Ideas Into Action A Study Of Pounds Cantos:

Ideas Into Action Clark Emery,1958 **Ideas Into Action** Clark Emery,1958 **Language, Sexuality, and Ideology in Ezra Pound's Cantos** Jean-Michel Rabaté,1986-02-01 Ezra Pound's Cantos remains among the most influential and difficult of twentieth century poetic writings But now for the first time Rabat's powerful and original study presents a theory of reading adequate to the challenge of Pound's writing Using elements from Lacanian psycho analysis and Heidegger's powerful meditation of poetry and language this book constructs a theory of reading which both gives full force to the strategies of writing deployed in the Cantos and to the historical and political situations to which those strategies are a response This study provides a fresh reading of the familiar Pound canon Homer Dante Ovid but also of the less well known Ruskin Browning Frobenius Pound's practice of quotation is understood in the context of a new poetic discourse characterized by parapraxis ellipsis condensation and autonomous voices which refer the division of the speaking subject back to an omniform intellect capable of taking on any new personality at will Crucial to an understanding of Pound's situation is the relationship between Chinese and Greek culture an analysis of which allows Rabat to elaborate the tragic dimension in Pound's life and works This book also parallels and contrasts Pound with his major contemporaries such as Eliot and Joyce and with his immediate heirs like William Carlos Williams H D Zukofsky and Olson Ezra Pound's Adams Cantos David Ten Eyck,2013-02-28 Ezra Pound transformed his style of poetry when he wrote The Adams Cantos in the 1920s But what caused him to rethink his earlier writing techniques Grounded in archival material this study explores the extent to which Pound's poetry changed in response to his reading of 17th century American History and the social climate of the pre war period Drawing on the Ezra Pound papers David Ten Eyck documents the changes to Pound's documentary techniques establishing a chronology of the composition of The Cantos His close readings of specific passages set against the interwar years allow Ten Eyck to gain insights into Pound's 1930s political and social criticism Through references to the annotated copy of The Works of John Adams he explores Pound's engagement with Adams at the expense of Thomas Jefferson a figure formally at the heart of his previous work Ultimately this contextual and archival study uses John Adams and America to unlock the fascist beliefs and the later poetry of Ezra Pound Readings in the Cantos Richard Parker,2022-07-01 The three volumes of Readings in the Cantos bring together in a ground breaking format a number of critical readings by world renowned scholars of the central modernist long poem The Cantos of Ezra Pound Each contributor approaches either a single Canto or a defined small group of Cantos in isolation providing a clear informative and interpretive reading that includes an up to date assessment of sources and an idea of recent critical approaches Together the contributors offer a remarkably diverse reading of The Cantos that at the same time demonstrates the coherence of Pound's text **A Companion to The Cantos of Ezra Pound** Carroll F. Terrell,1993-04-16 The Companion is a major contribution to the literary evaluation of Pound's great but often bewildering and abstruse work The Cantos Available in a one volume paperback edition for the first

time the Companion brings together in conveniently numbered glosses for each canto the most pertinent details from the vast body of work on the Cantos during the last thirty years The Companion contains 10 421 separate glosses that include translations from eight languages identification of all proper names and works Pound s literary and historical allusions and other exotica with exegeses based upon Pound s sources Also included is a supplementary bibliography of works on Pound newly updated and an alphabetized index to The Cantos The Prophets and the Goddess Dionysious

Psilopoulos,2017-11-06 This text discusses how W B Yeats Aleister Crowley Ezra Pound and Robert Graves had access to the forbidden knowledge of the Goddess These four poets experienced a confrontation with their unconscious and let the grace of the Goddess touch their heart strings Consequently through this surrendering they created avant garde poetry and were inspired to write seditious manifestos that would teach humanity an esoteric creed This creed based on humans eternal divine essence aspires to liberate the eternal feminine These poets became the instruments of the Goddess As defenders of the Light they took arms against the forces of inertia and proclaimed the eleusis of a new faith This creed pledges to overthrow the anachronistic religious and social institutions and initiate a new world order and a new divinity based on the ancient rites of the Great Goddess No matter how disparate these four were in character they shared the vision of transmitting esoteric knowledge to profane humanity They were specifically chosen by the Goddess as Her troubadours and they pave Her way to the religious consciousness of the people **Approaches to Teaching Pound's Poetry and Prose**

Demetres P. Tryphonopoulos,Ira B. Nadel,2021-04-05 Known for his maxim Make it new Ezra Pound played a principal role in shaping the modernist movement as a poet translator and literary critic His works with their complex structures and layered allusions remain widely taught Yet his known fascism anti Semitism and misogyny raise issues about dangerous ideologies that influenced his work and that must be addressed in the classroom The first section Materials catalogs the print and digital editions of Pound s works evaluates numerous secondary sources and provides a history of Pound s critical contexts The essays in the second section Approaches offer strategies for guiding students toward a clearer understanding of Pound s difficult works and the context in which they were written *Annotated Index to the Cantos of Ezra Pound, Cantos I-LXXXIV*

