## **International Relations And The New Inequality:**

**International relations and the new inequality** Mustapha Kamal Pasha, Craig Murphy, 2002     International Relations from the Global South Arlene B. Tickner, Karen Smith, 2020-05-21 This exciting new textbook challenges the implicit notions inherent in most existing International Relations IR scholarship and instead presents the subject as seen from different vantage points in the global South Divided into four sections 1 the IR discipline 2 key concepts and categories 3 global issues and 4 IR futures it examines the ways in which world politics have been addressed by traditional core approaches and explores the limitations of these treatments for understanding both Southern and Northern experiences of the international The book encourages readers to consider how key ideas have been developed in the discipline and through systematic interventions by contributors from around the globe aims at both transforming and enriching the dominant terms of scholarly debate This empowering critical and reflexive tool for thinking about the diversity of experiences of international relations and for placing them front and center in the classroom will help professors and students in both the global North and the global South envision the world differently In addition to general introductory IR courses at both the undergraduate and graduate levels it will appeal to courses on sociology and historiography of knowledge globalization neoliberalism security the state imperialism and international political economy     International Relations and American Dominance Helen Turton, 2015-11-19 This work seeks to explore the widely held assumption that the discipline of International Relations is dominated by American scholars approaches and institutions It proceeds by defining dominance along Gramscian lines and then identifying different ways in which such dominance could be exerted agenda setting theoretically methodologically institutionally gate keeping Turton dedicates a chapter to each of these forms of dominance in which she sets out the arguments in the literature discusses their theoretical implications and tests for empirical support The work argues that the self image of IR as an American dominated discipline does not reflect the state of affairs once a detailed sociological analysis of the production of knowledge in the discipline is undertaken Turton argues that the discipline is actually more plural than widely recognized challenging widely held beliefs in International Relations and it taking a successful step towards unpacking the term dominance An insightful contribution to the field this work will be of great interest to students and scholars alike     **Fifty Key Thinkers in International Relations** Martin Griffiths, Steven C. Roach, M. Scott Solomon, 2008-11-28 Now in its second edition Fifty Key Thinkers in International Relations has been thoroughly updated with several new entries and a new preface to reflect the latest developments There are new sections on Constructivism International Political Theory and English School as well as a range of new thinkers They include Samuel Huntington Christine Sylvester Jürgen Habermas John Rawls Barry Buzan Fully cross referenced throughout this book has everything for students of politics and international relations or indeed anyone who wants to gain an understanding of how nations can work together successfully     International Relations and States of Exception Shampa Biswas, Sheila Nair, 2009-12-16

Focusing on the margins and peripheries of global politics this volume addresses key issues within international relations including migration sovereignty state security war on terror globalization political economy race and ethnicity labor space culture and identity *Decolonizing International Relations* Branwen Gruffydd Jones, 2006-09-15 The modern discipline of International Relations IR is largely an Anglo American social science It has been concerned mainly with the powerful states and actors in the global political economy and dominated by North American and European scholars However this focus can be seen as Eurocentrism Decolonizing International Relations exposes the ways in which IR has consistently ignored questions of colonialism imperialism race slavery and dispossession in the non European world The first part of the book addresses the form and historical origins of Eurocentrism in IR The second part examines the colonial and racialized constitution of international relations which tends to be ignored by the discipline The third part begins the task of retrieval and reconstruction providing non Eurocentric accounts of selected themes central to international relations Critical scholars in IR and international law concerned with the need to decolonize knowledge have authored the chapters of this important volume It will appeal to students and scholars of international relations international law and political economy as well as those with a special interest in the politics of knowledge postcolonial critique international and regional historiography and comparative politics Contributions by Antony Anghie Alison J Ayers B S Chimni James Thuo Gathii Siba N Zatioula Grovogui Branwen Gruffydd Jones Sandra Halperin Sankaran Krishna Mustapha Kamal Pasha and Julian Saurin

relations Throughout the text the authors encourage you to engage critically with essential theories by highlighting their strengths weaknesses and the major points of contention helping you to understand how contemporary debates in the discipline are connection with each other and how they are shaping the world in which we live New to this edition A new three part structure brings into clearer focus how theories meet real world developments A new final chapter on world order provides a current analysis of international turbulence encouraging you to connect theory to your own lived experience Chapter 11 now includes a detailed discussion of climate change and how we can spotlight the environment in international relations through Green Theory approaches Thoroughly refreshed and updated further reading recommendations support you in finding diverse and current scholarship to enhance your learning Book jacket

### **On the Nature of Genocidal**

**Intent** Jason J. Campbell, 2012-10-04 Campbell offers a conceptual look into the nature of genocidal intent systematically analyzing the conceptual and logical structures for genocidal intent and discussing its theoretical foundations The analysis offers particular insight into the process of operationalizing genocide and mass extermination The investigation includes discussion of the roles orchestrators play and the systematic development of a genocidal strategy which requires the intent to purge pre selected demographic identifiers from the population Cambell also analyzes in detail the dynamic process of generational conflict wherein former perpetrators become victims and victims become perpetrators

