Tester,2002-11-01 This book offers a major interpretation of contemporary cultural and social relationships encompassing the work of thinkers such as Heidegger Arendt Benjamin and Simmel **A Course of Severe and Arduous Trials** Lynn Brunet,2009 The artist Francis Bacon 1909 1992 and the writer Samuel Beckett 1906 1989 both convey in their work a sense of foreboding and confinement in bleak ritualistic spaces This book identifies many similarities between the spaces and activities they evoke and the initiatory practices of fraternal orders and secret societies that were an integral part of the social landscape of the Ireland experienced by both men during childhood Many of these Irish societies modelled their ritual structures and symbolism on the Masonic Order Freemasons use the term spurious Freemasonry to designate those rituals not sanctioned by the Grand Lodge The Masonic author Albert Mackey argues that the spurious forms were those derived from the various cult practices of the classical world and describes these initiatory practices as a course of severe and arduous trials This reading of Bacon s and Beckett s work draws on theories of trauma to suggest that there may be a disturbing link between Bacon s stark imagery Beckett s obscure performances and the unofficial use of Masonic rites

Tate British Artists Andrew Brighton,2001 This volume book examines the way Irish born artist Francis Bacon s 1909 1992 paintings were made with reference to his life and words revealing the strong influence of literary modernism Bacon is often said to have put the pain in painting His subversion of artistic conventions and religious symbols created a sensation during his lifetime Even after his death his paintings of distorted figures and fractured spaces continue to ignite controversy To some Bacon s imagery is a profound interpretation of the tragic human condition others declare it violent and disgusting In particular Bacon s rhetoric draws from the despair and guilt expressed by Charles Baudelaire T S Eliot and Ezra Pound

Francis Bacon Hugh Marlais Davies,1995-01-03 With their searing colors and compelling images the paintings of Francis Bacon are among the most powerful and the most poignant to be made in the twentieth century During his sixty odd years as a painter Francis Bacon fearlessly tackled the unruly imagery of life remaining defiantly committed to giving this purposeless existence a meaning His insistence on depicting the mysteries of human experience had been rare in an age dominated by abstraction Now with the international resurgence of figurative imagery the pivotal importance of his work has become more obvious than ever before The power and magnitude of his life s work are vividly conveyed by this thorough evaluation written by Hugh Davies and Sally Yard Born in Dublin as a teenager Bacon moved to London where he worked as an interior designer and taught himself to paint Responding to influences as diverse as Michelangelo and the photographer Muybridge he has created a motion filled style uniquely his own Fascinated by the challenge of capturing what he calls the mysteries of appearance Bacon confronts us with emotional images that demand an emotional response About Abbeville s

Concentrationary Memories Griselda Pollock, Max Silverman, 2015-08-25 In 1945 French political prisoners returning from the concentration camps of Germany coined the phrase the concentrationary universe to describe the camps as a terrible political experiment in the destruction of the human This book shows how the unacknowledged legacy of a totalitarian mentality has seeped into the deepest recesses of everyday popular culture It asks if the concentrationary now infests our cultural imaginary normalizing what was once considered horrific and exceptional by transforming into entertainment violations of human life **No Regrets** Rob Young, 2012-05-17 A colourful collection of pieces on the enigmatic genius of Scott Walker from *THE WIRE* Scott Walker has travelled from teen idol to the outer limits of music From *The Sun Ain't Gonna Shine Any More* reaching No 1 through to recordings of meat being punched on his last album *THE DRIFT* he somehow seems to have reached a passionate and committed fan base Throughout his career his impeccable critical reputation as a serious and uncompromising musician has never been questioned The recent film *30TH CENTURY MAN* had a litany of stars queuing up to praise Walker the likes of David Bowie Damon Albarn Jarvis Cocker Radiohead

Johnny Marr and Sting But despite this in 40 years of music there has yet to be a serious book on Scott Walker This collection put together by Rob Young of THE WIRE magazine features a handful of previously published articles and newly commissioned pieces largely drawn from the orbit of THE WIRE s writers including Ian Penman Chris Bohn and Rob Young

The Body Mike Featherstone, Mike Hepworth, Bryan S Turner, 1991-01-10 This challenging volume reasserts the centrality of the body within social theory as a means to understanding the complex interrelations between nature culture and society At a theoretical level the volume explores the origins of a social theory of the body in sources ranging from the work of Nietzsche to contemporary feminist theory The importance of a theoretical understanding of the body to social and cultural analysis of contemporary societies is demonstrated through specific case studies These range from the expression of the emotions romantic love dietary practice consumer culture fitness and beauty to media images of women and sexuality
