Goss And Other Crested China:

Goss and Other Crested China Nicholas Pine,1986 *Goss and Other Crested China* Nicholas J. Pine,1984-01-01 William Henry Goss first decorated porcelain with coats of arms in the 1870 s and thereby sowed the seeds of a craze which was shortly to sweep Britain Heraldic porcelain from the Goss factory and dozens of competitors was on sale from 1895 to 1915 and it is estimated that 90 percent of British homes possessed at least one piece during that period But the trade declined during the First World War and came to an end with the depression of the 1930 s There has been a revival of interest in heraldic porcelain since the early 1970 s and it has become popular with collectors This book tells the story of Goss and his competitors explores the vast range of pieces produced and their decorations and suggests possible themes for the collector many of which are illustrated *Souvenirs* Michael Hitchcock,Ken Teague,2019-09-16 This title was first published in 2000 *Souvenirs* broadly conceived are generally thought to be the material counterpart of travels events relationships and memories of all kinds The material items classed as souvenirs discussed in this text have memorial functions usually connected with the owner s travels But not all of the items are souvenirs of tourism they are also souvenirs of other past phenomena such as political events suffragettes colonial history India former artistic pre eminence Awaji Ningyo puppetry or former ways of life South American ceramic archaisms The authors do not necessarily focus on material souvenirs in their memorial function as prompters of memory They also use their case studies as starting points for the discussion of many interesting contemporary phenomena such as cottage industries for economic development in Mexico and Ainu as devices to invigorate or maintain artistic practices as emblems of cultural conformity Surrealists or as symbolic weapons in national and international political arguments A key focus of many of the chapters is the question of meaning what is the meaning of any particular souvenir or collection and for whom does it bear that meaning *Writer's Market 2010* Caroline Taggart,2010-06-30 THE MOST TRUSTED GUIDE TO GETTING PUBLISHED Written by writers for writers and backed by 89 years of authority Writer s Market is the 1 resource for helping writers sell their work Used by both seasoned professionals and writers new to the publishing world Writer s Market has helped countless writers transform their love of writing from a hobby into a career Nowhere else but in the 2010 Writer s Market will you find the most comprehensive and reliable information you need This new edition includes Complete up to date contact information and submission guidelines for more than 3 500 market listings including literary agents book publishers magazines newspapers production companies theaters greeting card companies and more Informative interviews helpful tips and instructional articles on the business of writing The How Much Should I Charge pay rate charts for professional freelancers Sample good and bad queries in the Query Letter Clinic Easy to use format and tabbed pages so you can quickly locate the information you need **Antiquarian Horology and the Proceedings of the Antiquarian Horological Society** ,1974 **Buttonhooks and Shoehorns** Sue Brandon,1984 The everyday need for a buttonhook began in the early nineteenth century when it was used as an accessory to

M. Edwards,2022-05-05 Armorial porcelains comprised the output of most European ceramics factories in the 18th and 19th Centuries in response to the large quantity of armorial porcelain services that were being imported from China bearing the coats of arms and crests of aristocratic families Whereas these armorial services have been identified and covered for most porcelain manufactories the information relevant to their production by the two relatively short lived Nantgarw and Swansea China Works has not been addressed as a theme until now As an integral component of the holistic forensic appraisal of porcelain a functional and decorative artwork manifestly part of our cultural heritage and its ongoing preservation the recording and identification of such artefacts is material for the future establishment of a database of factory production The Nantgarw and Swansea factories only operated for a limited period in the second decade of the 19th Century and their porcelains were much appreciated for their high quality and desirability by Georgian households Today examples are to be found in many museums and ceramics collections and continue to excite the interest of specialists and the general public This text provides the first comprehensive assessment of armorial porcelains from these two factories and the methodology and procedure for the identification of unknown armorial bearings and crests is illustrated individual bearings are discussed in detail and existing incorrect assignments in the literature are re appraised The difficulties in attribution of armorial heraldic achievements that are only minimally depicted are considered and directions for further studies using historical documentation are invoked This book therefore fills a currently existing gap in the ceramics literature of the 19th Century The Social Life of Words Laura Wright,2022-12-05 A new approach to sociolinguistics introducing the study of the social meaning of English words over time and offering an engaging and entertaining demonstration of lexical sociolinguistic analysis The Social Life of Words A Historical Approach explores the rise and fall of the social properties of words charting ways in which they take on new social connotations Written in an engaging narrative style this entertaining text matches up sociolinguistic theory with social history and biography to discover which kind of people used what kind of word where and when Social factors such as class age race region gender occupation religion and criminality are discussed in British and American English From familiar words such as popcorn porridge caf to less common words like burgoo califont etna and phrases like kiss me quick monkey parade slap bang shop The Social Life of Words demonstrates some of the many ways a new word or phrase can develop social affiliations Detailed yet accessible chapters cover key areas of historical sociolinguistics including concepts such as social networks communities of practice indexicality and enregisterment
