**Rebecca Jackson**

## Icons And Images Of The Sixties:

**Icons and images of the sixties** ,1968      **The Queer Sixties** Patricia Juliana Smith,2013-12-16 The Queer Sixties assembles an impressive group of cultural critics to go against the grain of 1960s studies and proposes new and different ways of the last decade before the closet doors swung open Imbued with the zeitgeist of the 60s this playful and powerful collection rescues the persistence of the queer imaginary      **The 1960s** Rebecca Jackson,1992-12-10 The 1960s were a particularly turbulent period and the events of those years continue to interest and influence American society This bibliography records and documents the most significant happenings of that decade The volume spans the years between 1960 and the resignation of President Nixon in 1974 It includes citations for more than 1300 books related to that period Some of the books were written during the 1960s and directly influenced people of that time Others were written afterward and analyze and interpret the events of the decade The entries are arranged in topical chapters and each citation is accompanied by a descriptive and evaluative annotation The volume begins with an introduction that overviews and discusses the major events and trends of the time The 17 topical chapters that follow treat virtually every aspect of life in the 1960s The first few chapters include general works on the underlying social political and economic conditions that served to define the decade Other chapters discuss works on the presidencies social protests the impact of the Vietnam war the cultural revolution and trends in art music literature and religion The bibliography concludes with author title and subject indexes that add to its value as a reference tool      **The Sixties in America: Giovanni, Nikki-SANE (National Committee for a Sane Nuclear Policy)** Carl Singleton,Rowena Wildin,1999 Contains alphabetically arranged entries that survey the events and people of the 1960s discussing their impact on the life and culture of the United States      **The Routledge Handbook of the Global Sixties** Chen Jian,Martin Klimke,Masha Kirasirova,Mary Nolan,Marilyn Young,Joanna Waley-Cohen,2018-02-06 This extraordinary collection is a game changer Featuring the cutting edge work of over forty scholars from across the globe The Routledge Handbook of the Global Sixties is breathtaking in its range incisive in analyses and revolutionary in method and evidence Here fifty years after that iconic 1968 Western Europe and North America are finally de centered if not provincialized and we have the basis for a complete remapping a thorough reinterpretation of the Sixties Jean Allman J H Hexter Professor in the Humanities Director Center for the Humanities Washington University in St Louis This is a landmark achievement It represents the most comprehensive effort to date to map out the myriad constitutive elements of the Global Sixties as a field of knowledge and inquiry Richly illustrated and meticulously curated this collection purposefully provincializes the United States and Western Europe while shifting the loci of interpretation to Africa the Middle East Asia and Latin America It will become both a benchmark reference text for instructors and a gateway to future historical research Eric Zolov Associate Professor of History Director Latin American Professor of Public Affairs and History The University of Texas at Austin As the fiftieth anniversary of 1968 approaches this book reassesses the global causes themes forms and

legacies of that tumultuous period While existing scholarship continues to largely concentrate on the US and Western Europe this volume will focus on Asia Africa the Middle East and Eastern Europe International scholars from diverse disciplinary backgrounds explore the global sixties through the prism of topics that range from the economy decolonization and higher education to forms of protest transnational relations and the politics of memory

**As Found** Claude Lichtenstein, Thomas Schregenberger, 2001 Works of art were created in the England of the 50s and 60s which are of extraordinary topicality today This applies particularly to the Independent Group which included artists photographers as well as architects Its members strove to achieve an authenticity close to the grass roots of life to discover the essence of the everyday to arouse a sensitivity to life in the raw as against a touched up version of reality to bring out both its hardships and its charm The book is about architecture and art and photography It seeks rather to show the unmediated impact and direct appeal of a refractory aesthetics

*Jewhoing the Sixties* David Kaufman, 2012 A lively look at four major Jewish celebrities of early 1960s America who together made their mark on both American culture and Jewish identity

Geraldine Chaplin Rybin Steven Rybin, 2020-09-21 Geraldine Chaplin is the most distinguished actor among Charlie Chaplin's children Through her collaborations with major international film directors she has created a striking performative presence across international cinema Her acting also evokes with varying levels of self consciousness and in shifting cinematic contexts the memory of her father's screen performances This book analyses the distinctive screen art of Geraldine Chaplin and uncover parallels between her performances and her father's work on film Through this method this star study explores the rich and surprising relationships between art cinema and silent film comedy and between modernist and classical cinematic performance It offers a long overdue appreciation of Geraldine Chaplin's own remarkable screen achievements all the while shedding new insight into the art of Charlie Chaplin through the singular prism of his daughter's bold work

