**Beyond the Snow** Christine Rawlins, 2015-08-28 This is a much needed study of a remarkable life Elizabeth Goudge was not only a sensitive and acute artist in fiction but a profoundly insightful commentator on the processes of growing up spiritually and morally She fully deserves the kind of sympathetic and appreciative exploration provided by this book Rowan Williams 104th Archbishop of Canterbury Elizabeth Goudge once said she had done no exciting things none of the wonderful things that some people do Yet her achievement was wonderful From the stuff of her own life even the hard things like depression and nervous breakdown even the Christian faith that upheld her throughout she created best selling books that were read worldwide throughout the forty years of her career and are still being read today J K Rowling has said that her favourite childhood book was *The Little White Horse* recently filmed as *The Secret of Moonacre* *Beyond the Snow* is an appreciation of Miss Goudge's life and work that attempts to look beyond her memoirs by linking them to her books and letters and the recollections of family and friends It examines in particular her Christian faith and its illuminating influence on everything she did and was As Alan Walton said reviewing *The Joy of the Snow* there is nobody like her

**Summoning Angels** Claire Nahmad, 2012-01-01 Some think that a time will come again when angels will walk with men and that this second coming of the brotherhood between humanity and angels will be widespread and natural an accepted part of our everyday experience However angels cannot commune with men unless we raise our vibrations and consciousness In this title Claire Nahmad explains how to still the mind and summon angels to help in every life situation especially when you are in particular need She reveals the special blessings angels bring to groups family work or others how angels communicate with us guide us and interact with us and describes the multi faceted forms of angel magic as well as the summoning of angels by means of scents

flowers emblems music and chants She discusses their symbolism in dreams visions of angels throughout the ages and the importance of angelic aid and mercy in healing and revitalizing the life of the individual Happily Ever After? Niamh Baker, 1989-10-20 This work looks at the body of women's fiction written in postwar Britain up to 1960 It examines the myth of the fairy tale ending and what changes the postwar period has wrought in subverting stereotypes Fire and Snow Marc DiPaolo, 2018-08-01 A broad examination of climate fantasy and science fiction from The Lord of the Rings and the Narnia series to The Handmaid's Tale and Game of Thrones Fellow Inklings J R R Tolkien and C S Lewis may have belonged to different branches of Christianity but they both made use of a faith based environmentalist ethic to counter the mid twentieth century's triple threats of fascism utilitarianism and industrial capitalism In Fire and Snow Marc DiPaolo explores how the apocalyptic fantasy tropes and Christian environmental ethics of the Middle earth and Narnia sagas have been adapted by a variety of recent writers and filmmakers of climate fiction a growing literary and cinematic genre that grapples with the real world concerns of climate change endless wars and fascism as well as the role religion plays in easing or escalating these apocalyptic level crises Among the many other well known climate fiction narratives examined in these pages are Game of Thrones The Hunger Games The Handmaid's Tale Mad Max and Doctor Who Although the authors of these works stake out ideological territory that differs from Tolkien's and Lewis's DiPaolo argues that they nevertheless mirror their predecessors ecological concerns The Christians Jews atheists and agnostics who penned these works agree that we all need to put aside our cultural differences and transcend our personal socioeconomic circumstances to work together to save the environment Taken together these works of climate fiction model various ways in which a deep ecological solidarity might be achieved across a broad ideological and cultural spectrum This book is remarkably diverse in its literary cinematic journalistic and graphics media sources and the writing is equally authoritative in all these domains DiPaolo's prose moves deftly from a work of fiction to its film avatar to the political and societal realities they address and back again into other cultural manifestations and then into and out of the deep theory of climate fiction literary scholarship ecofeminism religious tradition and authorial biographies It contributes considerably to all of these fields and is indispensable for climate and environmental literature classes It's also a must have for general readers of the genre Jonathan Evans coauthor of Ents Elves and Eriador The Environmental Vision of J R R Tolkien I like it No I love it This book is both broad and deep and yet it remains both very readable and constantly interesting It's the sort of book that can only be written by someone who is a good reader of both books and culture As I was reading it I thought this is like being at a party and meeting someone brilliant and fun and finding that I'm enjoying that person's company so much that I don't notice the time flying by It's not often that a scholarly book does that to me David O Hara Augustana University **World Authors, 1900-1950**, 1996 Provides almost 2700 articles on twentieth century authors from all over the world who wrote in English or whose works are available in English translation Books and Bookmen, 1974 Daughters of Sarah, 1987 Biography and Family Record of Lorenzo Snow Eliza Roxey

*Anarchist Seeds beneath the Snow* David Goodway,2011-12-12 From William Morris to Oscar Wilde to George Orwell left libertarian thought has long been an important but neglected part of British cultural and political history In *Anarchist Seeds beneath the Snow* David Goodway seeks to recover and revitalize that indigenous anarchist tradition This book succeeds as simultaneously a cultural history of left libertarian thought in Britain and a demonstration of the applicability of that history to current politics Goodway argues that a recovered anarchist tradition could and should be a touchstone for contemporary political radicals Moving seamlessly from Aldous Huxley and Colin Ward to the war in Iraq this challenging volume will energize leftist movements throughout the world