**Out of Line** R.B.J. Walker, 2015-08-27 A collection of essays on the politics of boundaries this book addresses a broad range of cases some geographical some legal and some involving less tangible practices of inclusion and exclusion The book begins by exploring the boundary between modern Western forms of international relations and their constitutive outsides Beyond this the author engages with relations between subjectivity and security security and nature social movements and a world politics as well as the politics of spatiotemporal dislocation Two chapters address the work of Thomas Hobbes and Max Weber as exemplary accounts of the relationship between boundaries and the constitution of modern forms of politics Each chapter speaks not only to the politics of specific boundary practices but also to the limits within which modern politics has been shaped in relation to claims about spatiality temporality sovereignty and subjectivity In this way the book draws attention to a pervasive account of a scalar order of higher and lower that has shaped more familiar distinctions between internality and externality Offering an analysis of the relation between concepts of internationalism imperialism and exceptionalism as well as the implications of spatiotemporal dislocation for claims about democracy the book links contemporary claims about the transformation of boundaries to various ways in which political life is said to be in crisis and in need of novel forms of critique Brought up to date by a new and extensive introductory essay and an assessment of the status of political judgement after 9 11 this book is essential reading for students and scholars of politics international relations political theory and political sociology

**Handbook of International Relations** Walter Carlsnaes, Thomas Risse, Beth A Simmons, 2012-09-18 The original Handbook of International Relations was the first authoritative and comprehensive survey of the field of international

relations In this eagerly awaited new edition the Editors have once again drawn together a team of the world's leading scholars of international relations to provide a state of the art review and indispensable guide to the field ensuring its position as the pre eminent volume of its kind The Second Edition has been expanded to 33 chapters and fully revised with new chapters on the following contemporary topics Normative Theory in IR Critical Theories and Poststructuralism Efforts at Theoretical Synthesis in IR Possibilities and Limits International Law and International Relations Transnational Diffusion Norms Ideas and Policies Comparative Regionalism Nationalism and Ethnicity Geopolitics in the 21st Century Terrorism and International Relations Religion and International Politics International Migration A truly international undertaking this Handbook reviews the many historical philosophical analytical and normative roots to the discipline and covers the key contemporary topics of research and debate today The Handbook of International Relations remains an essential benchmark publication for all advanced undergraduates graduate students and academics in politics and international relations

**Islam and International Relations** Mustapha Kamal Pasha, 2017-04-21 Islam and International Relations Fractured Worlds reframes and radically disrupts perceived understanding of the nature and location of Islamic impulses in international relations This collection of innovative essays written by Mustapha Kamal Pasha presents an alternative reading of contestation and entanglement between Islam and modernity Wide ranging in scope the volume illustrates the limits of Western political imagination especially its liberal construction of presumed divergence between Islam and the West Split into three parts Pasha's articles cover Islamic exceptionalism challenges and responses and also look beyond Western international relations This volume will be of great interest to graduates and scholars of international relations Islam religion and politics and political ideologies globalization and democracy

**Global Crises and the Crisis of Global Leadership** Stephen Gill, 2011-10-20 This groundbreaking collection on global leadership features innovative and critical perspectives by scholars from international relations political economy medicine law and philosophy from North and South The book's novel theorization of global leadership is situated historically within the classics of modern political theory and sociology relating it to the crisis of global capitalism today Contributors reflect on the multiple political economic social ecological and ethical crises that constitute our current global predicament The book suggests that there is an overarching condition of global organic crisis which shapes the political and organizational responses of the dominant global leadership and of various subaltern forces Contributors argue that to meaningfully address the challenges of the global crisis will require far more effective inclusive and legitimate forms of global leadership and global governance than have characterized the neoliberal era

**Global Institutions, Marginalization, and Development** Craig Murphy, 2005 Craig Murphy's groundbreaking book examines the measures that global institutions have taken assesses the limited success of global governance and provides a coruscating expose of its failures

**South Asia's Weak States** T. V. Paul, 2010-08-09 South Asia which consists of eight states of different sizes and capabilities is characterized by high levels of insecurity at the inter state intra state and

human level insecurity that is manifest in both traditional and non traditional security problems especially transnational terrorism fuelled by militant religious ideologies To explain what has caused and contributed to the perpetual insecurity and human suffering in the region this book engages scholars of international relations comparative politics historical sociology and economic development among others to reveal and analyze the key underlying and proximate drivers It argues that the problems are driven largely by two critical variables the presence of weak states and weak cooperative interstate norms Based on this analysis and the conclusions drawn the book recommends specific policies for making the region secure and for developing the long lasting inter and intra state cooperative mechanisms necessary for the perpetuation of that security

*Contending Perspectives on Global Governance* Alice D. Ba,Matthew J. Hoffmann,2006-05-17 Global governance is fast becoming a ubiquitous phrase succeeding globalization as the latest buzz term But exactly what does it mean For many scholars and policymakers the term captures important aspects of world politics This unique volume delivers and compares the key perspectives of the leading thinkers in the area equipping the reader with an excellent understanding of the debate now defining and mapping the future of this term This comparative approach is underpinned by a lucid theoretical framework which guides the reader towards building a clear sense of the debate and its complexities A wide range of empirical issues are covered including those of Security International Political Economy Environment Human Rights Social Movements and Regulation Including theorists of social constructivism liberal imperialism and realism this is an essential book for students and scholars which stimulates discussion and presents a fully rounded picture of global governance
