## **International Rights And Responsibilities For The Future:**

**International Rights and Responsibilities for the Future** Kenneth W. Hunter, Timothy C. Mack, 1996-10-21 Underpinning contemporary political debates and organizational restructuring is a serious rethinking of rights and responsibilities in the roles of governments communities companies and individuals in a civil society International Rights and Responsibilities for the Future provides a foundation for these debates by focusing on the need to reintegrate rights and responsibilities with contributions by authorities engaged in the process A wide range of notable figures weigh in on the subject Audrey R Chapman argues for a revisioning of human rights as an instrument through which interrelated persons shape and reshape a social covenant defining reciprocal rights and responsibilities Philippa Strum contends that the idea of individual responsibility to the community is central to rights and contract theory as articulated in the Western tradition Amitai Etzioni presents the communitarian view of too many rights too few responsibilities And David Boaz gives the libertarian view that one fundamental right is the right to live your life as you choose so long as you don't infringe on the equal rights of others Particular attention is given to the arguments for a new international bill of rights and the issues of peace and security information and knowledge technologies the Global Society and knowledge based development criminal justice human rights education and sustainable development *International Rights and Responsibilities for the Future* Kenneth W. Hunter, Timothy C. Mack, 1996 *Mass Atrocities, the Responsibility to Protect and the Future of Human Rights* Simon Adams, 2021-01-26 This book ambitiously weaves together history and politics to explain all of the major situations where mass atrocities have occurred or been prevented over the 15 years since the Responsibility to Protect R2P was adopted at the 2005 UN World Summit The author provides a history of human rights mass atrocities and the principle of the R2P from the perspective of someone whose day job has been to work with the UN Security Council various governments and civil society to help ensure the international community does not fail those who face the threat of genocide war crimes and crimes against humanity today It examines the implementation of the controversial principle of R2P since 2011 and how we end the politics of impunity indifference and inaction once and for all Using case studies from Iraq Syria Myanmar and Libya the book offers a unique perspective regarding how we make never again a living principle rather than a cliché and how we end the politics of impunity indifference and inaction once and for all It will be of especial interest to scholars students and policymakers working in the fields of international politics or concerned about human rights atrocities the United Nations and international justice in the world today *Envisioning Our Environmental Future* B.H. Desai, 2022-09-09 With the Stockholm 50 Conference held on 2-3 June 2022 the global movement to protect the environment has reached a 50 year milestone The first UN Conference on the Human Environment also held in Stockholm from 5-16 June 1972 proved to be the watershed in addressing this problem and as the world assembles once more in the Swedish capital it is time to think aloud and look ahead In his address in 1972 the then Swedish Prime Minister Olof Palme said The decisive question is in which

direction we will develop there is no individual future neither for people nor for nations The only other head of government to attend in 1972 Indian Prime Minister Indira Gandhi highlighted the development as one of the primary means of improving the environment of living of providing food water sanitation and shelter of making the deserts green and mountains habitable and drew attention to the wisdom of the Atharva Veda What of thee I dig out Let that quickly grow over Let me not hit thy vitals or thy heart As we look back over 50 years we need to assess what has gone wrong in the trajectory travelled so far and look ahead to the future of our environment at this juncture and beyond As a scholarly journal for global decision makers Environmental Policy and Law has sought to envision what lies ahead in the 21st century by inviting outstanding scholarly works from around the world The 22 articles which resulted from this invitation are presented in this book Envisioning Our Environmental Future which is organised in three parts Testing Times Global Ideas and Sectoral Ideas The book is a sequel to Our Earth Matters IOS Press which was published on 5 June 2021 Bharat H Desai is Professor of International Law and Jawaharlal Nehru Chair in International Environmental Law at the Centre for International Legal Studies School of International Studies of Jawaharlal Nehru University New Delhi He is Editor in Chief of the global journals Environmental Policy and Law Amsterdam IOS Press and Yearbook of International Environmental Law Oxford Oxford University Press Prof Desai s ideas and proposals are reflected in his published books and in journals of international repute

**Human Rights and Sustainability** Gerhard Bos, Marcus Düwell, 2016-02-26 The history of human rights suggests that individuals should be empowered in their natural political political social and economic vulnerabilities States within the international arena hold each other responsible for doing just that and support or interfere where necessary States are to protect these essential human vulnerabilities even when this is not a matter of self interest This function of human rights is recognized in contexts of intervention genocide humanitarian aid and development This book develops the idea of environmental obligations as long term responsibilities in the context of human rights It proposes that human rights require recognition that in the face of unsustainable conduct future human persons are exposed and vulnerable It explores the obstacles for long term responsibilities that human rights law provides at the level of international and national law and challenges the question of whether lifestyle restrictions are enforceable in view of liberties and levels of wellbeing typically seen as protected by human rights The book will be of interest to postgraduates studying Human Rights Sustainability Law and Philosophy

