Intimacy And Ritual A Study Of Spiritualism Mediums And Groups:

Intimacy and Ritual Vieda Skultans, 2019-06-19 Originally published in 1974 *Intimacy and Ritual* is a sympathetic study of spiritualist activities and their relation to the practitioners secular lives The book in particular looks at the therapeutic function of spiritualism Based on the author's fieldwork as a participant observer among spiritualists in a South Wales town the research covers spiritualists services and meetings as well as interviews with spiritualists in their own homes The book gives an accurate account of spiritualist doctrines and beliefs about the spirit world The book postulates that spirit possession always relates to illness and shows how this is often the physical counterpart of social malaise Throughout the study spiritualism is seen in terms of the coping techniques and the rewards which it offers its members The book shows that spiritualism is more highly regarded as a problem solving source than the formal care giving organizations such as psychiatrist hospitals and the social work agencies Healing activities are interpreted as a symbolic enactment of male and female roles ideally conceived and spiritualist messages offer symbols and explanations of illness and misfortune

Priestess, Mother, Sacred Sister Susan Starr Sered, 1996 In this fascinating and path breaking work comparing 12 women's religions Sered investigates how women's religions differ from those dominated by men She then reveals how these religions relate to the special ways women around the world experience reality 19 halftones The Magic Lantern Jose Tomas de Cuellar, 2000-11-16 Jos Tomas de Cuellar 1830 1894 was a Mexican writer noted for his sharp sense of humor and gift for caricature Having a Ball and Christmas Eve are two novellas written in the costumbrista style made popular in the mid nineteenth century by the periodical press in which these sketches of contemporary manners were first published The stories are a sensitive reflection of the effects of modernization brought by an authoritarian regime dedicated to order and progress Christmas Eve describes a volatile middle class in which people pursue pleasure and entertainment without regard to morality Having a Ball depicts women and their dedication to fashion It is through them that Cuellar examines a society susceptible to foreign values the importation of which radically altered the face of Mexico and its traditional customs

Spirit Possession and Trance Bettina E. Schmidt, Lucy Huskinson, 2011-11-03 Spirit possession is a phenomenon that often elicits a response of fear particular in those who are ignorant of its meaning and role within its particular religious and cultural traditions Possession by divine beings such as spirits or gods is however a key practice in religions worldwide It is therefore important to gain an understanding of this practice in its cultural context before trying to develop a wider theory about it This fascinating book contains several case studies that present new interpretations of spirit possession worldwide The authors show the diversity of possible interpretations and methodological approaches that provide a new insight into the understanding of possession and trance **From Iberia to Diaspora** Yedida K. Stillman, Norman A. Stillman, 2023-12-14

This rich interdisciplinary collection of articles offers fascinating new insights into the history and culture of Sephardic Jewry both in pre Expulsion Iberia and throughout the far flung diaspora **Spiritualism and the Foundations of C. G. Jung's**

Psychology F. X. Charet, 2015-04-17 Charet uncovers some of the reasons why Jung's psychology finds itself living between science and religion. He demonstrates that Jung's early life was influenced by the experiences, beliefs, and ideas that characterized Spiritualism and that arose out of the entangled relationship that existed between science and religion in the late nineteenth century. Spiritualism, following its inception in 1848, became a movement that claimed to be a scientific religion and whose controlling belief was that the human personality survived death and could be reached through a medium in trance. The author shows that Jung's early experiences and preoccupation with Spiritualism influenced his later ideas of the autonomy, personification, and quasi-metaphysical nature of the archetype, the central concept and one of the foundations upon which he built his psychology.

Religion, Theology, and Stranger Things, Andrew J. Byers, Adam J. Powell, 2024-11-25

Religion, Theology, and Stranger Things: Studies from the Upside Down on Evil, Ethics, Horror, and Hope brings interdisciplinary analysis to the teeming spiritual side of the hit television series. With chapters from social scientists, historians, theologians, and Biblical scholars, the volume addresses the many different theological, religious, and supernatural themes present in the fictional world of Hawkins, Indiana. From spiritualism to secularism, Mormon gender norms to monsters of abnormality, rock roll to Dungeons & Dragons, an international list of scholars come together to argue that imaginative realms like the one created by the Duffer brothers can serve to showcase and to scrutinize the common impulses and needs of our culture and ourselves. To venture into the darkness of the Upside Down is to venture into the depths of human experience. This volume explores the shadows and suggests a few paths back into the light.

