precedes the analysis of the text Each work from Journey to the End of the Night to Rigadoon is considered not only with respect to its intrinsic interest but also in terms of its describing a phase in the apprenticeship of life that Celine's picaresque protagonist undergoes as he is progressively stripped of his illusions and comes to resemble the narrator more closely

Louise Staman, 2002-11-11 In the tradition of The Professor and The Madman comes a brilliant expos on the career and murder of celebrated French publisher Robert Denoel 8 page photo insert     The French Genealogy of the Beat Generation Véronique Lane, 2017-10-19 The Francophilia of the Beat circle in the New York of the mid 1940s is well known as is the importance of the Beat Hotel in the Paris of the late 1950s and early 1960s but how exactly did French literature and culture participate in the emergence of the Beat Generation French modernism did much more than inspire its first major writers it materially shaped their works as this comparative study reveals through close textual analysis of William Burroughs Allen Ginsberg and Jack Kerouac's appropriations of French literature and culture Sometimes acknowledged sometimes not their appropriations take multiple forms ranging from allusions invocations and citations to adaptations and translations and they involve a vast array of works including the poetic realist films of Carné and Cocteau the existentialist philosophy of Sartre and the poems and novels of Baudelaire Rimbaud Proust Gide Apollinaire St John Perse Artaud Celine Genet and Michaux While clarifying the extent of Burroughs Ginsberg and Kerouac's engagements with French literature and culture in depth analysis of their textual appropriations emphasises

differences in their views of literature philosophy and politics which help us understand the early Beat circle was divided from the start The book's close readings also transform our perception of Burroughs' cut up practice Kerouac's spontaneous prose and Ginsberg's poetics of open secrecy     Night Passages Elisabeth Bronfen, 2013 In the beginning was the night All light shapes language and subjective consciousness as well as the world and art depicting them emerged from this formless chaos In fantasy we seek to return to this original darkness Particularly in literature visual representations and film the night resiliently resurfaces from the margins of the knowable acting as a stage and state of mind in which exceptional perceptions discoveries and decisions play out Elisabeth Bronfen follows nocturnal spaces in which extraordinary events unfold enabling the irrational exploration of desire transformation ecstasy transgression spiritual illumination and moral choice She begins with classical myths depicting the creation of the world and moves through nocturnal scenes in Shakespeare and Milton Gothic figurations Hegel's romantic philosophy and Freud's psychoanalysis In modern times she shows how literature and film particularly film noir transmit that piece of night the modern subject carries within From Mozart's Queen of the Night to Virginia Woolf's oscillation between day and night life and death and chaos and aesthetic form Bronfen renders something visible conceivable and tellable from the dark realms of the unknown     **A Journey through the Beyond** Silvia

Zago, 2022-02-01 This volume offers the first comprehensive overview of the evolution over time of a foundational concept of the Egyptian afterlife beliefs the Duat or netherworld The Duat is a complicated multifaceted notion which was never canonized into a single version of the beyond but offered instead a variety of alternatives attempting to describe the metaphysical realms beyond the visible world and beyond life Theological speculations gave rise to a rich textual and visual repertoire which underwent a process of evolution over thousands of years during which newer ideas and images were constantly introduced Through the analysis of royal and non royal funerary texts from the late Old Kingdom to the end of the New Kingdom this book traces the development of the conceptualization of the notion of Duat outlining what it encompassed and where it was imagined to be located In addition to the translation and discussion of the most significant passages of the texts analyzed each chapter also provides an overview of the individual compositions and of the relevant theological cosmological and astronomical notions complementing the conceptual framework of which the Duat formed but a part Additionally discussions of concurrent changes in Egyptian culture society and ideology are included in order to clarify the context in which afterlife beliefs and related texts evolved An analysis of the correlation between funerary compositions and their material supports complements the study emphasizing the Egyptians' belief in a magical synergy between texts images and their contexts in the activation of a suitable effective afterlife for the recipients of the texts     *A Journey Through the Night* Dawn L. Carey, 2004     **The Killing Season** Robert Cowley, 2025-09-02 An in depth authoritative account of the fall of 1914 on the Western Front and the First Battle of Ypres a true turning point in World War I and in modern warfare by the founding editor of MHQ The Quarterly Journal of Military History A masterful and heartbreaking book If you want to know

how modern warfare began The Killing Season is for you Geoffrey C Ward co author of The Civil War The War and The Vietnam War The Marne may have saved Paris and prevented a devastating setback for the Allies but it did not spell eventual defeat for Germany Ypres did The final months of 1914 were the bloodiest interval in a famously bloody war a killing season They ended with the First Battle of Ypres a struggle in West Flanders Belgium whose importance has been too long overlooked until now Robert Cowley s fresh novelistic account of this crucial period describes how German armies in France were poised to sweep north to capture the Channel ports and knock England out of the war and were only held back by a brilliant improvisation from a cobbled together handful of desperate British French and Belgian troops In a re examination of events that have too long seemed set in stone Cowley combines a wide array of source materials with sharp portrayals both of military leaders and of the men they led We follow Albert of Belgium the world s last warrior king French General Ferdinand Foch a former professor of military science and Hendrik Geeraert an alcoholic barge keeper who pulled off Albert s literal last ditch effort Many other memorable characters emerge including Sir John French a British commander who displayed his greatest talent for maneuver in the bedroom along with both a young Adolf Hitler and Winston Churchill The vast brawl of four armies in Flanders was a turning point that irrevocably changed the nature of modern warfare In this visceral account based on thirty years of research and picking up where Barbara Tuchman s The Guns of August left off Cowley details the crucial decisions that determined the outcome of the Great War which may have been decided by a single extraordinary afternoon
