Cultural Ideals of Home Deborah Chambers, 2020-03-18

Spanning the nineteenth to twenty first centuries this book investigates how home is imagined staged and experienced in western culture Questions about meanings of home and domestic culture are triggered by dramatic changes in values and ideals about the dwellings we live in and the dwellings we desire or dread Deborah Chambers explores how home is idealised as a middle class haven managed as an investment and signified as a status symbol and expression of personal identity She addresses a range of public state commercial popular and expert discourses about home the heritage industry design exhibitions television social media home mobilities and migration smart technologies and ecological sustainability Drawing on cross disciplinary research including cultural history and cultural geography the book offers a distinctive media and cultural studies approach supported by original historically informed case studies on interior and domestic design exhibitions of model homes TV home interiors media home imaginaries multiscreen homes corporate visions of homes of tomorrow and digital smart homes A comprehensive and engaging study this book is ideal for students and researchers of cultural studies cultural history media and communication studies as well as sociology gender studies cultural geography and design studies

The Real and the Ideal Anthony Lake, David A. Ochmanek, 2001 A series of 13 essays engage different aspects of

Richard Ullmann's work on U S foreign and security policy over the years he was teaching at Princeton and Oxford as well as the time he served in the U S government Presented by Lake diplomacy Georgetown U and Ochmanek the RAND corporation the essays sometimes directly address the work of Ullmann but more often look at contemporary issues of foreign policy from the lens of the intellectual school that he established After a appreciation of Ullmann's life and work essays treat such topics as transatlantic relations after the Cold War isolationism in U S foreign policy humanitarian interventions and polarization in policy processes c Book News Inc

Sustainable Family Farming and Yeoman Ideals Rena R. Henderson, 2021-12-30

Within the frame of family farming this book offers a longitudinal study of the Castra district in North West Tasmania from first European settlement to the end of the twentieth century It draws upon historical sources for yeomanry characteristics from Britain Canada the USA New Zealand and Australian mainland colonies to show how these characteristics were persistently supportive of family farming Surveying farming communities over several generations this book explores a range of topics including colonial surveying practices settler families motivation attributes and demographics the role of Methodism the ways children were inculcated into yeoman farming enterprises the role of women as companionate wives and the political participation of farmers in the public sphere The book also offers a new perspective of three commonly held myths of settlement failure the settlement of retired Anglo Indian military and civil officers in the 1870s the settlement of soldiers on small farms after the Great War and the claims that the ideal of yeoman family farming was anachronistic to capitalist commodity production The book draws from a wide selection of previously underused primary source materials including oral

histories from current and past residents to provide a comprehensive overview of an important aspect of rural Australian history The book is a valuable contribution to Australian historiography and will be a useful resource for students and scholars of rural history social history environmental history colonialism and sustainable agriculture Stories of Nation Christopher Hebert, Martin Griffin, 2024-01-12 Throughout American history there has been an oddly close relationship between the seductive appeals of narrative fiction and those of political rhetoric and advocacy The aim of Stories of Nation Fictions Politics and the American Experience is to explore what political narratives and the cultural poetics behind them reveal about the way our personal and intimate lives are deeply connected with the public arena and the political process The first section of the book The Politics of Fictions contains essays focused on works of fiction consciously dramatizing the political realm The second group of contributions The Fictions of Politics explores structures and motifs from the narrative arts in discourses of American political life and the interactions of public institutions and policy with forms of fictional representation from novels to popular music and TV drama The essays presented here broaden the conversation in American literary studies about what constitutes the political in literature and culture by reintroducing the dimension of institutional or representative politics Likewise Stories of Nation aims to repair the lines of communication between the idea that all fiction is political and the view that political speech is a subgenre of literature all the more in need of examination in a highly polarized society The range of perspectives in Stories of Nation will engage students of literature popular culture and politics alike MARTIN GRIFFIN is an associate professor in the Department of English at the University of Tennessee He is the author of Ashes of the Mind War and Memory in Northern Literature 1865 1900 2009 and co author with Constance DeVereaux of Narrative Identity and the Map of Cultural Policy Once Upon a Time in a Globalized World 2013 CHRISTOPHER HEBERT is an assistant professor in the Department of English at the University of Tennessee and is former senior acquisitions editor at the University of Michigan Press He is the author of the novels Angels of Detroit 2016 and The Boiling Season 2012 International Research Handbook on Values Education and Student Wellbeing Terence Lovat, Ron Toomey, Neville Clement, 2010-08-05 Informed by the most up to date research from around the world as well as examples of good practice this handbook analyzes values education in the context of a range of school based measures associated with student wellbeing These include social emotional moral and spiritual growth elements that seem to be present where intellectual advancement and academic achievement are being maximized This text comes as values education widens in scope from being concerned with morality ethics civics and citizenship to a broader definition synonymous with a holistic approach to education in general This expanded purview is frequently described as pedagogy relating to values and wellbeing This contemporary understanding of values education or values and wellbeing pedagogy fits well with recent neuroscience research This has shown that notions of cognition or intellect are far more intertwined with social and emotional growth than earlier educational paradigms have allowed for In other words the best laid plans about the technical