The Future of Children's Rights Michael Freeman, 2015-01-08 This volume is in part intended to celebrate the 25th anniversary of the United Nations Convention on the Rights of the Child We are now a generation on from its formulation and as this varied collection of articles by leading thinkers in the field reflects children s rights have come a long way Yet the aim of this volume is not to look back but to take stock and look forward It explores subjects as diverse as socio economic rights corporal punishment language and scientific progress as they relate to children and their rights and offers new insights and new ideas Edited by one of the most respected and leading scholars in the field The Future of Children s Rights constitutes a

stimulating and useful resource for academics and practitioners alike      *Debating the Future of the 'Responsibility to Protect'* Pinar Gözen Ercan, 2016-05-17 This study examines the relevance of the Responsibility to Protect R2P in responding to humanitarian challenges across the world In proposing a number of revisionist alternatives Ercan proposes a way forward for R2P particularly regarding its Second and Third Pillars Despite the debate shifting from a right to intervene towards a responsibility to protect the conceptual and systemic limitations imposed on R2P via its institutionalisation have hampered its ability to consolidate change In light of this Ercan argues that R2P cannot make a positive contribution towards changing the international system without first being equipped with new powers      *The Future of Human Rights* Upendra Baxi, 2007-12-12 This book critically examines the contemporary discourses on the nature of human rights their histories the myths that are embedded in them and contributes an alternative reading of those histories by placing the concerns and interests of the people in struggle and communities of resistance at centre stage The work analyses the significance of the United Nations UN and the Universal Declaration of Human Rights and goes on to study the more contemporary issues such as women s struggle to feminize the understanding and practice of human rights the postmodernist critique of the universal idiom of human rights and most pertinently for the current world scene it analyses the impact of globalization on the human rights movement The volume includes a discussion on the proposed UN norms regarding the human rights responsibilities of multinational corporations and other business entities      **The South-South Dialogue on Human Rights** Lu Guangjin, Zhang Wei, 2021-09-20 This volume contains a selection of the edited and in some cases translated papers presented at the first South South Human Rights Forum held in Beijing The conference was jointly sponsored by the State Council Information Office and the Chinese Ministry of Foreign Affairs The event drew hundreds of participants mainly scholars and government officials from developing countries and international organizations Its main theme was Building a Human Community with a Shared Future which built on a proposal launched by President Xi Jinping The papers are mostly short and often policy oriented offering a unique insight into the thinking and planning associated with this South South exchange and thus a wealth of information of interest to scholars The topics covered emerge primarily from development related issues such as the rights to food education health and poverty reduction Though much of the volume thus focuses on economic and social rights and the right to development civil and political rights are also discussed in the context of the need for legal guarantees for the exercise of human rights and judicial protection of rights      Germ-Line Intervention and Our Responsibilities to Future Generations Emmanuel Agius, S. Busuttil, 2012-12-06 In contemporary ethical discussion widespread concern about the potential risks of genetic engineering is raising new and fundamental questions about our responsibilities towards unborn generations Newly acquired knowledge in genetic engineering techniques has brought about not only potential benefits but also immense risks for the well being of both present and future generations This book raises a number of ethical issues concerning the impact of genetic engineering on generations yet to be born The four topical areas

that constitute the focus of the volume namely 1 from laboratory to germ line therapy 2 the concept of human nature theological and secular perspectives 3 genetic intervention and the common heritage view and 4 social responsibilities of geneticists towards future generations raise intriguing ethical and legal questions as well as important policy issues As much as any set of issues they reflect the hopes and fears prejudices and uncertainties that people associate with germ line intervention and the future of human kind

### **Prospects for a Regional Human Rights Mechanism in East Asia**

*Libya, the Responsibility to Protect and the Future of Humanitarian Intervention* A. Hehir,R. Murray,2013-05-29 This book critically analyses the 2011 intervention in Libya arguing that the manner in which the intervention was sanctioned prosecuted and justified has a number of troubling implications for the both the future of humanitarian intervention and

