Copyright Office, 1975 The Past in the Present Lester Strong, 1979 Eve's Journey Nehama Aschkenasy, 2015-08-12 In Eve's Journey Nehama Aschkenasy traces the migration of several female images and feminine situations from their early appearances in Biblical writings to their incarnations in modern Hebraic literature Focusing on the evolution of early female archetypes and prototypes Aschkenasy uncovers the ancient roots of modern female characters and traces the changing cultural perceptions of women in Hebraic letters The author draws on the vast body of Hebraic literary documents to illustrate how the female character is a mirror of her times as well as being a product of her creator's imagination and conception of the woman's role in society and in fiction The historical spectrum provided by a discussion of Biblical narratives Midrashic sources documents of the Jewish mystics Hasidic tales and modern Hebrew works allows an understanding of the metamorphosis that the female figure has experienced in her literary odyssey

Sequels Thomas Aldred, 1955 **Making Waste** Sophie Gee, 2009-12-28 The obsession with waste in eighteenth century English literature Why was eighteenth century English culture so fascinated with the things its society discarded Why did Restoration and Augustan writers such as Milton Dryden Swift and Pope describe catalog and memorialize the waste matter that their social and political worlds wanted to get rid of from the theological dregs in *Paradise Lost* to the excrements in *The Lady's Dressing Room* and the corpses of *A Journal of the Plague Year* In *Making Waste* the first book about refuse and its place in Enlightenment literature and culture Sophie Gee examines the meaning of waste at the moment when the early modern world was turning modern Gee explains how English writers used contemporary theological and philosophical texts about unwanted and leftover matter to explore secular literary relationships between waste and value She finds that in the eighteenth century waste was as culturally valuable as it was practically worthless and that waste paradoxically revealed the things that the culture cherished most The surprising central insight of *Making Waste* is that the creation of value always generates waste Waste is therefore a sign though a perverse one that value and meaning have been made Even when it appears to symbolize civic economic and political failure waste is in fact restorative a sign of cultural invigoration and

imaginative abundance Challenging the conventional association of Enlightenment culture with political and social improvement and scientific and commercial progress Making Waste has important insights for cultural and intellectual history as well as literary studies New Masses ,1946 *The Journal of American Folklore* ,1947 *The Poems & Plays of Robert Browning: 1833-1844.