**Encyclopedia of the Sixties** Abbe A. Debolt, James S. Baugess, 2011-12-12 Comedian Robin Williams said that if you remember the 60s you weren't there This encyclopedia documents the people places movements and culture of that memorable decade for those who lived it and those who came after Encyclopedia of the Sixties A Decade of Culture and Counterculture surveys the 1960s from January 1960 to December 1969 Nearly 500 entries cover everything from the British television cult classic The Avengers to the Vietnam War and the civil rights movement The two volume work also includes biographies of artists architects authors statesmen military leaders and cinematic stars concentrating on what each individual accomplished during the 1960s with brief postscripts of their lives beyond the period There was much more to the Sixties than flower power and LSD and the entries in this encyclopedia were compiled with an eye to providing a balanced view of the decade Thus unlike works that emphasize only the radical and revolutionary aspects of the period to the exclusion of everything else these volumes include the political and cultural Right taking a more academic than nostalgic approach and helping to fill a gap in the popular understanding of the era

**American Art of the 1960s** Irving Sandler, 1988 Sandler covers the art artists and movements

of the sixties Painterly and Post Painterly Painting Pop Art New Perceptual Realism Op Art and Kinetic Sculpture Minimal Sculpture Construction Sculpture Eccentric and Process Art Earthworks Conceptual and Performance Art and so on He discusses the aesthetics of art as well as the social and political context of art the art market the art world and the culture heroes of the sixties Provided by publisher Summer of Love Christoph Grunenberg,Jonathan Harris,Jonathan P.

Harris,2005-01-01 Though more than a generation has passed since the revolutionary fervor of the Summer of Love of 1967 the 1960s in many ways seem with us still From recurring debates over the war in Vietnam to the perpetually appealing music of the Beatles and the Rolling Stone to the concern about youth drug use the legacy of the 1960s is ubiquitous in contemporary life The Summer of Love brings together an impressive group of historians artists and cultural critics to present a rich and varied interpretation of this seminal decade and its continuing influence on politics society and culture The Summer of Love which accompanies an exhibition at Tate Liverpool pays particular attention to the wildly creative psychedelic art of the era Perceptive essays on psychedelic comics graphic design and typography light shows and film successfully rescue psychedelic art from the fog of nostalgia and unjust critical neglect Distinguished contributors also explore the role of 1960s fashion and architecture and they consider anew the central influence of hallucinogenic drugs on the art of the era Running throughout the essays are the elements of epochal change from sexual liberation to student revolutions that still form the backdrop of our collective consciousness of the 1960s An incisive collection of writings on all aspects of 1960s art and culture tempered by time and critical distance The Summer of Love will be indispensable for those who wish they had been there or for those who were but can t remember it *Dan Flavin* Tiffany Bell,Michael

Govan,2004-01-01 New scholarship and interpretation of Flavin s work also appears in the form of three critical essays by experts and an extensive chronology comprehensive bibliography and exhibition history In addition this book includes Flavin s text in daylight or cool white an autobiographical sketch originally published in Artforum in 1965 and two interviews with the artist one from 1972 and the other from 1982 BOOK JACKET **British Concepts of Heroic "Gallantry" and the**

**Sixties Transition** Matthew J. Lord,2021-05-03 This book examines the relationship between concepts of heroic gallantry as projected by the British honours system and the sociocultural political military and international transitions of the supposed Sixties cultural revolution In so doing it considers how a conservative hierarchical and state orientated concept both evolved and endured during a period of immense change in which traditional assumptions of deference to elites were increasingly challenged Covering the period often defined as The Long Sixties from 1955 79 this study concentrates on four distinct transitions undergone by both state and non state gallantry awards including developments within the welfare state class and gender discrimination counterinsurgency and decolonisation It ultimately sheds fresh light upon the importance of postwar decades to the continued evolution of concepts of gallantry and heroism in British culture using a range of underexplored government and media archives It will be of interest to scholars students and general researchers of heroism in modern

Britain the Sixties revolution postwar military history and both the social and political evolution of British honours decorations and medals

**City of Gods** R. Scott Hanson, 2016-07-01 Known locally as the birthplace of American religious freedom Flushing Queens in New York City is now so diverse and densely populated that it has become a microcosm of world religions City of Gods explores the history of Flushing from the colonial period to the aftermath of September 11 2001 spanning the origins of Vlissingen and early struggles between Quakers Dutch authorities Anglicans African Americans Catholics and Jews to the consolidation of New York City in 1898 two World s Fairs and postwar commemorations of Flushing s heritage and finally the Immigration Act of 1965 and the arrival of Hindus Sikhs Muslims Buddhists and Asian and Latino Christians A synthesis of archival sources oral history and ethnography City of Gods is a thought provoking study of religious pluralism Using Flushing as the backdrop to examine America s contemporary religious diversity and what it means for the future of the United States R Scott Hanson explores both the possibilities and limits of pluralism Hanson argues that the absence of widespread religious violence in a neighborhood with such densely concentrated religious diversity suggests that there is no limit to how much pluralism a pluralist society can stand Seeking to gauge interaction and different responses to religious and ethnic diversity the book is set against two interrelated questions how and where have the different religious and ethnic groups in Flushing associated with others across boundaries over time and when has conflict or cooperation arisen By exploring pluralism from a historical and ethnographic context City of Gods takes a micro approach to help bring an understanding of pluralism from a sometimes abstract realm into the real world of everyday lives in which people and groups are dynamic and integrating agents in a complex and constantly changing world of local national and transnational dimensions Perhaps the most extreme example of religious and ethnic pluralism in the world Flushing is an ideal place to explore how America s long experiment with religious freedom and religious pluralism began and continues City of Gods reaches far beyond Flushing to all communities coming to terms with immigration religion and ethnic relations raising the question as to whether Flushing will come together in new and lasting ways to build bridges of dialogue or will it further fragment into a Tower of Babel

