The Interrupted Journey John Fuller, 2022-05-10 TWO LOST HOURS ABOARD A UFO THE ABDUCTION OF BETTY AND BARNEY HILL One of the most extraordinary UFO tales of our time a thrilling otherworldly and wildly entertaining adventure that enraptured America and stands as the quintessential extraterrestrial encounter True believers will see this as further evidence of the reality of UFOs The New York Times On a summer night in 1961 Betty and Barney Hill were driving home through New Hampshire when a bright object appeared in the sky and began following them When the couple finally pulled over to get a better look the object vanished before their eyes With nothing else to do Betty and Barney returned to their car and kept driving into the night The encounter left them rattled but what came next was even more arresting the following day the Hills realized they couldn't remember anything from almost two hours of their drive Time itself had disappeared so the couple began looking for help hoping to uncover what happened that mysterious night Captivating and unputdownable The Interrupted Journey is the complete story of those missing hours and the Hills' nearly identical accounts as revealed to doctors under psychotherapy and hypnosis It stands as one of the most extraordinary UFO tales of our time Thrilling otherworldly and wildly entertaining The Interrupted Journey is an adventure that enraptured America and stands as the quintessential extraterrestrial encounter The Interrupted Journey John Grant Fuller, 1966 **They Know Us**
