Intimate Exile Ploughshares Fall 1994:

Ploughshares Fall 1994 Rosellen Brown, 1994-08 Impure Cinema Lúcia Nagib, Anne Jerslev, 2013-10-24 Impure Cinema goes back to Bazin's original title precisely for its defence of impurity applying it on the one hand to cinema's interbreeding with other arts and on the other to its ability to convey and promote cultural diversity In contemporary progressive film criticism ideas of purity essence and origin have been superseded by favourable approaches to hybridization transnationalism multiculturalism and cross fertilizations of all sorts Impure Cinema builds on this idea in novel and exciting ways as it draws on cinema's combination of intermedial and intercultural aspects as a means to bridge the divide between studies of aesthetics and culture Film is revealed here as the location par excellence of media encounters mutual questioning and self dissolution into post medium experiments Most importantly the book argues film's intermedial relations can only be properly understood if their cultural determinants are taken into account Scholars and students of film cinefiles and students of the arts will discover here unexpected connections across many artistic practices *Language and Linguistics in Context* Harriet Luria, Deborah M. Seymour, Trudy Smoke, 2012-12-06 Taking a sociocultural and educational approach *Language and Linguistics in Context* Readings and Applications for Teachers introduces basic linguistic concepts and current perspectives on language acquisition considers the role of linguistic change especially in English in the politics of language acknowledges the role of linguists in current policies involving language offers insights into the relationship between the structure of language systems and first and second language acquisition the study of language across culture class race gender and ethnicity and between language study and literacy and education and provides readers with a basis for understanding current educational debates about bilingual education non standard dialects English only movements literacy methodologies and generally the importance to teaching of the study of language The text is organized into three thematic units What is Language and How is It Acquired How Does Language Change and What is Literacy To achieve both breadth and depth that is to provide a big picture view of basic linguistics and at the same time make it specific enough for the beginner a selection of readings including personal language narratives is provided to both introduce and clarify linguistic concepts The readings by well known theoretical and applied linguists and researchers from various disciplines are diverse in level and range of topics and vary in level of linguistic formalism Pedagogical features This text is designed for a range of courses in English and language arts bilingualism applied linguistics and ESL courses in teacher education programs Each unit contains a substantive introduction to the topic followed by the readings Each reading concludes with Questions to Think About including one Extending Your Understanding question and a short list of Terms to Define Each unit ends with additional Extending Your Understanding and Making Connections activities that engage readers in applying what they have read to teaching and suggested projects and a bibliography of Print and Web Resources The readings and apparatus are arranged so that the material can be modified to fit many course plans and schemes of presentation To help individual instructors make

the most effective use of the text in specific classes a set of matrixes is provided suggesting configurations of readings for different types of linguistics and education classes

[No Useless Mouth](#) Rachel B. Herrmann, 2019-11-15 Rachel B Herrmann's No Useless Mouth is truly a breath of fresh air in the way it aligns food and hunger as the focal point of a new lens to reexamine the American Revolution Her careful scrutiny inclusive approach and broad synthesis all based on extensive archival research produced a monograph simultaneously rich audacious insightful lively and provocative The Journal of American History In the era of the American Revolution the rituals of diplomacy between the British Patriots and Native Americans featured gifts of food ceremonial feasts and a shared experience of hunger When diplomacy failed Native Americans could destroy food stores and cut off supply chains in order to assert authority Black colonists also stole and destroyed food to ward off hunger and carve out tenuous spaces of freedom Hunger was a means of power and a weapon of war In No Useless Mouth Rachel B Herrmann argues that Native Americans and formerly enslaved black colonists ultimately lost the battle against hunger and the larger struggle for power because white British and United States officials curtailed the abilities of men and women to fight hunger on their own terms By describing three interrelated behaviors food diplomacy virtual imperialism and virtual warfare the book shows that during this tumultuous period hunger prevention efforts offered strategies to claim power maintain communities and keep rival societies at bay Herrmann shows how Native Americans free blacks and enslaved peoples were useful mouths not mere supplicants for food without rights or power who used hunger for cooperation and violence and took steps to circumvent starvation Her wide ranging research on black Loyalists Iroquois Cherokee Creek and Western Confederacy Indians demonstrates that hunger creation and prevention were tools of diplomacy and warfare available to all people involved in the American Revolution Placing hunger at the center of these struggles foregrounds the contingency and

plurality of power in the British Atlantic during the Revolutionary Era Thanks to generous funding from Cardiff University the ebook editions of this book are available as Open Access volumes from Cornell Open [cornellpress](#) [cornell.edu](#) [cornell.open](#) and other repositories
