Into The Assault:

The Engineer ,1988 **Armor** ,1995 The magazine of mobile warfare **With Hot Lead and Cold Steel** Arthur van der Ster,2023-10-26 A set of wargaming rules for fighting large battles set during the American Civil War From the First Bull Run to Appomattox Court House enter one of the defining conflicts of American history With shot shell and sabre guide the armies of the Blue and the Grey through this first modern war to determine the fate of a nation With Hot Lead and Cold Steel is a large scale mass battle wargame for recreating the American Civil War Designed to handle brigade and divisional level engagements while providing a balance between ease of play and period detail With Hot Lead and Cold Steel is ideal for new gamers and wargaming veterans alike It contains everything players need to raise armies and craft scenarios whether based upon historical campaigns and orders of battle or those of their own devising United States Army in WWII - Europe - Cross-Channel Attack Gordon A. Harrison,2014-08-15 Includes 4 charts 31 maps and 62 illustrations Cross Channel Attack has been planned and written as the introduction to the history of those campaigns in 1944 and 1945 which led to the destruction of the German armies in the west It provides necessary background for the study of all the campaigns in the European Theater of Operations The narrative of operations ends on 1 July 1944 with the Allies firmly established in Normandy The concluding chapters show the successful fruition of plans and preparations reaching back as far as January 1942 but the seizure of the Norman beaches and the establishment of a lodgment area are only a beginning a point of departure for the drive to the Elbe and the Baltic Although Cross Channel Attack includes discussion of certain problems of high command and logistics a more complete treatment is accorded these subjects in two volumes now under preparation in this series The Supreme Command and Logistical Support of the Armies Whether the reader approaches the book with the justified pride that he was a member or supporter of the winning team or whether he reads to learn is a matter for him to decide The victor tends to prepare to win the next war with the same means and methods with which he won the last He forgets the difficulty of reaching decisions the planning problems his faltering his unpreparedness The vanquished is wont to search far afield for new and improved methods means and equipment The accomplishments of those who fought in this period were indeed great as were the sacrifices But from the national viewpoint it would seem desirable to read this volume with the self critical eye of the vanquished as well as with the pride of the victor an approach which the thoughtful reader will not find difficult **The Boardgamer Volume 4** Bruce A. Monnin, The Boardgamer magazine was a quarterly magazine devoted primarily but not exclusively to the coverage of Avalon Hill Victory Games titles and to other aspects of the boardgaming hobby Initially The Boardgamer's publication ran concurrently with Avalon Hill's house magazine The General but instead of focusing on new releases it devoted coverage to those classic Avalon Hill games which no longer graced the pages of The General Following the cessation of The General in June 1998 The Boardgamer was the primary periodical dedicated to the titles from AH VG until its final issue in 2004 The contents of this volume consists of Home Fleet Team
