sensations The lapse of two years may have breathed a little dullness on the pictures thus recalled but it has served also to cool and harden any glow in the statements A sort of alter egotism in the book was unavoidable and some details that may seem rather trivial and spiritless have been preserved because a travelers own impressions depend so much on those unconsidered but characteristic trifles The notes upon slavery in the volume are incidental but the extraordinary effect upon federal policy produced by fluctuation in the local market where ownership in forced labor is the principal investment imparts to observations within these new limits a peculiar interest In an appendix will be found condensed tables of such statistics as are most useful for reference About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
