**Journey of Hope: Love, Marriage, and Overcoming Infertility at 40** Samantha Fitts, Ed.D., 2020-08-16 There are some women who don't have a desire to get married and have children. However, Samantha was not one of them. Many women in their late 30s and early 40s postpone marriage or childbearing to obtain their education, establish their careers, and become financially secure. Unfortunately, this sometimes leads to difficulties in finding Mr. Right or conceiving or both. This can be an arduous and heartbreaking time of life when it seems lifelong hopes and dreams of family may not be possible. Samantha delayed marriage until the age of 36 after she'd pursued advanced degrees and established her career, not entirely by choice since Mr. Right hadn't entered her life sooner. At times she wondered if it would ever happen. Once married, she and her husband wanted kids right away, only to suffer a miscarriage and the devastating diagnosis of infertility. In this book, Samantha shares her extraordinary journey of hope. You will discover how her faith in God and perseverance led her to the right husband and overcoming infertility to have their first baby at 40. Don't give up on your dreams; whatever they are, you still have time. Author Dr. Samantha Fitts is an educator, specialist, special education, literacy education, leadership, and adult learning professional, development presenter, and motivator. She has been in education for over twenty years. She is extremely passionate about helping others reach their professional and personal goals in life. A Journey of Hope Mary Connolly, 2024-02-12 The silence was shattered by a deep, thunderous man's voice. It sounded like it came from a place of great power. Commanding yet reassuring, it said: "This is a message from God. You are my chosen one. You are going to do something extraordinary with your life." After hearing this voice, Bridget suffered a series of life-altering events that left her unable to perform simple rote tasks, caused her to avoid all contact with everyone but her immediate family, and led to her being admitted to a psychiatric unit for two nights. Follow along to see how she embarks on her journey of healing from seeing a psychiatrist and a therapist to finding the right balance of medication needed to get her back to where she was before hearing the voice. This book explains what bipolar disorder is, outlines medications that work to combat it, describes Bridget's journey with God, and talks about how the stigma of mental illness has been somewhat alleviated, but that there is still work to be done. Bridget hopes the book brings comfort to people with mental illness and helps them feel less lonely. The book hopefully will provide peace and inspiration to others who are going along the same journey: a journey of hope.