international peace and security      **Reflections on the Future of Human Rights** Gentian Zyberi, Johan Karlsson Schaffer, Carola Lingaas, Eduardo Sánchez Madrigal, 2023-07-31 This book aims to prospectively conjecture about what the coming decades may hold for human rights The authors in this volume discern where current trends are likely to lead and try to make sense of the future they herald Human rights as a legal political and social practice have experienced significant achievements and successes some notable setbacks and failures and numerous unprecedented and unforeseen events and developments Sceptics even claim that the idea of human rights has failed to deliver on its radical promise of emancipation The chapters in this volume deal with ways to reimagine the existing human rights framework the future of the African human rights system the place of human rights in economic policy making reparations for chattel slavery and the right to free education for all children The thematic and disciplinary breadth of contributions makes this book a resource for scholars practitioners and students alike In analysing and critically discussing matters of climate change right to a healthy environment preventing disasters and building resilience and resource management it provides timely and important contributions However the book does not limit itself to discussing current day challenges it also covers issues concerning the regulation of artificial intelligence and algorithmic decision making as well as potential paths in the future relationship between the African and the European Human Rights Court Reflections on the Future of Human Rights will be beneficial to students scholars and researchers interested in international law human rights and politics Overall the book is suitable for anyone interested in human rights and their evolution in theory and practice The chapters in this book were originally published as a special issue of Nordic Journal of Human Rights      *Sustainability and the Economics of Assuring Assets for Future Generations* Richard B. Norgaard, 1992      *The Law of the Future and the Future of Law* Sam Muller, Stavros Zouridis, Morly Frishman, Laura Kistemaker, 2011-06-21 The Law of the Future and the Future of Law is a unique collection of think pieces in which a wide variety of experts share their thoughts on how they envision the future of law By asking the question What do you see as the most significant challenges for the development of the law What developments are we likely to see in the coming two to three decades What do those developments mean for national legal systems as a whole the Hague Institute for the Internationalisation of Law HiiL has canvassed the views of a large number of renowned experts in particular areas of law This volume was prepared as part of the Law of the Future Joint Action Programme and as the basis of the Law of the Future Conference on 23 and 24 June 2011 The Law of the Future Joint Action Programme is based on the premise that prospective thinking about law is not only desirable but also required in order to ensure that law and legal systems do not become obsolete ineffective or unjust The aim is to set a world standard in thinking ahead to guide decision makers today For more information visit [www.lawofthefuture.org](http://www.lawofthefuture.org)      The Future of UN Human Rights Treaty Monitoring Philip Alston, James Crawford, 2000-05-11 Every state in the world has undertaken human rights obligations on the basis of UN treaties Today s challenge is to enhance the effectiveness of procedures and institutions established to promote the

accountability of governments The six treaty bodies that monitor and evaluate state policies and practices play a vital role but the whole system has been stretched almost to breaking point It is under funded many governments fail to report or do so very late or superficially there is a growing backlog of individual complaints broad reservations have been lodged by many states and the expertise of committee members has been questioned This volume contains detailed analyses of the strengths and weaknesses of the system written by leading participants in the work of the treaty bodies Their recommendations provide a blueprint for far reaching reform of a system of major importance for the future of international efforts to protect human rights

**The Future of Human Rights** Alison Brysk, 2018-06-04 Human rights have fallen on hard times yet they are more necessary than ever People all over the world from Amazonian villages to Iranian prisons need human rights to gain recognition campaign for justice and save lives But how can we secure a brighter future for human rights What changes are required to confront the regime s weaknesses and emerging global challenges In this cutting edge analysis Alison Brysk sets out a pragmatic reformist agenda for human rights in the twenty first century Tracing problems and solutions through contemporary case studies the plight of refugees declining democracies such as Mexico and Turkey the expansion of women s rights new norms for indigenous peoples and rights regression in the USA she shows that the dynamic strength of human rights lies in their evolving political practice This distinctive vision demands that we build upon the gains of the human rights regime to construct new pathways which address historic rights gaps from citizenship to security from environmental protection to resurgent nationalism and to globalization itself Drawing on the author s extensive experience as a leading human rights scholar and activist *The Future of Human Rights* offers a broad and authoritative guide to the big questions in global human rights governance today

**Environmental Human Rights and Climate Change** Bridget Lewis, 2018-08-21 This book examines the current status of environmental human rights at the international regional and national levels and provides a critical analysis of possible future developments in this area particularly in the context of a changing climate It examines various conceptualisations of environmental human rights including procedural rights relating to the environment constitutional environmental rights the environmental dimensions of existing human rights such as the rights to water health food housing and life and the notion of a stand alone human right to a healthy environment The book addresses the topic from a variety of perspectives drawing on underlying theories of human rights as well as a range of legal political and pragmatic considerations It examines the scope of current human rights particularly those enshrined in international and regional human rights law to explore their application and enforceability in relation to environmental problems identifying potential barriers to more effective implementation It also analyses the rationale for constitutional recognition of environmental rights and considers the impact that this area of law has had both in terms of achieving stronger environmental protection and environmental justice as well as in influencing the development of human rights law more generally The book identifies climate change as the key environmental challenge facing the global community as well as a

major cause of negative human rights impacts It examines the contribution that environmental human rights might make to rights based approaches to climate change
