College Writing** Nathan Shepley, 2016-03-22 Pre 1950s composition history if analyzed with the right conceptual tools can pluralize and clarify our understanding of the relationship between the writing of college students and the writing's physical social and discursive surroundings *Rhetoric on the Margins of Modernity* C. L. Hobbs, 2002 **Microhistories of Composition** Bruce McComiskey, 2016-04-01 Writing studies has been dominated throughout its history by grand narratives of the discipline but in this volume Bruce McComiskey begins to explore microhistory as a way to understand enrich and complicate how the field relates to its past Microhistory investigates the dialectical interaction of social history and cultural history enabling historians to examine uncommon sites objects and agents of historical significance overlooked by social history and restricted to local effects by cultural history This approach to historical scholarship is ideally suited for exploring the complexities of a discipline like composition Through an introduction and eleven chapters McComiskey and his contributors including major figures in the historical research of writing studies such as Louise Wetherbee Phelps Kelly Ritter and Neal Lerner develop focused narratives of particular significant moments or themes in disciplinary history They introduce microhistorical methodologies and illustrate their application and value for composition historians contributing to the complexity and adding momentum to the emerging trend within writing studies toward a richer reading of the field's past and future Scholars and historians of both composition and rhetoric will appreciate the fresh perspectives on institutional and disciplinary histories and larger issues of rhetorical agency and engagement enacted in writing classrooms that are found in *Microhistories of Composition* Other contributors

include Cheryl E Ball Suzanne Bordelon Jacob Craig Matt Davis Douglas Eyman Brian Gogan David Gold Christine Martorana Bruce McComiskey Josh Mehler Annie S Mendenhall Kendra Mitchell Antony N Ricks David Stock Kathleen Blake Yancey Bret Zawilski and James T Zebroski

The Sophists, 2013-10-10 The Sophists were bold exciting innovators with new ideas about Athenian society The first to arrive in about 444 BC was Protagoras During the last half of the fifth century BC he was followed by a succession of new age itinerant instructors who were skilled in teaching Mainly they taught the young ambitious men of Athens instilling in them the skills they sought in order to become successful that is rich and influential The Athenians flocked to hear them and enrol in their courses The Sophists dared to charge high fees for their instruction and their students willingly paid The Sophists were versatile and multi talented It seems that there was nothing one or other of them could not teach but perhaps their greatest legacy to western society was their development of language which naturally also benefited them in their work Plato criticised the Sophists for promoting dangerous ideas which threatened the traditional structure of society They taught their students how to argue convincingly and to turn the weaker argument into a winning argument against the stronger Plato was markedly vitriolic in his criticism of the Sophists Perhaps he was justified Were the Sophists clever rather than wise Where does the truth lie This book with its lively comprehensive treatment of the subject by twenty leading scholars in the field will help the reader to decide

**Where Writing Begins: A Postmodern Reconstruction (Rhetorical Philosophy and Theory)** Michael Carter, 2003

*Classical Greek Rhetorical Theory and the Disciplining of Discourse* David M. Timmerman, Edward Schiappa, 2010-03-22 This book contributes to the history of classical rhetoric by focusing on how key terms helped to conceptualize and organize the study and teaching of oratory David Timmerman and Edward Schiappa demonstrate that the intellectual and political history of Greek rhetorical theory can be enhanced by a better understanding of the emergence of terms of art in texts about persuasive speaking and argumentation The authors provide a series of studies to support their argument They describe Plato's disciplining of dialgesthai into the Art of Dialectic Socrates alternative vision of philosophia and Aristotle's account of demegoria and symboule as terms for political deliberation The authors also revisit competing receptions of the Rhetoric to Alexander Additionally they examine the argument over when the different parts of oration were formalized in rhetorical theory illustrating how an old school focus on vocabulary can provide fresh perspectives on persistent questions

*How to Make Our Signs Clear* Martin Švantner, Vít Gvoždíak, 2017-09-25 How to Make Our Signs Clear is the result of an international cooperation between European and Brazilian Peircean scholars I A Ibri E Vi ovsk C Paolucci and others and strives to dispel simplifications of Peirce's semiotic as well as to collect various insights into it and into its consequences for philosophy especially philosophy of language pragmatism and epistemology The central theme of this book is the notion of the sign as a specific triadic relational unit treated from various perspectives and applied to various fields of philosophy semeiotic knowledge grows up from the discussions common interests and possible conflicts between the readers of Peirce's works This book does not offer a general

