 NYIL is the fiftieth in the Series which means that the NYIL has now been with us for half a century The editors decided not  
 to let this moment go by unnoticed but to devote this year's edition to an analysis of the phenomenon of yearbooks in  
 international law Once the decision was made that this would be the subject of this year's NYIL the editors asked themselves  
 a number of questions For instance Not many academic disciplines have yearbooks so what is the reason we do What is the  
 added value of having a yearbook alongside the abundance of international law journals regular monographs and edited  
 volumes that are published on a yearly basis Does the existence of yearbooks tell us something about who we are or who we  
 think we are or what we have to contribute to the world These questions will be addressed both in a general and in a specific  
 sense whereby a number of yearbooks published all over the world will be looked at in further detail The Netherlands
