**Christ, the Way** Benjamin T. Quinn, 2022-03-16 The Son of God is the wisdom of God Augustine's love of wisdom drove him to Christ and wisdom remained central to his thought Modern biblical scholars and theologians have much to learn from one of Christianity's most prominent and prolific theologians Retrieval of Augustine can

revive and renew thinking on wisdom In Christ the Way Benjamin T Quinn recovers and evaluates Augustine s rich writing on wisdom While many have acknowledged sapientia wisdom as central in Augustine few have offered a full treatment of his definition of wisdom and how it ordered his thought Quinn remedies this need tracing the development of Augustine s thought from his earliest reflections to De Trinitate his most systematic treatment of wisdom For Augustine sapientia is the incarnate Christ who by the Spirit enlightens all God s people to see clearly live virtuously and participate in God thereby restoring his people to his image Quinn then brings Augustine into dialogue with contemporary wisdom scholarship displaying where his biblically rooted Christocentric faith first approach holds rich insights for scholars and Christians today

**A Light to the Centurions** Robert R. Beck,2019-05-23 In this book Robert Beck proposes to read Luke Acts from the perspective of its implied reader In making this reader a gentile sympathetic to Judaism like the God fearing centurions inscribed in his text Luke reverses the empire critical narrative perspectives of Mark and Matthew And yet he profoundly challenges imperial cultural values Luke launches

his double narrative with Jesus proclamation in the Nazareth synagogue In lieu of the tradition of Ezra with its safeguarding customs this programmatic announcement promises a path to the gentiles in the tradition of Third Isaiah with both its releases and its risks Luke shows a way for the outsider to enter into the traditions of Israel and not replace them This reading regards the full narrative sweep of Luke s double work It yields a fresh look at his Gospel as well as the largely neglected narrative structure of Acts