John Hamilton Edwards,William W. Vasse,1959 Ezra Pound and the Career of Modern Criticism Michael Coyle,Roxana Preda,2018 Forty five years after his death and more than seventy years after his indictment for treason Ezra Pound remains a deeply controversial figure Today it is hard to imagine a poet sparking national debate but Pound did just that His receipt in 1949 of the first ever Bollingen Award for Poetry started a hue and cry that spread to every US periodical that made even a pretense of following cultural issues even Time weighed in It took two years for things to simmer down and when they finally did literary study looked profoundly different Everyone engaged in the study of poetry today professors and students alike works in an environment shaped by that national crisis of conscience The present book considers this untold story and investigates not just what critics have had to say about Pound but also why they have asked the questions they have asked It

is routine for reception histories to distinguish between professional studies and more popular responses this book encourages us to consider why we make that distinction and what the costs of doing so might be Unprofessional responses to Pound have often been ideologically and politically embarrassing for Pound scholars who have in response policed the distinction between professional and popular readings with extraordinary vigilance As a result the history of Pound's reception unfolds as a kind of drama perhaps the last ongoing theater for McCarthyite cultural political anxieties Michael Coyle is Professor of English at Colgate University and has published widely on Pound Roxana Preda is Leverhulme Fellow in American Literature at the University of Edinburgh and President of the Ezra Pound Society

Modernism, Christianity and Apocalypse, 2014-10-30 Modernism Christianity and Apocalypse stages an encounter between the fields of Modernism and Christianity and Apocalypse Studies The modernist impulse to make it new to transform and reform culture is an incipiently apocalyptic one poised between imaginative representations of an Old Era or civilization and the experimental promise of the New Christianity figures in formative tension with the new but its apocalyptic paradigms continued to impact modernist visions of cultural revitalization In three sections tracing a rough chronology from the late nineteenth century fin de siècle via interwar conflicts and the rise of political religions to post 1945 anxieties such as the Bomb this thematic is explored in nineteen far ranging scholarly contributions outlining a distinctive and fresh interdisciplinary field of study

Marshall McLuhan's Mosaic Elena Lamberti, 2012-01-01 One hundred years after Marshall McLuhan's birth Elena Lamberti explores a fundamental yet neglected aspect of his work the solid humanistic roots of his original mosaic form of writing In this investigation of how his famous communication theories were influenced by literature and the arts Lamberti proposes a new approach to McLuhan's thought Lamberti delves into McLuhan's humanism in light of his work on media and culture exploring how he began to perceive literature not just as a subject but a function inseparable from communal existence Lamberti pays particular attention to the central role played by Modernism in the making of his theories including the writings of Ford Madox Ford James Joyce Ezra Pound and Wyndham Lewis Reconnecting McLuhan with his literary past Marshall McLuhan's Mosaic is a demonstration of one of his greatest ideas that literature not only matters but can help us understand the hidden patterns that rule our environment

Making Something Happen Michael Thurston, 2003-01-14 Poetry makes nothing happen wrote W H Auden in 1939 expressing a belief that came to dominate American literary institutions in the late 1940s the idea that good poetry cannot and should not be politically engaged By contrast Michael Thurston here looks back to the 1920s and 1930s to a generation of poets who wrote with the precise hope and the deep conviction that they would move their audiences to action He offers an engaging new look at the political poetry of Edwin Rolfe Langston Hughes Ezra Pound and Muriel Rukeyser Thurston combines close textual reading of the poems with research into their historical context to reveal how these four poets deployed the resources of tradition and experimentation to contest and redefine political common sense In the process he demonstrates that the aesthetic censure under which much

partisan writing has labored needs dramatic revision Although each of these poets worked with different forms and toward different ends Thurston shows that their strategies succeed as poetry He argues that partisan poetry demands reflection not only on how we evaluate poems but also on what we value in poems and therefore which poems we elevate Ezra Pound and Neoplatonism P. Th. M. G. Liebrechts, 2004 This book is a detailed study of Ezra Pound's explicit and implicit use of elements of the Neoplatonic tradition in his prose and poetry and of the way it informed his poetics as well as his political and social economic views The book not only discusses the ideas of those Pound considered to be leading figures in the development of Neoplatonism such as Plotinus Dionysius the Areopagite Eriugena Dante Gernisthus Plethon and Thomas Taylor but more importantly it shows how and why Pound adapted and appropriated their notions to develop his interpretation of what he saw as an ongoing Neoplatonic tradition Through this adaptation of Neoplatonism Pound's work may be seen as an insightful commentary upon this religio philosophical tradition as well as a contribution to it

Modernism and Christianity E. Tønning, 2014-01-29 By theorising the idea of formative tensions between cultural Modernism and Christianity and by in depth case studies of James Joyce David Jones T S Eliot Ezra Pound W H Auden Samuel Beckett the book argues that no coherent account of Modernism can ignore the continuing impact of Christianity

General Catalogue of Printed Books British Museum. Department of Printed Books, 1969 **From Dickinson to Dylan** Glenn Hughes, 2020-12-01 Glenn Hughes examines the ways in which six literary modernists Emily Dickinson Marcel Proust T S Eliot Ezra Pound Samuel Beckett and Bob Dylan have explored the human relationship to a transcendent mystery of meaning Hughes argues that visions of transcendence are perhaps surprisingly a significant feature in modernist literature and that these authors' works account for many of the options for interpreting what transcendent reality might be This work is unique in its extended focus in a comparative study spanning a century on the persistence and centrality in modernist literature of the struggle to understand and articulate the dependence of human meaning on the mystery of transcendent meaning Hughes shows us that each of these authors is a mystic in his or her way and that none are tempted by the modern inclination to suppose that meaning originates with human beings Together they address one of the most difficult and important challenges of modern literature how to be a mystic in modernity Renascence, 1960 **A ZBC of Ezra Pound** Christine Brooke-Rose, 1971-01-01 *Ezra Pound and Italian Fascism* Tim Redman, 1991-03-29 This fascinating account of Ezra Pound and Italian Fascism allows the reader to understand the causes and results of Pound's ideology and actions