**Men, Masculinity and the Beatles** Martin King, 2016-04-22 Drawing on methodologies and approaches from media and cultural studies sociology social history and the study of popular music this book outlines the development of the study of men and masculinities and explores the role of cultural texts in bringing about social change It is against this backdrop that The Beatles as a cultural phenomenon are set and their four live action films spanning the years 1964 1970 are examined as texts through which to read changing representations of men and masculinity in the Sixties Dr Martin King considers ideas about a male revolt predating second wave feminism The Beatles as inheritors of the possibilities of the 1950s and The Beatles emergence as men of ideas a global cultural phenomenon that transgressed boundaries and changed expectations about the role of popular artists in society King further explores the chosen Beatle texts to examine discourses of masculinity at work within them What emerges is the discovery of discourses around resistance non conformity

feminized appearance pre metrosexuality the male star as object of desire and the emergence of The Beatles themselves as a text that reflected the radical diversity of a period of rapid social change King draws valuable conclusions about the legacy of these discourses and their impact in subsequent decades **What Really Happened to the 1960s** Edward P.

Morgan,2010-11-18 Wherever we turn these days we encounter reminders of the sixties They re invoked in presidential campaigns American military actions and outbursts of mass protest We re bombarded with media saturated anniversaries of iconic events from JFK s inauguration and assassination to urban riots and Woodstock But as Edward Morgan suggests these references offer little more than an endless stream of distracting imagery that has more to do with today s politics and economics than with the reality of yesterday s social movements In his provocative look at mass media s connection with those turbulent years Morgan simultaneously seeks to explain what happened in the 1960s and what happened to how we remember it His comprehensive overview and critical analysis reveal how the mass media have shaped the popular image of a raucous decade in ways that have curtailed its promise of democracy Morgan s in depth study of sixties social movements and their depictions in corporate America s print media film and television helps to explain why the past still provokes deep emotions even antagonism half a century later He blends history sociology political science media and cultural studies and critical theory to explain why the 1960s have been so virulently targeted particularly by critics on the right who blame today s self indulgent culture on baby boomers and sixties permissiveness instead of the real culprits consumer driven capitalism and neoliberal politics Emphasizing the tensions between capitalism and democracy Morgan investigates the fate of democracy in our media driven culture first by examining the ways that the 1960s were represented in the media at the time then by exploring how popular versions of the sixties have glossed over their more radically democratic qualities in favor of sensationalism and ideological constructions He reminds us of what really happened then shows us how the media trivialized and satirized those events co opting and commercializing the decade s legacy and in doing so robbing it of its more radical democratic potential By revisiting this chapter of the past Morgan shows that it has much to tell us about where we are today and how we got here Whether you lived through the sixties or only read about them or only saw Hollywood s version of them in *Forrest Gump* this book will put their lessons in clearer perspective The Sixties Paul Monaco,2003-06 This book covers the 1960 s as part of the definitive history of American cinema from its emergence in the 1800s to the present day

*Stardom: Discussions on Fame and Celebrity Culture* Katarzyna Bronk,2020-04-14 This volume was first published by Inter Disciplinary Press in 2012 Celebrity culture has received serious scholarly attention in the twentieth and twenty first centuries As the concepts of fame stardom and popularity are no longer of interest to tabloids only the phenomenon of celebrity has been studied among others by historians literary critics anthropologists sociologists psychologists philosophers and economists Scholars included in this volume discuss the various shades of fame and celebrity hood from historical sociological and theoretical perspectives *Stardom Discussions on Fame and Celebrity Culture* critically comment on the ways

of producing and consuming fame the cult of personality deserved or underserved and the question of gender in celebrity culture Ultimately the post conference volume attempts to answer the fundamental question of what constitutes and entails being a celebrity

**Catalog of the Library of the Museum of Modern Art: Han** Museum of Modern Art (New York, N.Y.). Library, 1976

[Fashion: Exploring Critical Issues](#) , 2020-05-18 This ebook is an inter disciplinary collection of topics representing conventional and unconventional approaches to fashion studies exposing a wide variety of methodological perspectives from fields including anthropology history art history sociology and material culture

## **Icons And Images Of The Sixties** Book Review: Unveiling the Magic of Language