aspects of pedagogy are bound to fail unless the growth of the whole person social emotional moral spiritual and intellectual is the pedagogical target Teachers and educationalists will find that this handbook provides evidence culled from both research and practice of the beneficial effects of such a values and wellbeing pedagogy

Emerging Themes in International Management of Human Resources Philip Benson, 2010-06-01 Emerging Themes in International Management of Human Resources is the third volume in the Research in Organizational Analysis series This volume investigates important human resource management HRM issues within an international context The papers in this volume provide insight into several HRM areas First the international context s effects on management knowledge transfer privatization of traditionally governmental services and the relation between social capital and organizational diversity is considered The second part of this volume is concerned with the issue of staffing in international organizations with special emphasis on HRM selection and termination practices for the cross national company Third women s issues in the international firm are explored Gender issues such as flexible work arrangements and the role of culturally defined gender egalitarian values on role differences among women and men managers are investigated Finally the volume explores the issues of expatriation and repatriation among firms The role of psychological contracts in supporting successful expatriate experiences how repatriate support practices influence repatriate organizational commitment turnover intentions and career success and an investigation of repatriation as sense making process are discussed This volume provides a good basis for understanding how HRM practices are affected by cross cultural differences and provides insight into best HRM practices for the international organization

Managing Social Change and Social Policy in Greater China Ka-Ho Mok, Maggie K. W. Lau, 2013-11-07 East Asia is at the heart of the global economic transformation and the countries of the region are witnessing rapidly changing labour markets alongside the pressure to cut production costs and lower taxes in order to become successful competition states These changes have resulted in increased welfare demands which governments organizations and agencies across the region have had to address This book examines welfare regimes in the Greater China region encompassing mainland China Hong Kong Macao and Taiwan In so doing it explores the ways in which the rapid growth and internationalisation of the economy across Greater China is presenting new social policy challenges that governments social welfare organizations and agencies in the region are having to respond to Rather than simply describing and categorising welfare systems the contributors to this volume add to our understanding of how one of the major economic transformations of the contemporary era in East Asia is shaping welfare provision in the region In turn in this context of economic change they examine the new strategies and measures that have been adopted in order to reduce the heavy burden on the state in terms of welfare provision whilst also attempting to diversify funding and provision sources to meet the pressing welfare needs Based upon extensive fieldwork by leading scholars of social policy this book will appeal to students and scholars of Asian social policy comparative development and social policy social welfare and Chinese studies

Qualitative

Comparative Analysis Patrick A. Mello, 2021 Social phenomena can rarely be attributed to single causes Drawing on set theory and the language of necessary and sufficient conditions Qualitative Comparative Analysis QCA is a case based research method that is ideally suited to capture causal complexity QCA regards cases as combinations of conditions It compares the conditions of each case in a structured way to identify the necessary and sufficient conditions for an outcome While QCA has become increasingly popular and seen a substantial increase of applications across the social sciences and management introductory textbooks have not kept pace with this development In this textbook Patrick A Mello teaches students scholars and self learners the fundamentals of QCA research design interpretation of results and how to communicate findings This concise and accessible textbook provides a hands on introduction to QCA that will be ideal for use within a broader qualitative methods course and in intensive short courses

