The Gossamer Thread Anne Lowing,1972 *Of Gossamer Thread* Ethel Messenger,1993 **The Spider's Thread** Keith J. Holyoak,2024-03-12 An examination of metaphor in poetry as a microcosm of the human imagination a way to understand the mechanisms of creativity In *The Spider's Thread* Keith Holyoak looks at metaphor as a microcosm of the creative imagination Holyoak a psychologist and poet draws on the perspectives of thinkers from the humanities poets philosophers and critics and from the sciences psychologists neuroscientists linguists and computer scientists He begins each chapter with a poem by poets including Samuel Taylor Coleridge Sylvia Plath Walt Whitman Emily Dickinson Robert Frost Theodore Roethke Du Fu William Butler Yeats and Pablo Neruda and then widens the discussion to broader notions of metaphor and mind Holyoak uses Whitman's poem *A Noiseless Patient Spider* to illustrate the process of interpreting a poem and explains the relevance of two psychological mechanisms analogy and conceptual combination to metaphor He outlines ideas first sketched by Coleridge who called poetry the best words in their best order and links them to modern research on the interplay between cognition and emotion controlled and associative thinking memory and creativity Building on Emily Dickinson's declaration the brain is wider than the sky Holyoak suggests that the control and default networks in the brain may combine to support creativity He also considers among other things the interplay of sound and meaning in poetry symbolism in the work of Yeats Jung and others indirect communication in poems the mixture of active and passive processes in creativity and whether artificial intelligence could ever achieve poetic authenticity Guided by Holyoak we can begin to trace the outlines of creativity through the mechanisms of metaphor **The Gossamer Thread** Venita Seibert,1910

Chambers's Journal of Popular Literature, Science and Arts ,1896 *De Rerum Natura III* Titus Lucretius Carus,1997 Lucretius poem for which Epicurean philosophy provided the inspiration attempts to explain the nature of the universe and its processes with the object of freeing mankind from religious fears The third book not only seeks to demonstrate that since the soul is mortal there can be no after life but also aims to reconcile the reader to the prospect of the end of his consciousness This edition incorporates a new text and prose translation and is designed to set the book in the context of the whole poem and of the Epicurean philosophical system to explain and elucidate its argument and at the same time to analyse some of the literary and artistic features which contribute to Lucretius poetic achievement and stature Latin text with facing page translation **Catholic World** ,1910 **Filson Club Publications** ,1921 **The Charge of the Goddess** Blimachai Bernstein,2009-07 Lily is a 12 year old girl who hears the voice of the Hebrew Goddess Shekhinah calls to her from her exile in the Labyrinth of Time where the hot summer sun shines upon winding rows of golden wheat grain Trapped there by all the evil in the world called klipot in the form of black hairy creatures with sharp claws Shekhinah waits for a heroine to set her free and return her to human consciousness Based on Kabbalistic mythology and modern Witchcraft Lily travels through other dimensions that correspond to the cycles of the earth and the four seasons gathering wisdom and

Soon only the buzzards and wood pigeons will hang on in the woods and the coniferous forests will be host to flocks of chaffinches tits siskins and crossbills passing through The Darkening Spirit David Tacey, 2013-06-26 The twenty first century could well be Jung's century just as the twentieth century was Freud's Jung predicted the demise of secular humanism and claimed we would search for alternatives to science atheism and reason We would experience a new and even unfashionable appetite for the sacred Educated people however would not return to unreconstructed religions because these do not express the life of the spirit as discerned by modern consciousness The sacred has developed a darker hue and worshipping symbols of light and goodness no longer satisfies the longings of the soul The new sacred cannot be contained by the formulas of the past but nor can we live without a sense of the sacred We stand in a difficult place between traditional religions we have outgrown and a pervasive materialism we can no longer embrace These changes in our culture have come sooner than Jung might have imagined In his time Jung struck many as eccentric or unscientific But his works speak to our time since we have experienced the full gamut of Jungian transformations the unsettling of Judeo Christian culture the rise of the feminine the onslaught of the dark side the critique of modernism and positivism and the recognition that the Western ego is neither the pinnacle of evolution nor the lord of creation A new life is needed beyond the ego but we do not yet know what it will look like The outbreak of strong religion and terrorism are signs of the times but these are expressions of a distorted and repressed spirit and not one hopes genuine pointers to the future What the future holds is uncertain but Jung's prophetic vision helps to prepare us for what is to come and this will be of great interest to analytical psychologists and psychoanalysts as well as to theologians futurists sociologists and the general reader **The Flaming Sword**, 1900

Walt Whitman's Native Representations Ed Folsom, 1997-05-28 Moving through Whitman's career four times from four different perspectives this 1994 book investigates several major American cultural developments that occurred during Whitman's lifetime the development of American dictionaries the growth of baseball the evolution of American Indian policy the development of photography became essential components of Whitman's innovative poetics Resisting the usual critical temptation to present a totalised one dimensional Whitman this study views him instead as multiple and contradictory a gatherer of discordant tones and clashing approaches from a variety of surprising cultural arenas In such cultural activities Whitman found not his poetic subject so much as his poetic tools and techniques These cultural actions taught him how to make native representations
