the prophets are based upon the careers and experiences of some of the most talented and provocative individuals of their times the books must be read first as literature Each book displays its own unique organization literary characteristics and theological outlook in presenting the prophets In the case of Jeremiah interpreters must even consider two distinctive forms of the book in the Hebrew Bible and the Greek Septuagint By guiding the reader through the literary structure and language of each of the prophetic books as well as the social roles of the individual prophets this volume opens the reader to greater understanding and appreciation of the prophets of Israel and Judah Fact packed and crystal clear Marvin Sweeney's *Interpreting Biblical Texts: The Prophetic Literature* invites readers to tour the landscape of ancient Israel's Latter Prophets corpus Sweeney serves as a first rate guide equipping readers with basic knowledge to grasp and grapple with the literary legacies of the canonical prophets True to the series title he interprets texts with an eye to major dynamic themes in Jewish and Christian traditions The volume proves a reliable guidebook for readers wishing not only to survey but also to engage in dialogue with ancient Israel's canonical prophets Katheryn Pfisterer Darr Professor of Hebrew Bible Boston University The aim of the series *Interpreting Biblical Texts* is pedagogical This well written easy to follow and coherent book serves its purpose well More importantly it certainly invites and guides its readers in the enterprise of interacting with the prophetic books in a way that is informed by recent academic scholarship on this literature Ehud Ben Zvi History and Classics Interdisciplinary Program of Religious Studies University of Alberta This is a new and interesting approach to the prophetic literature which will be illuminating for theological reflection in our own post Holocaust era John J Collins Holmes Professor of Old Testament Yale Marvin A Sweeney is Professor of Hebrew Bible Claremont School of Theology and Professor of Religion at Claremont Graduate University

Reading with the Faithful Seth B. Tarrer,2013-01-10 If therefore someone is a prophet he no doubt prophesies but if someone prophesies he is not necessarily a prophet Origen Origen writing sometime in the mid third century on the Gospel of John has charted a course for the subsequent history of interpretation of true and false prophecy Although Tarrer s study is concerned primarily with various readings of Jeremiah s construal of the problem the ambiguity inherent in Origen s statement is glaring nonetheless This monograph is a study of the history of interpretation It therefore does not fit neatly into the category of Wirkungsgeschichte Moving through successive periods of the Christian church s history Tarrer selects representative interpretations of Jeremiah and Ezekiel in later theological works dealing explicitly with the question of true and false prophecy in an effort to present a sampling of material from the span of the church s existence As evidenced by the list of false prophets uncovered at Qumran along with the indelible interpretive debt owed by Christian interpreters such as Jerome and Calvin to Jewish exegetical methods Jewish interpretation s vast legacy quickly exceeds the scope of this project From the sixteenth century onward the focus on the Protestant church is again due to economy In the end Tarrer concludes that the early church and pre modern tradition evidenced a recurring appeal to some form of association between Jeremiah