Second International Research Handbook on Values Education and Student Wellbeing Terence Lovat, Ron Toomey, Neville Clement, Kerry Dally, 2023-11-14 This collection applies the principles underlying values education to addressing the many social and learning challenges that impinge on education today Insights in the fields of social and emotional learning student wellbeing and increasingly educational neuroscience have demonstrated that values education represents an efficacious pedagogy with holistic effects on students across a range of measures including social emotional and intellectual outcomes With schools in the 21st century confronting issues such as gender identity stemming radicalism mental health equity for disadvantaged groups bullying respect and the meaning of consent values education offers a way of teaching and learning that integrates and enhances student s affective and cognitive functioning The earlier edition of this book has become a standard reference for scholars and practitioners in the fields of values education moral education and character education Its citation rates reads and downloads have been consistently and enduringly high as have those of its companion text Values Pedagogy and Student Achievement A decade on the main purpose of the revised edition is to update and incorporate new research and practice relevant to values education Recent insights in the fields of neuroscience and social and emotional learning and their implications for education and student wellbeing are more overt than they were when the first edition was being compiled Additionally advanced thinking in the field of epistemology how humans come to know and therefore learn has also sharpened especially through the later writings of prominent scholars like Jurgen Habermas The revised edition has preserved the essential spirit and thrust of the original edition while making space for some of these new insights about the potential of values education to establish optimal and harmonious learning and social environments for both students and teachers

Infertility in a Crowded Country Holly Donahue Singh, 2022-12-06 In Lucknow the capital of India s most populous state the stigmas and colonial legacies surrounding sexual propriety and population growth affect how Muslim women often in poverty cope with infertility In Infertility in a Crowded Country Holly Donahue Singh draws on interviews observation and autoethnographic perspectives in local communities and Lucknow s infertility clinics to examine access to technology and treatments and to explore how pop

culture shapes the reproductive paths of women and their supporters through clinical spaces health camps religious sites and adoption agencies Donahue Singh finds that women are willing to transgress social and religious boundaries to seek healing By focusing on interpersonal connections Infertility in a Crowded Country provides a fascinating starting point for discussions of family kinship and gender the global politics of reproduction and reproductive technologies and ideologies and social practices around creating families

What You See Is What You Hear Dario Martinelli,2020-01-01 What You See Is What You Hear develops a unique model of analysis that helps students and advanced scholars alike to look at audiovisual texts from a fresh perspective Adopting an engaging writing style the author draws an accessible picture of the field offering several analytical tools historical background and numerous case studies Divided into five main sections the monograph covers problems of definitions history and most of all analysis The first part raises the main problems related to audiovisuality including taxonomical and historical questions The second part provides the bases for the understanding of audiovisual creative communication as a whole introducing a novel theoretical model for its analysis The next three part focus elaborate on the model in all its constituents and with plenty of case studies taken from the field of cinema TV music videos advertising and other forms of audiovisuality Methodologically the book is informed by different paradigms of film and media studies multimodality studies structuralism narratology auteur theory in the broad sense communication studies semiotics and the so called Humanities What You See Is What You Hear enables readers to better understand how to analyze the structure and content of diverse audiovisual texts to discuss their different idioms and to approach them with curiosity and critical spirit

Poverty in India Bibhuti Bhushan Malik,2009 Study conducted at Kalahandi District of Orissa India

Experimental Approaches to Body Image, Representation and Perception Kevin R. Brooks,Lynda Boothroyd,Jason Bell,Ian D. Stephen,2021-12-13

Small Arms, Crime and Conflict Owen Greene,Nic Marsh,2013-07-03 This book focuses on the use of small arms in violence and attempts by the state to govern the use and acquisition of these weapons It is likely that hundreds of thousands of people are killed every year as a result of armed violence in contexts ranging from war zones to domestic violence This edited volume examines why these deaths occur the role of guns and other weapons and how governance can be used to reduce and prevent those deaths Drawing on a variety of disciplines ranging from anthropology through economics to peace and security studies the book's main concern throughout is that of human security the causes and means of prevention of armed violence The first part of the book concerns warfare the second armed violence and crime and the last governance of arms and their mis use The concluding chapter builds on the contributors key findings and suggests priorities for future research with the aim of forming a coherent narrative which examines what we know why armed violence occurs and what can be done to reduce it This book will be of much interest to students of small arms security studies global governance peace and conflict studies and IR

