Education in the 21st Century in Nigeria Chibuogwu V. Nnaka, Adolphus A. Okafor, 2004 **National Institute on Criminal Enforcement of Intellectual Property Rights**, 2009 Internet Reference Support for Distance Learners Rita Pellen, William Miller, 2013-12-19

Make separate library services for distance learners a thing of the past Internet Reference Support for Distance Learners takes a comprehensive look at efforts by librarians and information specialists to provide distance learners with effective services that match those already available on campus With the development of the World Wide Web and the evolution of Web based services reference librarians are adding a human element to the virtual library blurring the difference between distance learners and traditional users This unique book examines how they deal with a wide range of related topics including standards and guidelines copyright issues streaming media and chat and digital references and presents a historical overview of how reference and instructional services have been delivered to distance users before and after the creation of the Internet Internet Reference Support for Distance Learners reveals that librarians do not make a sharp distinction between reference and instruction within the context of distance learning and that there is no clear boundary between true distance learners and more traditional students who might use services designed for nontraditional users Online capabilities have allowed reference librarians to approximate services advocated by published guidelines and standards including the ACRL Distance Learning Section's Guidelines for Distance Learning Library Services to provide a framework for librarians to plan services for off campus students Internet Reference Support for Distance Learners provides practical information on how librarians can keep IT simple when designing methods to access reference support why library Web sites are vital sources of communication between the distance learning student and the reference based instructional component how to set up a university chat service including software selection staff training and assessment how to provide students services beyond traditional provision of resources including advising enrollment and payment of fees how to create an online assistance site that incorporates online versions of traditional print handouts FAQs subject guides course specific guides learning modules and instructional videos in one central location how to work with faculty to create online support for students in Blackboard courses the pros and cons of using open source software how to create an online library assistance site how to create online information literacy course to teach independent research skills to remote students how to avoid copyright infringement and how to educate library personnel about copyright law how to use Camtasia Studio a screen capture program to create audio and video for online presentations Internet Reference Support for Distance Learners is an invaluable resource for librarians working in academic school special and public settings and for library science faculty and students Cyber Space and Intellectual Property Rights - Special Reference to Internet and File Sharing Deepika Chhangani, Marzena Walasik, 2023-07-21 In this book readers will explore the fundamental concepts of P2P sharing and its impact on intellectual property rights as a framework of law An evolutionary journey of P2P file sharing has been done with in depth focus on Napster and other sharing platforms The book provides a clear understanding of legal issues arising in the

cyber world and their possible legal solutions for the same The book has addressed various research gaps in this subject domain and would be an enriching experience hopefully *Improving Internet Reference Services to Distance Learners* Rita Pellen, William Miller, 2014-06-03 In their efforts to provide distance learners with the most effective services possible librarians and information specialists are working more and more with faculty in academic departments IT departments and other librarians at cooperating institutions *Improving Internet Reference Services to Distance Learners* chronicles how those efforts have seen librarians become actively involved in online course management and delivery systems particularly Blackboard Desire2Learn and WebCT or by embedding themselves into the online course structure to better learn where students need assistance This invaluable resource also examines how librarians use Internet resources to support professional and continuing education and to establish university wide information and referral services to provide quality service to distance learners *Improving Internet Reference Services to Distance Learners* encourages librarians to think more broadly about working with outside individuals when designing and providing reference and other services to nontraditional users The book examines why it s best to consider user needs funding staff management and collaboration development when planning Internet reference services how to develop and implement a required credit bearing online information literacy course and how to apply effective marketing techniques from the business world to increase awareness of reference support services available to distance learners It also offers a look at the Walden University Library at Indiana University Bloomington which houses no print collection only online databases and includes case studies that document the design and development of Internet reference services for the University of Illinois Fire Service Institute and the efforts to provide support for doctor of pharmacy students at the University of Wisconsin Madison in their final year of study *Improving Internet Reference Services to Distance Learners* provides practical information on monitoring online discussion threads devoted to library research Web based interactive tutorials integrating library services in support of coursework integrating library services into online courses offering promoting and providing instruction to public users as well as local and distance students developing a web site that centralizes information about library services and resources the potential of the academic library to be the central provider of information and referral services for an entire university *Improving Internet Reference Services to Distance Learners* is an invaluable resource for librarians working in academic school special and public settings and for library science faculty and students **SRELS Journal of Information Management** ,2004