Let the dead speak, Andrew Singleton, Matt Tomlinson, 2025-01-21

This book explores the historical and social dynamics of Spiritualism, a religious movement associated in the popular imagination with nineteenth-century parlour sances and ghost photography. It continues to be practised actively today in Australia, the UK, and the USA. The authors draw on their deep fieldwork, interviews, and archival research to analyse Spiritualism's resilience and the enduring popular appeal of mediumship. There are three key contributions of the book: the first is that the scholarly study of belief should be rehabilitated. The authors propose a model of belief as a dialogue between claims to truth and commitments to institutions supporting

those claims The second is women s agency in Spiritualism From the movement s beginnings strong female leaders have decisively shaped its religious and political profile The third is the need to analyse Australian Spiritualism as a distinct variant of a transnational Anglophone family of ritual practice Between Magic and Rationality Vibeke Steffen, Steffen Jöhncke, Kirsten Marie Raahauge, 2015-04-21 In *Between Magic and Reality* Vibeke Steffen Steffen Jöhncke and Kirsten Marie Raahauge bring together a diverse range of ethnographies that examine and explore the forms of reflection action and interaction that govern the ways different contemporary societies create and challenge the limits of reason The essays here visit an impressive array of settings including international scientific laboratories British spiritualist meetings Chinese villages Danish rehabilitation centers and Uzbeki homes where they encounter a diverse assortment of people whose beliefs and concerns exhibit an unusual but central contemporary dichotomy scientific reason versus spiritual paranormal belief Exploring the paradoxical way these modes of thought push against reason s boundaries they offer a deep look at the complex ways they coexist contest one another and are ultimately intertwined Vibeke Steffen is associate professor in the Department of Anthropology at the University of Copenhagen where Steffen Jöhncke is senior advisor Kirsten Marie Raahauge is associate professor in the School of Design at the Royal Danish Academy of Fine Arts in Copenhagen *Psychiatry and the Cults* John A. Saliba, 2018-09-24 Originally published in 1987 this title was compiled in response to the concern in some segments of society about the presence of new religious movements in the West in the second half of the twentieth century There are lots of psychological questions surrounding cults and the influence they have over their members These questions have been operative in the accumulation of this annotated bibliography which was intended primarily as a reference guide for psychiatrists and counsellors who advise cult members ex cult members and their bewildered parents and lawyers who use psychiatric arguments in the courts **Redefining Shamanisms** David Gordon Wilson, 2013-03-28 An analysis of the Anglo American Spiritualist movement which provides a new definition of shamanism based on a pattern of apprenticeship unique to traditional shamanisms The Darkened Room Alex Owen, 2004-04-15 A highly original study that examines the central role played by women as mediums healers and believers during the golden age of spiritualism in the late Victorian era The *Darkened Room* is more than a meditation on women mediums it s an exploration of the era s gender relations The hugely popular spiritualist movement which maintained that women were uniquely qualified to commune with spirits of the dead offered female mediums a new independence authority and potential to undermine conventional class and gender relations in the home and in society Using previously unexamined sources and an innovative approach Alex Owen invokes the Victorian world of darkened sance rooms theatrical apparitions and moving episodes of happiness lost and regained She charts the struggles between spiritualists and the medical and legal establishments over the issue of female mediumship and provides new insights into the gendered dynamics of Victorian society **Laboratories of Faith** John Warne Monroe, 2018-07-05 At a fascinating moment in French intellectual history an interest in matters occult was not equivalent to

a rejection of scientific thought participants in séances and magic rituals were seekers after experimental data as well as spiritual truth A young astronomy student wrote of his quest I am not in the presence or under the influence of any evil spirit I study Spiritism as I study mathematics He did not see himself as an ecstatic visionary but rather as a sober observer For him the darkened room of occult practice was as much laboratory as church In an evocative history of alternative religious practices in France in the second half of the nineteenth and beginning of the twentieth centuries John Warne Monroe tells the interconnected stories of three movements Mesmerism Spiritism and Occultism Adherents of these groups Monroe reveals attempted to modernize faith by providing empirical support for metaphysical concepts Instead of trusting theological speculation about the nature of the soul these believers attempted to gather tangible evidence through Mesmeric experiments séances and ceremonial magic While few French people were active Mesmerists Spiritists or Occultists large segments of the educated general public were familiar with these movements and often regarded them as fascinating expressions of the modern condition a notable contrast to the Catholicism and secular materialism that prevailed in their culture Featuring eerie spirit photographs amusing Daumier lithographs and a posthumous autograph from Voltaire as well as extensive documentary evidence *Laboratories of Faith* gives readers a sense of what being in a séance or a secret society ritual might actually have felt like and why these feelings attracted participants While they never achieved the transformation of human consciousness for which they strove these thinkers and believers nevertheless pioneered a way of being religious that has become an enduring part of the Western cultural vocabulary

