Journey without End Andrew Nelson, Rob Curran, 2022-11-15 Journey

without End chronicles the years long journey of extracontinentales African and South Asian migrants moving through Latin America toward the United States Based on five years of collaborative research between a journalist and an anthropologist this book makes an engrossing sometimes surreal narrative driven critique of how state level immigration policy fails extracontinental migrants The book begins with Kidane an Eritrean migrant who has left his pregnant wife behind to make the four year trip to North America it then picks up the natural disaster riddled voyage of Roshan and Kamala Dhakal from Nepal to Ecuador and it continues to the trials of Cameroonian exile Jane Mtebe who becomes trapped in a bizarre beachside resort town on the edge of the Dari n Gap the gateway from South to Central America Journey without End follows these migrants as their fitful voyages put them in a semi permanent state of legal and existential liminality Mercurial policy creates profit opportunities that transform migration bottlenecks Quito s tourist district a Colombian beachside resort Panama s Dari n Gap and a Mexican border town into spontaneous migration oriented spaces rife with racial gender and class exploitation Throughout this struggle migrant solidarity allows for occasional glimpses of subaltern cosmopolitanism and the possibility of mobile futures

HEALING ACROSS TIME I Lorrie Leigh,2023-11-09 What are you thinking Lorrie Why would you tell on yourself to the whole world Answer Because the Holy Spirit asked me to tell my story to help others A central theme of this book is What is wrong with me I learned that what was wrong was that I had many partially split personalities that had not been evident to me or others and that repressed painful and guilty memories from my childhood and adulthood were surfacing The teachings in A Course in Miracles enabled me to face those memories My journey has been painful and a little weird but I am glad I chose to walk into the darkness rather than deny it because that choice led to healing and peace for me I pray that my story will help many others come to a place of healing and peace

A Theology of Love Richard Smoley,2019-11-05 A spirituality based on love not fear Shares key inspiring teachings from A Course in Miracles as well as Hinduism Buddhism Gnosticism and the Sefer Yetzirah the oldest known Kabbalistic text Cites philosophical wisdom from Kant Blake Jung and Gurdjieff alongside cognitive science to reveal how the world is not difficult and flawed but our fear based mind sets lead us to see it that way Offers a path to help you regenerate from the fallen state and experience God as infinite love and light In the West theology has almost always

meant Christian theology a hodgepodge of beliefs that are hard to make sense of Why for example should an all loving merciful God have gotten mad at the human race because someone ate a piece of fruit six thousand years ago And why would he send part of himself down to earth to be tortured to death These beliefs stated baldly are nonsensical Millions of people are realizing this and losing their faith The time has come to reenvision Christian theology without contradictory teachings laced with fear It is time for a theology of love and miracles Richard Smoley reframes Christian theology using logical consistent and easy to understand teachings of unconditional love and forgiveness He draws inspiration not only from the Bible but also from Hinduism Buddhism Gnosticism and from esoteric and mystical teachings such as A Course in Miracles and the Sefer Yetzirah the oldest known Kabbalistic text He explains how the fallen state of the human condition not one of sin but of oblivion leads us to experience the world as flawed and problematic not wholly evil but not wholly good Citing philosophical wisdom from Kant Blake Jung and Gurdjieff alongside cognitive science Smoley reveals how it is not the world that is flawed but the way we see the world Sharing key teachings from A Course in Miracles he shows that our fear based mind sets often filled with anxiety suffering and shame lead us to feel separated from God when in fact we are all extensions of a God of infinite love and light Offering a path to help you regenerate from the fallen state and see the real spiritual world and loving God that lies behind it the author provides ways for each of us to craft our own self consistent theology He also lays out a vision for the future of spirituality a path for present day religion to transform into something higher and more universal

The System of Antichrist Charles Upton, 2005 The System of Antichrist examines the present religious and cultural scene from the standpoint of traditional metaphysics and critiques the New Age spiritualities within their postmodern context Its many references to Rene Guenon and Frithjof Schuon also help introduce these important but little known traditionalist thinkers The book presents lore relating to the latter days of the present cycle from the vantage point of comparative religion drawing upon relevant doctrines from Buddhism Hinduism Judaism Christianity Islam Zoroastrianism and the Native American traditions It also speculates upon the social psychic and spiritual nature of that being known to Christianity Judaism and Islam as the Antichrist presenting him as both an individual and a system and warning those willing to be warned against the spiritual seduction and terror he represents and against the regime which will be and is the social expression of that seduction and that terror Finally in tracing the roots of Antichrist in the fallen nature of man the author sketches the particular quality of spirituality proper to apocalyptic times the dangers it faces the unique opportunities open to it And along the way he describes his own course from the spiritual revolution of the 1960s through the world of New Age spiritualities to the threshold of traditional esoterism and metaphysics As he says speaking of the angst that characterizes the modern world The specific medicine for the shock of despair is the deeper shock of meaning Nothing but the weight of eternity breaking through the thin brittle shell of the postmodern sky can set us on our feet
