

In My Mother's Arms

Love that has no measure,
Shelter from the harms

• I could love forever
In my Mother's arms

• Ever understanding,
Sharing all her charms

• I know my safe haven
Is in my Mother's arms.

If I could say what she means to me
I'm sure it would take an eternity
She showed me how to be all that I can be
And weather all the storms.

She's always there, she's my best friend
Taught me how to stand and when to bend

• I could stay forever,
In my Mother's arms.

Her gentle caring eases my pain
Mysteries of life she can explain

Gave me wisdom to come in out of the rain
How my heart she warms.

And I'll be grateful eternally
For the life and breath she gave to me

• I will forever be in Mother's arms.

Happy Mother's Day

Flying Carrie Jones,2024-09-04 New York Times bestselling author Carrie Jones introduces sassy alien hunting cheerleader Mana in *Flying* the launch of a sparkling new YA Science Fiction series People have always treated seventeen year old Mana as someone in need of protection She s used to being coddled being an only child but it s hard to imagine anything could ever happen in her small town normal life As her mother s babying gets more stifling than ever she s looking forward to cheering at the big game and getting out of the house for a while But that night Mana s life goes haywire First the hot guy she s been crushing on at school

randomly flips out and starts spitting acid during the game Then they get into a knockdown drag out fight in the locker room during which Mana finds herself leaping around like a kangaroo on steroids As a flyer on the cheerleading squad she s always been a good jumper but this is a bit much By the time she gets home and finds her house trashed and an alien in the garage Mana starts to wonder if her mother had her reasons for being overprotective It turns out Mana s frumpy timid mom is actually an alien hunter and now she s missing taking a piece of technology with her that everyone wants their hands on both human and alien Now her supposed partner a guy that Mana has never met or heard of and who seems way too young and way too arrogant to be hunting aliens has shown up ordering Mana to come with him Now on her own for the first time Mana will have to find a way to save her mother and maybe the world and hope she s up to the challenge At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied *Children's Books in Print* R R Bowker Publishing,Bowker,1999-12 *Bowker's Guide to Characters in Fiction* ,2003 **Maye's Request** Clifford Henderson,2011-01-01 Freshly out of college and possibly in love Brianna Bell aka Bean worries that she ll never be able to have a normal relationship due to her screwy upbringing Her parents form a perfect triangle Mom Dad and her mother s lover who also happens to be her Dad s twin sister The animosity between the twins is a valley of landmines When her mom Maye is threatened with a rare and possibly fatal illness she begs Bean to help heal the rift between brother and sister Reluctantly Bean tries But the more Bean finds out about her parents complicated history the more she realizes how little she knows **Arms Wide Open** Patricia Harman,2011-04-12 The author of *The Blue Cotton Gown* recounts living free and naturally against all odds and discovering her true calling as a midwife in this deeply moving memoir In her first highly praised memoir Patricia Harman told us the stories patients brought into her exam room and her own story of struggling to help women as a nurse midwife in medical practice with her husband an OB GYN in Appalachia Now Patsy reaches back to the 1960s and 1970s recounting how she learned to deliver babies and her youthful experiments with living a fully sustainable natural life Drawing heavily on her journals *Arms Wide Open* goes back to a time of counter culture idealism that the boomer generation remembers well Patsy opens with stories of living in the wilds of Minnesota in a log cabin she and her lover build with their own hands the only running water being the nearby streams They set up beehives and give chase to a bear competing for the honey Patsy gives birth and learns to help her friends deliver as naturally as possible Weary of the cold and isolation Patsy moves to a commune in West Virginia where she becomes a self taught midwife delivering babies in cabins and homes Her stories sparkle with drama and intensity but she wants to help more women than healthy hippie homesteaders After a ten year sojourn for professional training Patsy and her husband return to Appalachia where they set up a women s health practice They deliver babies together this time in hospitals and care for a wide variety of gyn patients They live in a lakeside contemporary home though their hearts are still firmly implanted in nature The obstetrical climate is changing The Harmans family is changing The earth is changing but Patsy s arms remain wide open to life and all it offers

A lead from an old navy buddy guides him and his crew to the discovery of an Old Testament artifact. Despite a multitude of tragic events that have surrounded the relic, he refuses to acknowledge the obvious destructive power it possesses. A Treasured Threat makes use of many actual ancient and contemporary events that most readers can relate to. Full of wit, humor, and drama, A Treasured Threat will hold the reader's attention until its unexpected high impact conclusion. **Atkinson's Evening Post, and Philadelphia Saturday News**, 1919.