[The Australian Country Girl: History, Image, Experience](#) Catherine Driscoll,2016-03-23 The Australian Country Girl History Image Experience offers a detailed analysis of

the experience and the image of Australian country girlhood In Australia country girl names a field of experiences and life stories by girls and women who have grown up outside of the demographically dominant urban centres But it also names a set of ideas about Australia that is surprisingly consistent across the long twentieth century despite also working as an index of changing times For a long period in Australian history well before Federation and long after it public and popular culture openly equated Australian character with rural life This image of Australian ness sometimes went by the name of the bush man now a staple of Australian history This has been counterbalanced post World War II and increased immigration by an image of sophisticated Australian modernity located in multicultural cities These images of Australia balance rather than contradict one another in many ways and the more cosmopolitan image of Australia is often in dialogue with that preceding image of the bush This book does not offer a corrective to the story of Australian national identity but rather a fresh perspective on this history and a new focus on the ever changing experience of Australian rural life It argues that the country girl has not only been a long standing counterpart to the Australian bush man she has more importantly figured as a point of dialogue between the country and the city for popular culture and for public sphere narratives about Australian society and identity

The Hidden Power of the American Dream Giovanna Dell'Orto, 2007-12-30 On the day after the tragic terrorist attacks of 9 11 newspapers across Europe proclaimed We Are All Americans in many different languages crystallizing the solidarity that so many people around the world felt at that time But in the years since that beautiful friendship between Americans and Europeans evaporated leaving in its place a growing resentment so deep that Americans traveled overseas with Canadian flags stitched to their backpacks while Europeans held candlelight vigils for the removal of President George W Bush Dell Orto argues persuasively that the answer to the question of where do we go from here lies in whether non Americans keep believing in the American dream Only if that dream continues to be the root of America s power as this book shows it has been since the United States first stepped onto the international stage can America not go the way of all other superpowers in history down and out Through analysis of thousands of Western European media articles and government publications about the United States this book for the first time shows what the essence of America is to non Americans and why that matters to Americans in a very practical way because it sets limits to what the nation can accomplish Dell Orto argues persuasively that Europe s United States is the revered concept America the exceptional dream that the land of plenty of opportunity can really exist that the experiment in democracy can really work for all those who choose to become Americans This is a great U S asset since it makes America uniquely powerful in Europe s eyes infinitely mightier than the march of Marines and McDonald s alone would warrant Herein lie the uniqueness and the urgency of this book European public opinion shape s Europe s reaction at least as much as U S actions do

Rethinking Democracy and Governance Donavon Johnson, 2023-09-15 Democracy can be understood as a concept as well as a system of government associated with certain values including transparency accountability the protection of rights and non oppressive government This cutting

edge new book explores the current contours of democracy and asks important questions such as Does contemporary democracy mean the same thing that it did centuries ago Are the longstanding assumptions about democracy and good governance sustainable in the face of digital transformation paradigm shifts and the liberalization of knowledge Is democracy still applicable in the way that it has been traditionally envisioned Gathering together insights from academics and practitioners with expertise on democracy and governance in the Caribbean context this book is designed to spark a conversation about the ways in which appetites for democracy may be shifting in the Caribbean and beyond exploring the conditions that brings these shifts to bear Section one focuses on conceptual pieces that investigate democracy and good governance their definition and comparative analysis of how the conceptualization of democracy can shape outcomes in different governmental contexts Section two explores the ways in which events trends and technologies have impacted democratic or undemocratic values and attitudes Section three examines shifts in democratic inclination in the 21st century Together the chapters represent an overdue study of the foundational governmental system of our time in a region that has historically been overlooked Rethinking Democracy and Governance Perspectives from the Caribbean is required reading for students of governance public administration and public policy

The IDEAL Entrepreneur Rahul Agarwal, An Idiot s Guide to Building a 300 crore Company

The Evolution and Everyday Practice of Collective Patient Involvement in Europe Alexander Haarmann, 2017-10-17 This timely study analyzes social economic political provider and patient factors shaping collective patient involvement in European health care from the postwar period to the present day Examining representative countries England the Netherlands Germany and Sweden it documents the roles of providers and legislatures in facilitating consumer involvement and the varied forms of patient input into hospital operations These findings are compared and contrasted against the intent and ideals behind patient involvement to assess the effectiveness of implementation policy strengths and drawbacks of patient participation and patient satisfaction and outcomes The book s conclusions identify emerging forms of patient participation and predict the impact of health policy on the future of European collective patient involvement Included in the coverage Patient involvement who what for and in what way The Netherlands the legislative process to collective patient involvement England formal means of public involvement a continuous story of discontinuity Germany Joint Federal Committee the Little Legislator Sweden reasons for a late emergence of patient involvement Lessons to be learned from implementing patient involvement The Evolution and Everyday Practice of Collective Patient Involvement in Europe will interest and inspire scholars and researchers in diverse fields including social policy sociology political sciences and nursing studies as well as patient organizations policymakers and healthcare providers
