Readings in True and Fair Robert Henry Parker, P. W. Wolnizer, Christopher Nobes, 1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company      An International View of True and Fair Accounting Robert Henry Parker, Christopher Nobes, 1994 Since its genesis in the 1947 Companies Act a true and fair view has produced much debate among professionals In this book Parker and Nobes bring together the explanatory and often contentious opinions of key international accountants and lawyers for the first time By including documents that have shaped international usage of that convention Parker and Nobes provide a useful analysis of the full meaning and effect of a true and fair view Considered a will o the wisp subject by most academic writers the concept of a true and fair view remains pivotal in much current accounting practice Nobes and Parker grasp the nettle and attempt to clarify what international opinion has concluded about this central accounting issue      A Global View of Financial Accounting Roger Hussey, Talal Al-Hayale, 2022-07-13 In this book we discuss the specific pressures and decisions that influences the changes in corporate reporting The importance of corporate financial reporting has increased over the years Accountants have developed standards that ensure the financial information issued by companies is rigorous and assists the users of the information in making decisions Initially countries developed their own standards but the increase in world wide trade demonstrated the need for an international approach to standard setting This led to the establishment of International Accounting Standards Board IASB and the issue of international accounting standards Although accounting standards originally focused on financial information that would be of interest to investors in a company there is an increasing interest in all corporate activities that shape the way we live In this book we discuss the specific pressures and decisions that influences the changes in corporate reporting with emphasis given to the U K the United States and Islamic countries We also discuss the impact of advances in technology on corporate reporting and we review the nature of information provided by companies to a wider audience than shareholders

*Historical Developments in the Accountancy Profession, Financial Reporting, and Accounting Theory* C. Richard Baker, Martin E. Persson, 2021-11-15 Historical Developments in the Accountancy Profession Financial Reporting and Accounting Theory contains ten manuscripts authored by C Richard Baker during an academic career that spans four decades picking up on various understudied threads of academic and professional initiatives over the past several hundred years      *Globalisation of Accounting Standards* Jayne Maree Godfrey, Keryn Chalmers, 2007-01-01 In this book Jayne Godfrey and Keryn Chalmers explore the intricacies of the globalisation of accounting standards arguably one of the most significant business developments of the wider globalisation process during the past two decades They examine the key issues and implications of this harmonization of accounting standards from the perspectives of a diverse range of worldwide stakeholders Globalisation of Accounting Standards shows that globalisation approaches differ significantly because countries seek to maintain varying degrees of sovereignty over their regulations International differences in economic

political legal religious and social characteristics also affect globalisation approaches and in turn influence national accounting standard setting agendas The book explores why countries relinquish their existing national accounting standard setting regimes to join the global movement It also seeks to resolve questions such as To what extent are national incentives altruistic economic political or social Who are the winners and losers in the process This authoritative book is thoroughly researched and expertly informed Written by both academics and regulators it tackles a critical and controversial issue in the globalisation movement As such it will be of great interest to a wide ranging audience including international national private and public sector standard setters economic regulators accounting academics and political economists and strategists
