## **Into Another Time Grand Canyon Reflections:**

**Picturing a Different West** Janis P. Stout, 2007 Picturing a Different West addresses Willa Cather and Mary Austin as central figures in a women's tradition of the pictured West. Both Cather and Austin moved west in their youth and spent much of their lives there. Cather lived on the Great Plains while Austin resided in California and the Southwest. Cather's travels repeatedly took her to the Southwest and she wrote three novels with Southwestern settings. Starting with the masculine tradition of Western art that was prevalent when Austin and Cather launched their careers, Janis P. Stout shows how the authors challenged and revised that tradition. Rather than a West of adventure, violence, and conquest open only to rugged and daring men, the authors envisioned a new West, not conventionally feminine, so much as an androgynous space of freedom for women and men alike. Their vision of an alternative West and their alternative ways of thinking about and portraying gender are inseparable. Placing Cather and Austin alongside contemporaries Elsie Clews Parsons, Mabel Dodge Luhan, Georgia O'Keeffe, and Laura Gilpin, Stout emphasizes the visual nature of Austin's and Cather's personal experiences of the West and Southwest, their awareness of the prevailing visual representations of the West, and the visual nature of their books about the West, with respect to both prose style and illustrations. In closing, Stout demonstrates the continuance of their tradition in illustrated western books by Leslie Marmon Silko and by Margaret Randall and Barbara Byers.

**Into Another Time** Margaret Randall, 2004 A book of poems reflects the author's lifelong love of Arizona's Grand Canyon.

**Time's Language** Margaret Randall, 2018-09-01 Time's Language contains powerful poems of witness as well as personal poems and autobiographical prose pieces that read like prose poems recounting a life of resistance, the life of a life-long literary and political revolutionary. As US Poet Laureate Juan Felipe Herrera writes: Here are Margaret Randall's decades of love, ink tears, contestation, and light; let us bow in gratitude for this truth-telling, daring, border-breaking, pioneering, long-time volume of soul fire.

**My Life in 100 Objects** Margaret Randall, 2020-09-15 Traces the remarkable life of a feminist poet through the items and images that have defined her experiences. My Life in 100 Objects is a personal reflection on the events and moments that shaped the life and work of one extraordinary woman. With a masterful poetic voice, Margaret Randall uses talismanic objects and photographs as launching points for her nonlinear narrative. Through each object, Randall uncovers another part of herself, starting in a museum in Amman, Jordan, and ending in the Latin American Studies Association in Boston. Interwoven throughout are her most precious relationships, her growth as an artist, and her brave revolutionary spirit. As Randall's adventures often coincide with important moments in history, many of her objects provide a transcontinental glimpse into social upheavals and transitions. She shares memories from her years in Cuba (1969 to 1980) and Nicaragua (1980 to 1984), as well as briefer periods in North Vietnam immediately preceding the end of the war in 1975 and Peru during the government of Velasco Alvarado. In her introduction, Randall states: objects and places have always been alive to me. Her history too is alive as much of a means to consider our own present as it is to glimpse her vibrant past. *I Never Left Home*

Margaret Randall, 2020-03-13 In 1969 poet and revolutionary Margaret Randall was forced underground when the Mexican government cracked down on all those who took part in the 1968 student movement. Needing to leave the country, she sent her four young children alone to Cuba while she scrambled to find safe passage out of Mexico. In *I Never Left Home*, Randall recounts her harrowing escape and the other extraordinary stories from her life and career. From living among New York's abstract expressionists in the mid 1950s as a young woman to working in the Nicaraguan Ministry of Culture to instill revolutionary values in the media during the Sandinista movement, the story of Randall's life reads like a Hollywood production. Along the way, she edited a bilingual literary journal in Mexico City, befriended Cuban revolutionaries, raised a family, came out as a lesbian, taught college, and wrote over 150 books. Throughout it all, Randall never wavered from her devotion to social justice. When she returned to the United States in 1984 after living in Latin America for twenty-three years, the U.S. Immigration and Naturalization Service ordered her to be deported for her subversive writing. Over the next five years and with the support of writers, entertainers, and ordinary people across the country, Randall fought to regain her citizenship, which she won in court in 1989. As much as *I Never Left Home* is Randall's story, it is also the story of the communities of artists, writers, and radicals she belonged to. Randall brings to life scores of creative and courageous people on the front lines of creating a more just world. She also weaves political and social analyses and poetry into the narrative of her life. Moving, captivating, and astonishing, *I Never Left Home* is a remarkable story of a remarkable woman. Emerson and Environmental Ethics Susan Dunston, 2018-09-15 At the core of Emerson's philosophy is his view as a naturalist that we are made of the same atoms as the world is. In counterpoint to this identity, he noted the fluid evolution and diversity of combinations and configurations of those atoms. Thus, he argued our relation and connection to the world are not occasional or recreational but everywhere and always and also reciprocal, ongoing, and creative. He declared he would be a naturalist, which for him meant being a knowledgeable lover of nature. Emerson's famous insistence on an original relation to the universe centered on morally creative engagement with the environment. It took the form of a nature literacy that has become central to contemporary environmental ethics. The essential argument of this book is that Emerson's integrated philosophy of nature, ethics, and creativity is a powerful prototype for a diverse range of contemporary environmental ethics. After describing Emerson's own environmental literacy and ethical, aesthetic, and creative practices of relating to the natural world, Dunston delineates a web of environmental ethics that connects Emerson to contemporary eco-feminism, living systems theory, Native American science, Asian philosophy, and environmental activism. **Artists in My Life** Margaret Randall, 2022-04-10 Margaret Randall reveals personal stories and profound insights about the artists who most influenced her life. *Artists in My Life* is a collection of intimate and conversational accounts of the visual artists that have impacted the renowned poet-activist Margaret Randall on her own journey as an artist. Randall writes of each relationship through multiple lenses: as makers of art, social commentators, women in a world dominated by male values, and in solitude or collaboration.

with communities and the larger artistic arena Each story offers insight into the artist s life and work and analyses the impact it had on Randall s own work and its impact on the larger art community The work strives to answer bigger questions about visual art as a whole and its lasting political influence on the world stage Randalls describes her motivations I go beneath the surface asking questions and telling stories I have wanted to answer questions such as Why is it that visual art drawing painting sculpture photography architecture grabs me and in particular instances feels as if it changes me at the molecular level How do art and memory interact How do reason and intuition come together in art Do women and men make art differently Does great art change the viewer Does it change the artist How does art travel through time Calyx ,2004

stories of schooling can elucidate difficult and unexamined problems facing teachers While professional texts tend to raise issues of power and its distribution and questions of culture and ideology often the manner of presentation is abstract and pre service teachers have difficulty making connections Yet literary film and video materials illuminate problems and suggest ideas to which teachers can actively respond This book offers teacher educators a variety of resources for articulating a critical pedagogy and suggests an alternative to the technical job training approach to teacher education by providing a unique educational curricula that illuminates issues of power ideology and culture **Reflection: Journey Through the**