overview of Peirce's theory of signs but rather various analyses of consequences of some capacities of his semiotic **Poet and Orator** Andreas Markantonatos, Eleni Volonaki, 2019-04-01 This multiauthored volume as well as bringing into clearer focus the notion of drama and oratory as important media of public inquiry and critique aims to generate significant attention to the unified intentions of the dramatist and the orator to establish favourable conditions of internal stability in democratic Athens We hope that readers both enjoy and find valuable their engagement with these ideas and beliefs regarding the indissoluble bond between oratorical expertise and dramatic artistry This exciting collection of studies by worldwide acclaimed classicists and acute younger Hellenists is envisaged as part of the general effort almost unanimously acknowledged as valid and productive to explore the impact of formalized speech in particular and craftsmanship rhetoric in general upon Attic drama as a moral and educational force in the Athenian city state Both poet and orator seek to deepen the central tensions of their work and to enlarge the main themes of their texts to even broader terms by investing in the art of rhetoric whilst at the same time through a skillful handling of events evaluating the past and establishing standards or ideology The Oxford Handbook of Rhetorical Studies Michael J. MacDonald, 2017-09-20 One of the most remarkable trends in the humanities and social sciences in recent decades has been the resurgence of interest in the history theory and practice of rhetoric in an age of global media networks and viral communication rhetoric is once again contagious and communicable Friedrich Nietzsche Featuring sixty commissioned chapters by eminent scholars of rhetoric from twelve countries The Oxford Handbook of Rhetorical Studies offers students and teachers an engaging and sophisticated introduction to the multidisciplinary field of rhetorical studies The Handbook traces the history of Western rhetoric from ancient Greece and Rome to the present and surveys the role of rhetoric in more than thirty academic disciplines and fields of social practice This combination of historical and topical approaches allows readers to chart the metamorphoses of rhetoric over the centuries while mapping the connections between rhetoric and law politics science education literature feminism poetry composition philosophy drama criticism digital media art semiotics architecture and other fields Chapters provide the information expected of a handbook discussion of key concepts texts authors problems and critical debates while also posing challenging questions and advancing new arguments In addition to offering an accessible and comprehensive introduction to rhetoric in the European and North American context the Handbook includes a timeline of major works of rhetorical theory translations of all Greek and Latin passages extensive cross referencing between chapters and a glossary of more than three hundred rhetorical terms These features will make this volume a valuable scholarly resource for students and teachers in rhetoric English classics comparative literature media studies communication and adjacent fields As a whole the Handbook demonstrates that rhetoric is not merely a form of stylish communication but a pragmatic inventive and critical art that operates in myriad social contexts and academic disciplines Building a Social Democracy Robert Danisch, 2015-11-06 Building a Social Democracy examines the various types of communication practices that are necessary

to build a social democracy Danisch contends that rhetorical pragmatism improves our sociopolitical circumstances by turning questions about epistemology into questions about communication practices      *Paul and Rhetoric* J. Paul Sampley, Peter Lampe, 2013-06-20 *Paul and Rhetoric* contains essays that have been presented in a seminar called Paul and Rhetoric in the annual meetings of the Studiorum Novi Testamenti Societas the leading international forum for New Testament and Christian Origin scholars Translated into English these essays by leaders in the field and in the topic engage and represent modern scholarship on Paul and rhetorical studies The foundational essays are listed under the heading State of the Discussion attempting to take the major rhetorical categories of the time contemporary with Paul types of rhetoric invention and arrangement and figures and tropes and first lays out where the discussion is now They then note the problems and highlights where continued discussion and deliberation would be helpful The Broad Questions section asks what can be learned about reading Paul's letters to congregations in light of ancient epistolography how theology and rhetoric are related because the two are often treated as if they are alien to one another and how ancient rhetoric and ancient psychology are associated with one another All in all a volume that illustrates examines and assesses where we are now in the study of rhetorical traditions in Pauline scholarship and in some instances suggests the direction of future studies      **Ben Jonson and the Politics of Genre** A. D. Cousins, Alison V. Scott, 2009-02-19 This study considers how Jonson threaded his political views into the various literary genres in which he wrote Renowned scholars offer perspectives on many of Jonson's major works and together they reassess his political life in Jacobean and Caroline Britain      *Rhetorical Citizenship and Public Deliberation* Christian Kock, Lisa S. Villadsen, 2012 A collection of essays examining citizenship as a discursive phenomenon in the sense that important civic functions take place in deliberation among citizens and that discourse is not prefatory to real action but in many ways constitutive of civic engagement Provided by publisher