The 'Crossed-Out God' in the Asia-Pacific Julian Millie, 2023-08-25 This book explores the evaluations made by religious groups and individuals about the potential of public spheres for religious practice focussing upon public religion in societies of the Asia Pacific Across this region we observe a resurgence of religious traditions increasing mediatisation of religion and an inward turn toward conservative political programs Against this background relations between religion and public domains are critical influences upon civic inclusion and equal citizenship In contrast to conventional approaches to religion and public life that focus upon the public potential of religion chapter authors focus upon the religious potential of public domains taking the perspectives of religious actors as their points of departure The book's chapters capture the dynamic nexus between religion and politics in Asia Pacific public spheres why would Indonesia's minority Shiite movement strive to develop a public profile in a national environment where it attracts widespread disapproval What constructions of religion and public space make Banaras so uncondusive to female mobility Why does the success of the social services wing of Australia's Salvation Army create anxiety for its religious wing What is at stake for followers of Australian Spiritualism when they attend spirit medium sessions How are popular Islamic preachers vulnerable to action from Indonesia's civil society organisations What do media representations of Hajj pilgrimage by Indonesia's presidents have in common with middle class representations of gender Why did Indonesia's traditionalist Muslim intellectuals draw heavily upon the ideas of Jürgen Habermas in their theorisations

of state society relations An epilogue by the Indonesian neo traditionalist intellectual Ahmad Baso the most prominent theorist of state religion relations in that country overviews the issues against the background of that country s religious and political histories

Manifesting Spirits Jack Hunter,2020-12-12 An exploration of contemporary trance and physical mediumship at a private spiritualist home circle called the Bristol Spirit Lodge Located in a garden on the outskirts of Bristol the Lodge is a wooden shed specially constructed for the purposes of mediumship development and spirit communication Through a combination of ethnographic observations in s ances including his own experiences of mediumship development and interviews with spirits and their mediums Hunter delves into a sub urban world of trance states ectoplasm spirit lights and discarnate entities Issues relating to altered states of consciousness personhood performance and the efficacy of ritual are examined in order to make sense of the processes by which spirits become manifest in social reality A large part of *Manifesting Spirits* is given over to a broader discussion of anthropology s evolving attitudes toward the paranormal as a component of the life worlds of many people across the globe and argues for the development of a non reductive anthropological approach to the paranormal and mediumship in particular This emerging framework referred to as ontological flooding does not attempt to explain away the existence of spirits in terms of functional cognitive or pathological theories as most mainstream theorists tend to do but rather embraces a processual perspective that emphasises complexity and multiple interconnected processes underlying spirit possession performances and experiences

Death, Ritual and Belief Douglas Davies,2017-11-02 *Death Ritual and Belief* now in its third edition explores many important issues related to death and dying from a religious studies perspective including anthropology and sociology Using the motif of words against death it depicts human responses to grief by surveying the many ways in which people have not let death have the last word not simply in terms of funeral rites but also in memorials graves and in ideas of ancestors souls gods reincarnation and resurrection whether in the great religious traditions of the world or in more local customs He also examines bereavement and grief experiences of the presence of dead near death experiences pet death and the symbolic death played out in religious rites Updated chapters have taken into account new research and include additional topics in this new edition notably assisted dying terrorism green burial material culture death online and the emergence of Death Studies as a distinctive field Case studies range from Anders Breivik in Norway to the Princess of Wales and to the Rapture in the USA A new perspective is also brought to his account of grief theories Providing an introduction to key authors and authorities on death beliefs bereavement grief and ritual symbolism *Death Ritual and Belief* is an authoritative guide to the perspectives of major religious and secular worldviews

[Speaking with the Dead](#) Matt Tomlinson,2024 [The Spiritualist Movement](#) Christopher M. Moreman,2013-08-27 At once controversial and intriguing Spiritualism has spread from the United States to become a global movement Bringing together perspectives from within the movement and without this unique collection treats readers to insights about Spiritualism s history belief and practice Based on the belief that the dead can communicate

with the living through mediums Spiritualism touches concepts as timelessly fascinating as human mortality and the continuing existence of the soul beyond bodily death This comprehensive work will help readers parse the mysteries of this uniquely American religion through three thematically organized volumes Spiritualism in the U S and Globally Evidence and Beliefs and Cultural and Social Issues Drawing on fields as diverse as psychology sociology religious studies anthropology history ethnic and gender studies literature and art this broad based collection frames Spiritualism through the views of a team of international scholars Among the many things that separate Spiritualism from mainstream religions is the involvement of women in central leadership roles Such cultural and political elements of the movement are one aspect of this study Of equal interest to believers and skeptics alike will be the work of scholars who have devoted themselves to examining the claim that communication through mediums proves the existence of life after death **Ghosts of Futures Past** Molly McGarry, 2012-09-30 Simpson imprint in humanities Page opposite title page
