*Journeys Through AllCreation* James Talisman,2022-02-09 Earth and countless other worlds across the MultiVerse are in danger of disappearing from reality An ancient prophecy foretells the diabolical plans of an exceedingly intelligent and powerful being To ensure reality continues to unfold as desired the god entity will utilize the innate powers contained in the Dokkaebi of all Creation to destroy various universes that make up the MultiVerse Celestial beings most capable of stopping these plans for destruction become trapped in an alternate reality Can they escape this illusion before their fates are sealed forever Former twins from the lost continent of Atlantis will play pivotal roles in countering the threat of total annihilation for untold numbers of lives across the MultiVerse Will they be able to help save their current home worlds and the mentors who have taught them so much A beautiful and enlightened queen is enlisted in the team s quest to find an ancient artifact that could assist them in locating the Master Mage This wizard is their only real hope for defeating the former celestial leader Can this strange and unassuming being provide what is needed While the outcome cannot be fully predicted from the discovered text and images both sides prepare for an inevitable confrontation as the ancient prophecy plays out As gods and mortals face off in the battle for the future of all creation which ideals and forces will reign supreme **Beyond Marginality** Efraim Sicher,2012-02-01

In a unique study of Anglo Jewish writers in the post war period Dr Sicher traces through their works the story of the rise of the Jewish community from slum poverty to suburban affluence This period is one of crucial social change in Britain At the same time Dr Sicher raises serious questions about the modern writer s cultural and ethnic identity In this process Dr Sicher advances the thesis that under the impetus of the Holocaust the more traditional conflict between Jewish roots and assimilation has been succeeded by a reassessment of

identity and morality Dr Sicher's perspective on this particular period of literature is a highly original one and it should provoke creative reconsideration of other contexts and times as well
